

Scanner Mounting
Screws (4)

Wiring Box

MS-890
Scanner

- Turn off power, then plug in the flex strip to scanner as shown below.

- Apply power to the wiring box and confirm that the LED lamp is green if polarity is correct, red if reversed. LED lamp next to the right side power terminal is green.

- Then, tighten four (4) retaining screws to secure scanner to wiring box.
- Set the scanner squarely on wiring box, as shown below.
- Mount the IB-890 Wiring Box.
- Remove the Wiring Box Plug, and connect the wiring as required.
- Secure scanner to wiring box.
