Browse and download thousands of the coolest apps on the planet from Android Market™. See “Apps for all” on page 44.

Your phone comes with a microSD memory card slot—you can load it up with photos, videos, and music from your computer using “USB drag & drop” on page 49.

Touchscreen & keys

a few essentials

Touchscreen on/off

Your touchscreen is on when you need it and off when you don't.

- To make your touchscreen sleep or wake up, just press Screen Lock .
- When you hold the phone to your ear during calls, your touchscreen sleeps to prevent accidental touches.
- To let the touchscreen adjust brightness automatically, touch Menu  > **Settings** > **Sound & display** > **Brightness** and check **Automatic brightness**.

Note: Your touchscreen might stay dark if the sensor just above it is covered. Don't use covers or screen protectors (even clear ones) that cover this sensor. To find Motorola accessories for your phone, visit www.motorola.com/products.

Touch tips

Touch

To choose an icon or option, *touch* it. Try it: In the home screen, touch

 **Contacts**.

Touch & hold

To open special options, *touch and hold* an icon or other item. Try it: In the home screen, touch

 **Contacts**, then touch and hold a contact to open options.

Drag

To scroll through a list or move slowly, *drag* up or down the touchscreen. Try it: In the home screen, touch

Contacts, then drag your **Contacts** list up or down.

Tip: When you drag or flick a list, a *scroll bar* appears on the right. Drag the scroll bar to move the list to a letter A - Z.

Flick

To scroll through a list or move quickly, *flick* across the touchscreen (drag quickly and release).

Tip: When you flick a long list, touch the screen to stop it from scrolling.

My Sign

Draw on your screen to get to your favorite apps. To open **My Sign**, touch  >  **My Sign**.

Draw the sign for the action you want. For example, draw an upsidedown "V" to go to airplane mode.

To see which actions are already assigned to gestures, press Menu  > **List Gestures**. You'll also see several gestures that are unassigned.

To assign an action to a gesture, press Menu  > **List Gestures**, touch an unassigned gesture, then touch an app from the list.

To create a new gesture, press Menu  > **Add Gesture**, select an action from the list, and draw a gesture to assign to the action.

Zoom

Get a closer look at maps or pictures. To zoom in, *double-touch* the screen. To zoom out, *double-touch* the screen again.

Tip: For maps you can also touch  to zoom in, or  to zoom out.

You can also zoom in or out by pinching your fingers together or moving them apart on the screen.

Key tips

Front keys

- Home  – Press to return to the home screen. Press and hold to see recently used apps.
- Menu  – Open options.
- Talk  – Press to start a call.

- End/Power  – Press to end a call or press and hold to open the power key menu, where you can turn off the phone (**Power off**), or turn **Airplane mode** or **Silent mode** on or off.
- Back  – Return to the previous screen.

Sleep & wake up

To save your battery, prevent accidental touches, or when you want to wipe smudges off your touchscreen, put the touchscreen to sleep by pressing Screen Lock . To wake up the touchscreen, just press Screen Lock  again.

To change how long your phone waits before the screen goes to sleep automatically, touch  > **Settings** > **Sound & display** > **Screen timeout**.

Tip: To make the screen lock when it goes to sleep, use “Screen lock” on page 55.

Adjust volume

Press the volume keys to change the ring volume (in the home screen), or the earpiece volume (during a call).

Spin the screen

The touchscreen can rotate to stay right-side up when you turn your phone:

Find it:  >  **Settings** > **Sound & display** > **Orientation**

Note: Not all applications are designed to rotate.

DRAFT - MOTOROLA CONFIDENTIAL
& PROPRIETARY INFORMATION

Home screen

quick access to the things you need most

Quick start: Home screen

The *home screen* gives you all your latest information in one place. It's what you see when you turn on the phone or press Home . It's basically like this:

Note: Your home screen might look a little different.

The home screen extends beyond what you see on the screen to give you more room for adding shortcuts, widgets, and more. Flick the home screen left and right to see more panels or to add widgets or shortcuts.

SCREEN NOT YET AVAILABLE

Use & change your home screen

On your home screen, *shortcuts* are icons that open your favorite apps, web bookmarks, contacts, email, or music. *Widgets* show you news, weather, messages, and other updates.

- To **open** something, touch it. Touch Home  to return to the home screen.

Tip: When you open a widget, touch Menu  to show options (you can choose accounts for **Messages** or **Calendar** widgets).

- To **add** something or change your wallpaper, touch and hold an empty spot until you see the **Add to Home screen** menu.
- To **move** or **delete** something, touch and hold it until you feel a vibration, then drag it to another spot, another panel, or the trash  at the bottom of the screen.

Search

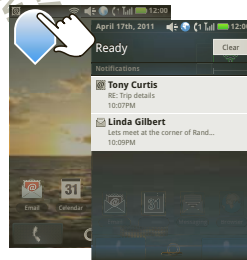

To search, press Menu  > **Search**, and touch the text field to bring up the keypad.

Type, then touch the icon for a text search.

Notifications & phone status

At the top of the screen, icons on the left notify you about new messages or events (notifications). Icons on the right tell you about phone status. Flick the bar down to show notification details.

	Bluetooth™ active		network (full signal)
	GPS active		call alert
	Wi-Fi active		private call
	downloading		line 1 active
	vibrate		line 2 active
	silent		flight mode
	data active		battery (charging)
	speakerphone active		battery (full charge)
	data sync		text message

Tip: To see today's date, touch and hold the status bar at the top of the screen.

Notification light

Your phone has a light that blinks whenever you receive voicemail, email, text message, have an appointment, or your battery is low.

App menu

You can find all of your apps in one place. From the home screen, touch the app tab,  to open the app menu.

To close the app menu, press Home  or Back .

Emergency numbers vary by country. Your pre-programmed emergency numbers) may not work in all locations, and sometimes an emergency

call cannot be placed due to network, environmental, or interference issues.

- 1 Touch  **Dialer**. If your phone is locked, touch **Emergency Call** on the unlock screen.
- 2 Enter the emergency number.
- 3 Press Talk  to call the emergency number.

Note: Your mobile device can use AGPS satellite signals to help emergency services find you (see “GPS & AGPS” on page 64).

Cool down

In very limited circumstances, such as where your phone has been exposed to extreme heat, “Cool Down” message screens will appear. To avoid possible damage to your battery and phone, you should follow these instructions until the phone is within its recommended temperature range. When your phone is in “Cool Down” mode, only emergency calls can be made.

Dual-microphone noise cancellation

Improve call quality by removing the ambient noise around you to provide a cleaner, clearer sound to the person you’re calling.

Note: **Noise cancellation** is on by default.

To turn off **Noise cancellation**, touch  >

 **Settings** > **Call settings** > **Noise cancellation**.

Push-to-Talk

one or more, talk to them all

Private calls

Private calls are push-to-talk calls between two people.

Make and answer private calls

To **make** a private call:

- Touch **Dialer**, and enter the recipient's PTT number.

Tip: The first contact in **Contacts** contains your PTT number.

- Touch **Contacts**, and select a contact that has a PTT number.

To **talk**, press and hold the PTT Button. To **listen**, release the PTT Button.

To **answer** a private call, press the PTT Button after the caller has stopped talking.

To **end** a private call, press End/Power  or do nothing. The call will end after a few seconds.

PTT timeout

You can extend the automatic timeout of a PTT call by about 30.

Find it:  >  **Settings** > **Call settings** > **Push to Talk settings** > **Resume PTT**

One touch PTT

You can customize the PTT Button for quick access to push-to-talk functions.

Find it:  >  **Settings** > **Call settings** > **Push to Talk settings** > **One Touch PTT**

options	
Off	Turn off One Touch PTT .
Launch PTT Contacts List	Open a list of push-to-talk contacts on your phone.
PTT a selected contact	Start a private call with the selected contact.
PTT the most recent number	Start a push-to-talk call with the most recent PTT number in the Call log .

Tip: To add a quick switch for **One Touch PTT**, touch and hold a blank spot on your home screen, then touch **Motorola widgets** > **One Touch PTT**.

Call alerts

Use call alerts to tell someone you want to speak to them.

To **send** a call alert:

- Touch  **Dialer**, enter a PTT ID, and press Menu  > **Send Alert**. When prompted, press the PTT Button.
- Touch  **Contacts**, and select a contact containing a PTT ID. Touch **Send Alert**, and press the PTT Button when prompted.

When you **receive** a call alert, you can:

- **Answer:** Push the PTT Button to begin a private call with the sender.
- **Later:** Store the call alert to **Notifications**.
- **Dismiss:** Dismiss the call alert.

Note: Call alerts are moved to **Notifications** after a few minutes of inactivity. You won't be able to make phone calls or private calls until the call alert is moved, or you've chosen an option.

Push to send

During a private call, you can send contacts, photos, events, or your contact info.

Find it: Touch **Share** > **Share contact**, **Share picture**, **Share event**, or **Share my info**

[Switch from a private call to a phone call](#)

For longer calls, you can switch from a private call to a phone call if the private call recipient has a phone number stored in **Contacts**.

During a private call, Touch **Call**.

Unanswered calls

If you receive an error when making a private call, or press End/Power  to end an incoming or outgoing private call before it's answered, you can send an automatic text message to the other caller.

Find it:  > **Settings** > **Call settings** > **Auto Text reply** > **Incoming call** or **Outgoing call**

Group calls

Need to talk to more than one person at a time? With group calls you can talk to up to 20 people at a time.

Note: To store groups on your phone you need a group-call-capable SIM card. Contact your service provider for more information.

To **create** a group, touch  **Contacts** > Menu  > **New Group**, and select the group members. Touch **Save(Selected)** to save it in your contacts.

Note: If you don't enter a name for the group, it will be stored as "**Group**".

To **make** a group call, touch  **Contacts**, select the group you wish to call and press the PTT Button.

Talkgroups

Have a larger audience than 20 people? Talkgroups are the solution.

Note: Availability of Talkgroups, and the maximum number of Talkgroup members, is dependent on your service provider. Contact your service provider to establish a Talkgroup.

Join a Talkgroup

Before you can make a Talkgroup call, you'll need to join the Talkgroup.

- 1 Touch  **Contacts**, and press Menu  > **Enter Talkgroup**. Name the Talkgroup and enter the Talkgroup number. Press Menu  > **Done**.
- 2 Select the Talkgroup in your contacts.
- 3 Touch **Join**.

Make a Talkgroup call

- Touch  **Dialer**, enter the Talkgroup number and press the PTT Button.

Tip: Talkgroup numbers begin with a #. For example #155.

- Touch  **Contacts**, select the Talkgroup and touch **Push to Talk** (or press the PTT Button).

Set push-to-talk speaker

You can listen to push-to-talk calls through your phone's speaker or earpiece. Press Speaker  to turn the speaker on or off.

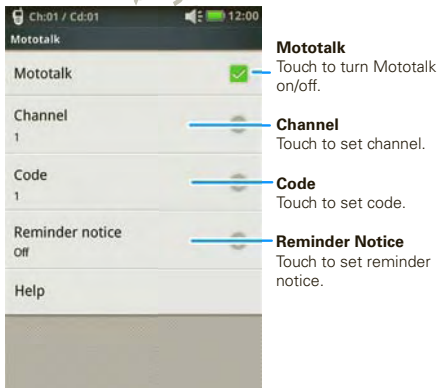

MOTotalk™

Note: This feature may not be offered by your service provider.

MOTotalk allows for off-network calls between MOTotalk enabled phones.

Find it: Touch  >  **Mototalk**

Tip: The status bar shows your channel and code.

Note: Range will vary based on terrain, man-made structures and atmospheric conditions.

Tip: To add a quick switch for MOTotalk, touch and hold a blank spot on your home screen, then touch **Motorola widgets > Mototalk**.

These features and main menu items aren't available while in MOTotalk:

- On-network phone or PTT calls
- Data transmission
- Incoming message notification
- Datebook
- Call forwarding
- Call alerts

Talk range

While in MOTotalk mode, phones should be a minimum of 6 feet apart.

Standard MOTotalk calls

Note: When making a standard MOTotalk call, everyone on your channel and code can hear your conversation.

To make a standard MOTotalk call to everyone on your channel and code, press the PTT Button.

Release the button to listen for a reply.

If you receive an error message, it may mean:

- No one is on your channel or code.
- You're out of range.

Note: A MOTotalk call can be ended at any time by pressing End/Power .

Receive all MOTotalk calls

You can set your phone to receive all calls on a channel.

Find it: Touch  >  **Mototalk** > **Code** > **Receive All**

Note: You cannot initiate a code call when the code is set to **Receive All**.

Private MOTotalk calls

To have a private conversation without other people listening in, you can make a private MOTotalk call.

Find it: Touch  >  **Mototalk** > **Code** > **Private Only**

Note: The person you're calling must be in MOTotalk and on the same channel to receive your call.

To make a private MOTotalk call:

- 1 Enter the phone number of the person you want to call, or scroll to a number or name in **Contacts** or **Call log**.

2 Press and hold the PTT Button to talk.

3 Release the PTT Button to listen.

If you receive an error message:

- The PTN you entered is invalid.
- The person you're trying to call is in network mode.
- The person you're trying to call is on a different channel.
- You're out of range.

MOTotalk reminder notice

You can set your phone to alert you that you've used MOTotalk for a specified time.

Find it: Touch  >  **Mototalk** > **Reminder notice**

Make emergency calls while in MOTotalk

If you attempt to make an Emergency 911 call while in MOTotalk mode, your phone will automatically exit MOTotalk mode and attempt to find a network signal.

If you are out of network coverage your phone will not be able to make an emergency 911 cellular call until you go back into the network coverage area.

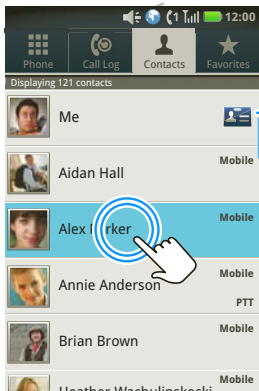

You must wait until the phone reconnects to the network before attempting to make an emergency 911 cellular call.

Contacts

contacts like you've never had before

Quick start: Contacts

Find it:  **Contacts**

My Info

Your details—always first in the list.

Contacts List

Touch to view contact information. Touch & hold to edit, delete, and more.

Menu Options

Press Menu  to create, filter, and sync contacts.

Tip: To search the list, touch **Search Contacts** and type a name. When you flick or drag this list, a scroll bar appears on the right. Drag the scroll bar to move the list faster.

Transfer contacts

Get all your contacts, all in one place. Here's a few helpful hints:

- Use Gmail

All your Gmail contacts will automatically get synced to your phone. Various computer applications for mobile phones and email accounts allow you to export your contacts as a "CSV" file. You can then use Gmail to import the file. For more details, go to www.motorola.com/transfercontacts or log in to your Gmail account on your computer and select "Help".

- Use a SIM

You can transfer contacts from your old phone to your new Motorola phone using your SIM card.

- More

There are other methods and tools to help you at www.motorola.com/transfercontacts.

Transfer contacts using your SIM

1 On your old phone, copy all the contacts you want to your SIM card.

Tip: For Motorola Android phones, touch
