

MICROSCAN®

Product Line: NERLITE®

Addition: NERLITE® HI-BRITE Series

The new HI-BRITE Series provides best-in-class intense LED illumination. The industrial design includes IP67 sealing for protection against dust, fibers, and immersion in liquid, and a built-in feature-rich controller. HI-BRITE lights are ideal for providing illumination over large areas in applications such as package sorting, food processing and packaging, automotive/aerospace assembly, or any large surface inspection.

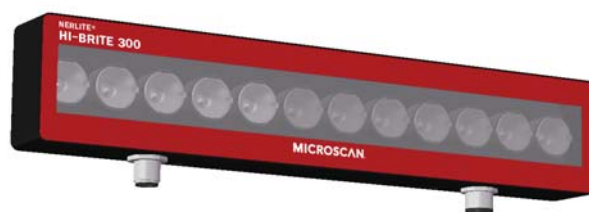

- Available in two colors and three sizes
- Strongest, brightest LEDs in its class
- Built-in controller with continuous and strobe mode
- Industrial IP67 enclosure and M12 connectors
- Versatile 10° spot and 50° flood lens options
