DRAFT

USER OPERATION INSTRUCTION

□NISSAN VEHICLE IMMOBILIZER SYSTEM

Your vehicle has security system, Nissan Vehicle Immobilizer System.

The security condition will be shown by the security indicator light.

The Nissan Vehicle Immobilizer System will not allow the engine to start without the use of the registered Nissan Vehicle Immobilizer System key.

□NISSAN VEHICLE IMMOBILIZER SYSTEM KEYS

You can only drive your vehicle using the FOBs which are registered to the Nissan Vehicle Immobilizer System components in your vehicle. These FOBs have a transponder chip inside.

Never leave these keys in the vehicle.

FCC Notice:

This device complies with Part 15 of the FCC Rules and with RSS-210 of industry Canada.

Operation is subject to the following two condition: (1) The device may not cause harmful interference, and (2) the device must accept any interference received, including interference that may cause undesired operation.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
