Export controls  
This device may contain commodities, technology or software subject to export laws and regulations from the US and other countries. Diversion contrary to law is prohibited.

**For your safety**

Read these simple guidelines. Not following them may be dangerous or illegal.

This product may contain small parts. Keep them out of the reach of small children.

**SWITCH ON SAFELY**  
Do not switch the device on when wireless phone use is prohibited or when it may cause interference or danger.

**ROAD SAFETY COMES FIRST**  
Obey all local laws. Always keep your hands free to operate the vehicle while driving. Your first consideration while driving should be road safety.

**INTERFERENCE**  
All wireless devices may be susceptible to interference, which could affect performance.

**ENGLISH**

**SWITCH OFF IN RESTRICTED AREAS**

Follow any restrictions. Switch the device off near fuel, chemicals, or blasting areas.

**QUALIFIED SERVICE**

Only qualified personnel may install or repair this product.

**ENHANCEMENTS**

Use only approved enhancements. Do not connect incompatible products.

**Introduction**

This quick user guide describes the basic features of the car kit.

Read carefully the complete user and installation guide on the CD that is supplied with the car kit. It contains, for example, troubleshooting tips and important safety and maintenance information.

Have the car kit installed by a qualified service technician. To use the car kit, you must pair and connect it with your compatible device using Bluetooth wireless technology. See

the user and installation guide for details.

**Read the user and installation guide**

To view the user and installation guide, you need a PC that has the Windows XP or Vista operating system and a compatible CD or DVD drive. You also need to have the Adobe Reader application on the PC.

Place the CD in the drive on your PC. Wait until the installation program starts automatically (if the CD-ROM

ENGLISH

autorun feature is enabled in Windows). Select your language and the user and installation guide.

### Get started

#### Input device

You can operate the car kit using the input device CU-11 shown at the start of this guide. The device is provided with the Navi™ wheel that you can turn or press.

Turn the wheel to adjust the volume when you are using the mobile phone or music device connected to the car kit.

Press the wheel for other tasks, for example, to handle calls.

#### Switch on

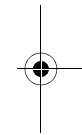

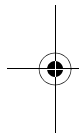

If the ignition sense wire is connected, turn on the car ignition.

If the ignition sense wire is not connected, press and hold the Navi wheel for about 2 seconds. Alternatively, turn on the ignition, start driving, and wait until the built-in motion sensor switches the car kit on automatically.

#### Switch off

If the ignition sense wire is connected, turn off the car ignition.

If the ignition sense wire is not connected and you are not using your phone connected to the car kit for calling, close the Bluetooth connection to your phone and music device.

**ENGLISH**

After you turn off the car ignition, do not leave your mobile phone or music device connected to the car kit to prevent accidental draining of the car battery.

**Operation**

**Calls**

To make a call, use your mobile phone in the normal way when the car kit is connected to it.

To redial the number you last called (if your phone supports this feature with the car kit), press the Navi wheel twice when no call is in progress.

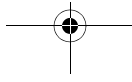

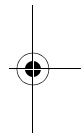

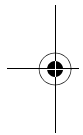

To activate voice dialling (if your phone supports this feature with the car kit), press and hold the Navi wheel for about 2 seconds when no call is in progress, and proceed as described in the user guide of your phone.

To answer or end a call, press the Navi wheel. To reject a call, press and hold the Navi wheel for about 2 seconds.

To switch an active call between the car kit and your compatible phone, press and hold the Navi wheel for about 2 seconds.

**Adjust volume**

To adjust the volume when you use the mobile phone or music device connected to the car kit, turn the Navi wheel to left or right.
