Since 1970

*April 1, 2017*

*To our valued customers and friends,*

*We have experienced tremendous price increases on nearly everything since our last increase nearly four years ago. Also we have added many new items that you may not be aware of that are now available. Even though we send out updates throughout the year, they may not reach the right person who needs to know.*

*We have held the existing price on a lot of things but some things need to be increased, we have no choice! Our license agreements with GM, Ford, Mopar and Shelby have increased as well. Our agreements are only good for 2 years at a time so we never know what to expect.*

*We continue to offer quality items at the best price, combined with prompt shipping and service, It is hard to keep everything in stock when we have over 5,000 titles. Most of our back orders are only for a short while. We try hard to accommodate your needs and avoid back orders.*

*Thank you for your friendship and support all these years!*

*Sincerely,*

Dave and Colin Graham, Owners  
Juan Zapoteco, Warehouse Manager

**This catalog is for Ford cars, trucks and parts only. We also have a catalog exclusively for GM cars, trucks and parts as well as a catalog exclusively for Mopar cars, trucks and parts. We also offer a picture catalog with a small picture of our inventory of over 4,500 pictures.**

**Feel free to request any of these catalogs if they are of interest to you.**

## IMPORTANT DEALER INFO

We are wholesale only and do not compete with our dealers. The prices in this catalog is your cost wholesale, and does not include shipping. Please follow the suggested retail prices, or more, as this allows you to make a good profit and is fair to your customers and other dealers. New dealer, first initial order is \$200.00 minimum, \$50.00 minimum there after.

We ship via U.P.S. so be sure to include a street address as a box number is not sufficient, also please include a daytime phone number.

We prefer a written order with a check or a fax order charged to your credit card. If you prefer to send your order C.O.D. there will be a \$11.00, or whatever is current, C.O.D. charge added to your order. Please try and avoid a verbal phone order but we understand these are sometimes necessary when you need items for a particular date. Just remember, we can get your order out faster if you fax or email it to us and ship it out C.O.D. or put it on your credit card. Many of our customers have their credit cards on file so we can easily send the order out quickly.

**We do not extend credit to anyone or put you on account, use your credit card for that purpose if needed. No Exceptions!**

If you are located in the state of California you must provide us with a resale card or pay the state sales tax of 8.75% (or current rate) with your order.

We ship U.P.S. and charge 20% of your order or the actual cost of shipping, whichever is less (minimum shipping \$8.00). We offer discounted shipping rates on orders weighing over 200 lbs. Send in the 20% for your order and if it is less we will give you additional items or a check as a refund.

Please do not ask us to drop ship your orders to others. The cost of packaging, additional paperwork, and labor increases our costs. If you must drop ship an order, we charge an additional \$8.00 fee for that service for each shipment plus the shipping charge.

We will accept company checks and personal checks as long as we do not experience any difficulty with your checks. After a problem with a check, we require a Cashiers Check, Credit Card or Money Order only. No exceptions! We reserve the right to terminate your dealer status for any reason we see fit.

There is a 15% restocking charge on any returned items. They must be clean and in new condition as you received them, otherwise they will not be accepted. Call us before returned items are sent.

All claims or shortages must be made within 5 working days of receiving your order. All merchandise returned for credit or exchange must be returned within 15 working days of the purchased date. This is important!

If you are placing an order or checking on an order please call the warehouse number, (800) 822-1373, between 9:00am and 3:00pm California time. We are closed on Saturday and Sunday.

Prices are subject to change without notice. Retail prices are suggested prices only, many dealers charge more. Dave Graham reserves the right to terminate any transaction with or without cause.

We have a license agreement with General Motors, Ford, Mopar, and Shelby. We try our very best to conform to their wishes. I strongly suggest to anyone that plans to reproduce any item that you obtain their permission and their blessing, and pay all fees. Do not ask us to do anything that would harm that relationship.

Everything in this catalog is a quality item backed by a 100% satisfaction guarantee - simply return for a prompt refund if the product is not what you expect.

We always appreciate your ideas and suggestions.

Thank you,  
Dave Graham

# Ford Pickup Truck Tailgate Painting Masks

## Fits 1935-50 Tailgate Lettering

### Ford Pickup "Original" Tailgate Painting Mask

Painting mask for Ford Pickup "Original" Tailgate. (V-8 is not needed on some models).  
Fits 1935 thru 1950 Tailgate Lettering

There is a slight difference in the embossed script between an original and reproduction tailgate.  
Be sure and use the correct painting mask for your truck.

- Clean application areas to remove all dirt, wax, grease and fingerprints.
- Remove the center of the "F" and place in position. Also remove the centers of the V-8 (3 of) and place in position.
- Carefully peel off the backing and place in position, being careful to burnish down all the edges.
- A fine mist of water on both surfaces will allow you to move the mask around to get the correct position, but it will need some time to dry before painting. A small amount of dish washer liquid added to the water is recommended.
- Several coats of a fine mist of paint will produce a cleaner logo. Avoid a thick or heavy application of paint.
- Masks should only be used one time.
