### BLUETOOTH MUSIC ADAPTER

#### FEATURES

- Easy To Operate:** Simply connect your speaker with the Bluetooth Adapter and use Bluetooth for playback instead of Wi-Fi.
- Wireless Playback:** Removing the hassle of wired connection, enjoy music wirelessly and in high quality even when out of Wi-Fi range.
- Portable Design:** minimal footprint, the Bluetooth Adapter is small, discrete, and can be powered by most USB ports.

#### OPERATIONION

##### BT-163

##### Step one:

Connect the device with Speaker's USB port directly, then connect the Speaker's AUX port with the audio cable.

##### Step two:

Turn on your device's Bluetooth and select "BT-163" to connect.

If your device requests entering a password, enter "0000"

After the device is paired, the indicator light will blink slowly.

#### FCC STATEMENT

1. This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
  - (2) This device must accept any interference received, including interference that may cause undesired operation.
2. Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

**NOTE:** This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

#### RF warning statement:

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.
