"Porta-Brace cases go beyond these extremes, holding up quite well in the most unusual situations." -EV

DESCRIPTION

BACKPACK Extreme PACKAGE includes all four (4) modular components for the main compartment. (lap-top, 2 pocket, tripod, and belt modules) The main compartment (padded with hollow core plastic frame construction) can be oriented either vertically or horizontally, to best fit the camera equipment that you own and the divider planks (<http://portabrace.com/DK.php>) keep things neatly organized. A large soft (camera) bag is included, too. The Harness/Belt support (AH-3MEM series) is extra comfortable with the feel of memory foam.
