

PRODUCT UPDATE – JUNE 26, 2014

New Handheld Presentation Mount for HS-21 and HS-41X Readers

Microscan has added a new mounting option to our line of handheld reader accessories. The mount is the same as that of the HS-21/HS-41X presentation stand, but without the base. This facilitates custom mounting in virtually any workspace. The mount accommodates a user-provided ¼"-20 thread screw at the length required by the application.

See below for Microscan's complete handheld reader stands. Contact your Microscan regional sales manager if you need additional information.

Part Number	Description	USD	EURO
98-9000026-01	Kit, Presentation Mount without Stand, HS-21/41X	\$35	€29
