

**CAMVP-1080**  
**User's Manual**

## **Foreword**

---

Thank you for purchasing this WiFi video camera. It has an elegant appearance, many functions and can be used for wide-angle shooting. Prior to use, please read this user's manual carefully so as to show its performance and extend its service life to maximum. We hope that this product can meet your needs and accompany you at your side all the time.

## **Overview of the product**

---

- ◆ It is compact in size and convenient for installation;
- ◆ A high performance chip is used to ensure that you can obtain high definition videos and highly continuous dynamic pictures, and record videos at low luminance, and H.264 video format is supported;
- ◆ Support FHD(1920x1080 60FPS) video recording;
- ◆ Support high-speed USB2.0;
- ◆ Support Min SD card of max. 32G;
- ◆ Support video output, live replay and output to HDTV to play HD pictures.
- ◆ PIV -- Picture capture in video recording

## System Requirements

---

System Requirements		
Operating System	PCCAM	Microsoft Window XP(SP3), Vista, 7, 8 <b>Mac OS X ver: 10.8.0</b> or above version
	MSDC	Microsoft Window 2000, XP, Vista, 7, 8 <b>Mac OS X ver: 10.0.0</b> or above version
CPU		Intel Pentium of more than 1GB Hz or other CPU with equivalent performance
Internal Memory		Larger than 1GB
Sound Card and Display Card		The sound card and video card shall support DirectX8 or higher version.
CD Driver		Speed of 4 times or faster
Hard Disk		Free space of more than 2GB
Others		One standard USB1.1 or USB2.0 port

## **Introduction to appearance and keys**

---

## Start using

---

### 1. Charge the built-in lithium battery

Connect the camera to the computer for charging, at this time, the charging indicator will be in red, and it will be off after charging. Generally, it takes 2-4 hours to charge the battery.

**Label Statement:**

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

**FCC Statement**

changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

**IC Notice:**

This device complies with Canada Industry licence-exempt RSS standard(s). Operation is subject to the following two conditions:

- (1) this device may not cause interference; and
- (2) this device must accept any interference. Including interference that may cause undesired operation of the device.

**Avis d'Industrie Canada**

Le présent appareil est conforme aux CNR d'industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes:

- 1) l'appareil ne doit pas produire de brouillage; et
- 2) l'utilisateur de l'appareil doit accepter le brouillage radioélectrique subi même si le brouillage est susceptible d'entraîner un mauvais fonctionnement de l'appareil.
