Audio source:	iPhone ,iPad ,Smartphone, PC, Laptop etc.
Size:	22.8x10.8mm

Operating range up to ten meters.

1. Introduction ---

Thank you for purchasing our ANC Bluetooth In-ear headphone: HE8. This device can be easily connected with smartphone, tablet PC and other devices via bluetooth during your traveling and daily usage. It will bring you an easy lifestyle.

2. Battery Precaution ---

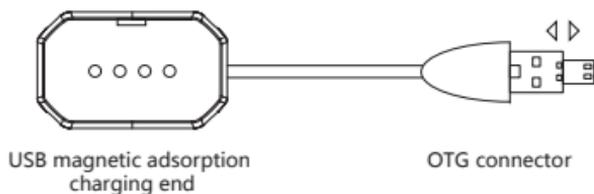

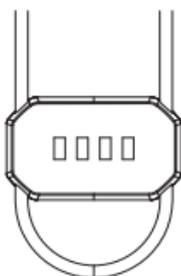

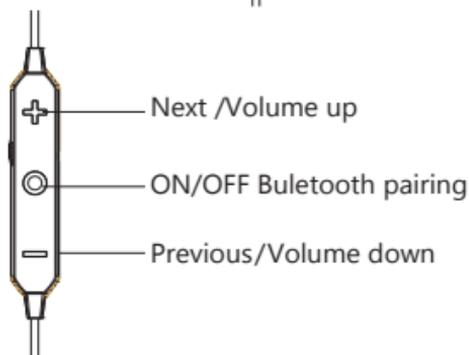

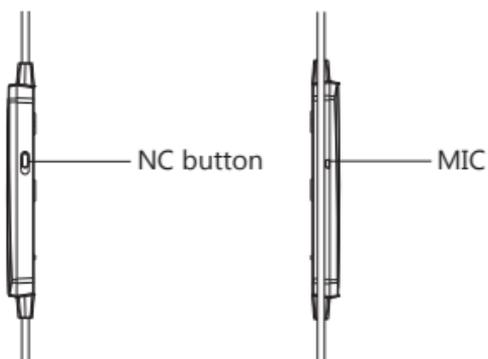

The device can be powered by a built-in rechargeable lithium battery. Please charge the battery for at least 8 hours before your first use of device.

If the device is not used for a long period of time, the battery may be out of power. Please charge the battery.

- Rechargeable battery is only to be charged under adult supervision.
- Use only the supplied cable to recharge the battery. Improper charging may damage the battery and the device.
- Do not attempt to open the rechargeable battery or battery pack. There are no serviceable parts inside.
- Should a battery leak, the device may become damaged. Clean the battery compartment immediately, avoiding touching your skin.
- Keep the battery out of reach from children. If swallowed, consult a physician immediately.
- Do not dispose battery in a fire as it may explode. Battery may also explode if damaged. Please dispose it according to local regulation. Do not dispose it as household waste.

3. Getting Started

General controls

4. Bluetooth Connection ---

Pairing earphone to your device (device should be within 10 meters of your earphone)

1. Activate pairing mode on earphone by long pressing “Ⓞ”

The LED will flash quickly in blue.

2. On your device, navigate to the Bluetooth function (refer to the device owner’s manual to locate Bluetooth function).

3. Select “Set Up” Bluetooth or turn “ON” Bluetooth.

4. Select “Search” or “Discover” devices.

5. Select “HE8”.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) this device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.
