MOTOROLA **XT626**

CONGRATULATIONS

MOTOROLA XT626

Stay connected, organize your life, and absolutely own the web with the MOTOROLA XT626.

- **Dual mode.** Never worry about network coverage. With GSM/UMTS and iDEN network support, you'll always be connected in your carrier's service area.

- **Push-to-talk calls.** Keep in touch with your family, friends, and colleagues with the touch of a button.

- **Organization.** Check your email, calendar, and contacts wherever you are.

- **Browsing.** Get more from the web with a huge screen. Search, browse, everything you want to do, all made easier.

- **Maps, entertainment, and more.** The latest technology and apps. Google Maps™ to find your way. YouTube™ to stay entertained. Easy access to Google™ and thousands of Android™ apps.

Note: Certain apps and features may not be available in all countries.

Caution: Before assembling, charging, or using your phone for the first time, please read the important legal and safety information packaged with your product.
SAR ✓ This product meets the applicable SAR limits of 1.6 W/kg (FCC & IC) and 2.0 W/kg (ICNIRP). The limits and guidelines include a substantial safety margin designed to assure the safety of all persons, regardless of age and health. The highest SAR values measured for this device are listed in the regulatory information packaged with your product.

WI-FI CONNECT

If you want to use a Wi-Fi network for even faster Internet access, touch Apps ▣ > ⚙ **Settings** > **Wireless & networks** > **Wi-Fi settings**. Touch **Wi-Fi** to search for and connect to wireless networks. There's more in "**WI-FI**" on page 46.

COOL CONTENT & MORE

Browse and download thousands of the coolest apps on the planet from Google Play™ Store. See "**BROWSE & INSTALL APPS**" on page 43.

Your phone can use a microSD memory card (sold separately)—you can load it up with photos, videos, and music from your computer (see "**MEMORY CARD**" on page 48).

TOUCHSCREEN & KEYS

a few essentials

TOUCH

It's all in the touch:

- **Touch:** Choose an icon or option.
- **Touch & Hold:** Move items in the home screen.
- **Drag or flick:** Scroll slowly (drag) or quickly (flick).
- **Pinch or double-touch:** Zoom in and out on websites, photos, and maps.

Slide two fingers apart or together to zoom in or out.

Drag or flick to scroll.
TOUCHSCREEN ON/OFF

Your touchscreen is on when you need it and off when you don't.

- To make your touchscreen sleep or wake up, just press Power/Lock ⊙🔒.

- When you hold the phone to your ear during calls, your touchscreen sleeps to prevent accidental touches.
- To change how long your phone waits before the screen goes to sleep, touch Apps ▣ > **Settings** > **Display** > **Screen timeout**.
- To make the screen lock when it goes to sleep, use "**SCREEN LOCK**" on page 58. To unlock the screen, press Power/Lock ▢ . Then, drag ▣ to the right.

Note: Your touchscreen might stay dark if the sensor just above it is covered. Don't use covers or screen protectors (even clear ones) that cover this sensor.

KEYS

MENU, HOME, BACK, & SEARCH

Menu Key ▣

Home Key ▣

Search Key Q

Back Key ⤺
Touch Home ▣ to close any menu or app and return to the home screen. In the home screen, touch and hold Home ▣ to show the last eight apps you used, then touch an app to open it.

Touch Search Q for text search, or touch and hold for voice search.

Touch Menu ▣ to open menu options, or touch Back ⤺ to go back.

POWER KEY MENU

Press and hold Power/Lock ▢ to turn off your phone (**Power off**), or turn **Airplane mode** or **Silent mode** on or off.

VOLUME

Press the volume keys to change the ring volume (in the home screen) or the earpiece volume (during a call).

When playing music or video files, press the volume keys to adjust media volume.

ROTATE THE SCREEN

In many apps, the touchscreen can rotate to stay right-side up when you turn your phone sideways:

Find it: Apps ▣ > **Settings** > **Display** > **Auto-rotate screen**

HOME SCREEN & APPS

quick access to the things you need most

QUICK START: HOME SCREEN

The *home screen* gives you all your latest information in one place. It's what you see when you turn on the phone or touch Home ⌂ from a menu. It's basically like this:
SCREEN NOT YET AVAILABLE

Note: Your home screen might look a little different.

USE & CHANGE YOUR HOME SCREEN

On your home screen, *shortcuts* are icons that open your favorite apps, bookmarks, contacts, mail labels, or music playlists. *Widgets* show you news, weather, messages, and other updates right on your homescreen without having to open a separate app or web page.

• To **open** something, touch it. Touch Home ⌂ to return to the home screen.

   Tip: When you open a widget, touch Menu ≡ to see any options or settings (you can choose accounts for **Messages**, **Social Networking**, or **Calendar** widgets).

   There's more about social networking widgets in "**your social networking account**" on page 36.

• To **resize** Motorola widgets, touch and hold a corner until you feel a vibration, then drag.

• To **add** something or change your wallpaper, touch and hold an empty spot until you see the **Add to Home screen** menu.

   Tip: You can add a folder to organize your shortcuts.

• To change the shortcuts in the dock at the bottom of the home screen (except Apps ▦), touch and hold a
shortcut, and select an app from the **Add to Dock** menu.

FPO

SCREEN NOT YET AVAILABLE

- To **move** or **delete** something, touch and hold it until you feel a vibration, then drag it to another spot, another panel, or the trash 🗑 at the top of the screen.

SEARCH

Touch Search ⌕, or use a Search widget on your home screen.

Touch here to enter text.

[⌕ Google   🎤]

Touch 🎤 to search
by voice.

PHONE STATUS & NOTIFICATIONS

The status bar at the top of the screen has icons that tell you about messages and phone status.

To view your notifications, touch the status bar and drag it down. Touch a notification to select it.

Tip: To see today's date, touch the status bar at the top of the screen.
🔵	Bluetooth active	📶	iDEN network
◉	GPS active	📶	GSM/UMTS network
📶	Wi-Fi active	✈	airplane mode
⬇	downloading	🔄	sync active
📳	vibrate	✉	alarm set
🔕	silent	🔋	battery (charging)
🔇	mute call	🔋	battery (full charge)
📣	PTT speaker active	📵	Wi-Fi PTT offline
📣	PTT speaker off	📶	Wi-Fi PTT on
📱	active PTT call	📶	alert
📱	talkgroup call	🟥	missed phone call

NOTIFICATION LIGHT

No need to wake your screen to see if you have a message. The notification light blinks when you have a new message, email, text message, an appointment, or your battery is low.

View apps by group.

All apps

Find new apps on Android Market™.

New group

Create a new group.

All apps   Recent   Downloaded

Choose which group you want to see.
Tip: You can also open recent apps. Touch ▤ > **Recent**.

APPS

You can find all of your apps in one place. From the home screen, touch Apps ▣.

To return to the home screen, touch Home ⌂ or Back ⮌.

RECENT APPS

Touch and hold Home ⌂ to see the most recent apps you used. Touch an app to open it, or touch Home ⌂ to return to the home screen.

CALLS

it's good to talk

DIALING OPTIONS

From the home screen, touch **Dialer**.
Recent Calls List
Touch to open, then touch an entry to call.

Return Call

Backspace
Touch to delete digits you entered.

Call using iDEN network

Call using GSM/UMTS network

Voice Call

IN-CALL OPTIONS
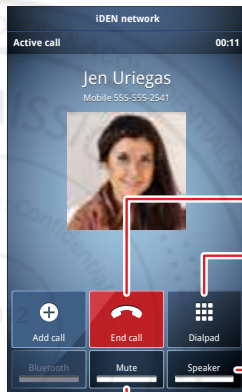

Call Timer

End Call

Dialpad
Enter numbers during a call.

Speakerphone
Turn the speakerphone on or off.

Mute
Mute or unmute the call.

To use a Bluetooth™ device, touch **Bluetooth**. (Be sure the device is turned on and paired—see "**CONNECT NEW DEVICES**" on page 45.)

Note: Using a mobile device or accessory while driving may cause distraction and may be illegal. Always obey the laws and drive safely.

Tip: You can touch Home or Back to leave the active call display. To reopen it, touch Home

> **Dialer**, or flick down the **Notifications** bar and touch the Current Call notification.

MAKE & ANSWER CALLS

To make a call, touch **Dialer**, enter a number, then touch to make a call on the iDEN network, or to make a call on the GSM/UMTS network.

Tip: If the screen is locked, drag to the right.

To answer a call while the display is active, touch **Answer**. When the display is not active, answer by dragging to the right.

Note: When you hold the phone to your ear, the display goes dark to prevent accidental touches. When you move your phone away from your ear, the display lights up again.

To ignore a call, touch **Ignore** when the display is active. Touch if the display is not active.

If you ignore a call, your phone gives you the option to send a text message to the caller. Select a message and touch **Ok** to send it or touch **Cancel** to exit without sending a message.

Text Message Reply
Create new message
"Sorry I was unable to answer your call"
"Please call me again in a few minutes"
"I will call you back in a few minutes"
Turn off text message reply
Ok   Cancel
You can enable or disable text message reply for ignored calls, touch Apps > **Settings** > **Call settings** > **Text message reply** and check or uncheck the check mark next to **Text message reply**.

To create or edit a preset text message reply, touch **Edit messages**.

END CALLS

Touch **End Call**.

MISSED PHONE CALL

If you receive a phone call during a push-to-talk call, and don't answer it, you'll receive a missed call notification. To return the phone call, touch **End PTT Call**, and then **Return call** when prompted. To continue the push-to-talk call, touch **Dismiss**.

RECENT CALLS

Find it: **Dialer** > **Call log**

- To call a number, touch .
- To send a text message, create a contact, view a contact, or other options, touch and hold an entry.
- To clear the list, touch Menu > **Clear list**.

Tip: If screen lock isn't turned on, you can get to the **Call log** by pressing the PTT Button twice.

FREQUENT CALLS

Find it: 📱 **Dialer** > **Favorites**

- To call a number, touch 📞.
- To send a text message, view a contact, or other options, touch and hold an entry.
- To add a contact to **Favorites**, select the contact, and touch the star in the upper right corner. The star turns green.

THREE WAY CALLS

To start a conference call, call the first number. After the call connects, touch **Add Call**. Dial the next number, or select it from contacts or favorites. When the next number answers, touch **Merge**.

YOUR PHONE NUMBER

Find it: Apps 📱 > 🔧 **Settings** > **About phone** > **Status** > **My Phone number**

EMERGENCY CALLS

Note: Your service provider programs one or more emergency phone numbers that you can call under any circumstances, even when your phone is locked. Emergency numbers vary by country. Your pre-programmed emergency number(s) may not work in all locations, and sometimes an emergency call cannot be placed due to network, environmental, or interference issues.

1 Touch 📱 **Dialer** (if your phone is locked, touch **Emergency Call** at the bottom of the screen).

2 Enter the emergency number.

3 Touch 📞 or 📞 to call the emergency number.

Note: Your phone can use location based services (GPS and AGPS) to help emergency services find you. See "**LOCATION SERVICES**" on page 66.

COOL DOWN

In very limited circumstances, such as where your phone has been exposed to extreme heat, you may see "Cool Down" messages. To avoid possible damage to your battery and phone, you should follow these instructions until the phone is within its recommended temperature range. When your phone is in "Cool Down" mode, only emergency calls can be made.

PUSH-TO-TALK (PTT)

one or more, talk to them all

PTT CALLS

Push-to-talk calls are calls between two people.

IDEN PTT

MAKE AND ANSWER PUSH-TO-TALK CALLS

To **make** a push-to-talk call:

- Touch **Dialer**, and enter the recipient's PTT (push-to-talk) number.

- Touch **Dialer** > **Contacts**, **Call log** or **Favorites**, and select an entry that has a PTT number.

To **talk**, press and hold the PTT Button. To **listen**, release the PTT Button.

To **answer** a push-to-talk call, press the PTT Button after the caller has stopped talking.

To **add** a person to a call, touch **Add member**.

To **end** a push-to-talk call, touch **End**.

RESUME PTT

You can extend the automatic timeout of a PTT call by about 30 seconds.

Find it: Apps ▣ > ◙ **Settings** > **Call settings** > **Push to Talk settings** > **Resume PTT**

ONE TOUCH PTT

You can customize the PTT Button for quick access to push-to-talk functions.

Find it: Apps ▣ > ◙ **Settings** > **Call settings** > **Push to Talk** > **One Touch PTT**

Tip: If screen lock isn't turned on, you can initiate **One Touch PTT** functions from the lock screen by pressing and holding the PTT Button.

| Options	
Off	Turn off **One Touch PTT**.
Launch PTT Contacts list	Open a list of push-to-talk contacts on your phone.
Launch PTT Call log list	Open the push-to-talk Call log list.
PTT selected contact	Start a push-to-talk call with the selected contact.

Options	
PTT most recent number	Start a push-to-talk call with the most recent PTT number in the **Call log**.

Tip: To add a widget for **One Touch PTT**, touch and hold a blank spot on your home screen, then touch **Widgets** > **One Touch PTT**.

One touch PTT:
OFF
ALERTS

Use alerts to tell someone you want to speak to them.

To **send** a call alert:

• Touch 🔲 **Dialer**, enter a PTT number, and press Menu ≡ > **Send Alert**. When prompted, press the PTT Button.

• Touch 🔲 **Dialer** > **Contacts**, **Call log**, or **Favorites**, and select a contact containing a PTT number. Touch 🔲, and press the PTT Button when prompted.

When you **receive** a call alert, you can:

• **Answer:** Press the PTT Button to begin a push-to-talk call with the sender.

• **Later:** Store the call alert to **Notifications**.

• **Dismiss:** Ignore the call alert.

Note: Alerts are moved to **Notifications** after a few minutes of inactivity. You won't be able to make phone calls or push-to-talk calls until the call alert is moved, or you've chosen an option.

SWITCH FROM A PUSH-TO-TALK CALL TO A PHONE CALL

For longer calls, you can switch from a push-to-talk call to a phone call if the push-to-talk call recipient has a phone number stored in **Contacts**.

During a push-to-talk call, Touch **Call**.

TALKGROUPS

Note: Availability of Talkgroups, and the maximum number of Talkgroup members, is dependent on your service provider. Contact your service provider to establish a Talkgroup.

JOIN A TALKGROUP

Before you can make a Talkgroup call, you'll need to join the Talkgroup.

1 Touch 🔲 **Dialer** > **Contacts** > 🔲 > **Talkgroup**, and press Menu ≡ > **Enter Talkgroup**. Name the Talkgroup and enter the Talkgroup number. Press Menu ≡ > **Save**.

Tip: Talkgroup numbers begin with a #. For example #155.

2 Select the Talkgroup in your contacts.

3 Touch **Join**.

MAKE A TALKGROUP CALL

- Touch 📇 **Dialer**, enter the Talkgroup number and press the PTT Button.

  Tip: To add a widget for Talkgroups, touch and hold a blank spot on your home screen, then touch **Widgets** > **TalkGroupWidget**.

  No TalkGroup Joined local area

- Touch 📇 **Dialer** > **Contacts** > 👥 , select the Talkgroup and touch **Push to Talk** (or press the PTT Button).

Tip: To silence incoming Talkgroup calls, press Menu ☰ > **Settings** > **Call settings** > **Push to Talk Settings** > **Talkgroups** > **Silence Talkgroups**.

IDEN MODE

When you're out of iDEN network coverage, you can adjust how your phone operates in iDEN mode to conserve battery life.

Find it: Apps 📱 > ⚙ **Settings** > **Dual SIM Settings**

Options	
Normal	Your phone connects quickly to the iDEN network.
Options	
Save	Reduces battery consumption, but takes longer to connect to the iDEN network.
Off	Turns off iDEN PTT.

Tip: To add a widget for iDEN Mode, touch and hold a blank spot on your home screen, then touch **Widgets** > **iDEN mode**.

iDEN mode **Normal**

WI-FI PUSH-TO-TALK

push-to-talk calls are calls between two people.

Find it: Apps 📱 > 📻 **Wi-Fi PTT**

SETUP

The first time you open Wi-Fi PTT, you'll be prompted to sign in to your account. Enter your user ID and password, and touch **Sign in**.

WI-FI PTT CONTACTS

Wi-Fi PTT will import all of your PTT contacts the first time you open it.

To create a contact, touch ➕ .

To view talkgroups, touch 👥 .

To add a talkgroup, touch ![icon] > ![+ icon].

To edit a contact, touch and hold it, and then touch **Edit contact**.

MAKE AND ANSWER PUSH-TO-TALK CALLS

To **make** a push-to-talk call:

• Touch ![icon] **Wi-Fi PTT** > **Recent** > ![icon] **Dialer**, and enter the recipient's PTT number.

• Touch ![icon] **Wi-Fi PTT** > **Recent** or **Contacts**, and select an entry that has a PTT number.

To **talk**, press and hold the PTT Button. To **listen**, release the PTT Button.

To **answer** a push-to-talk call, press the PTT Button after the caller has stopped talking.

To **end** a push-to-talk call, touch **End Call**.

Note: Use of Wi-Fi PTT requires a Wi-Fi connection. See "**WI-FI SEARCH & CONNECT**" on page 46

ALERTS

Use alerts to tell someone you want to speak to them.

To **send** a call alert:

• Touch ![icon] **Wi-Fi PTT** > **Recent** >, enter a PTT number, and press Menu ![icon] > **Alert**. When prompted, press the PTT Button.

• Touch ![icon] **Wi-Fi PTT** > **Recent** or **Contacts**, and select a contact containing a PTT number. Touch ![icon], and press the PTT Button when prompted.

Tip: You can also touch and hold a contact or recent call entry, and then touch **Wi-Fi Alert**.

When you **receive** a call alert, you can:

• **Answer:** Press the PTT Button to begin a push-to-talk call with the sender.

• **Later:** Store the call alert to **Notifications**.

• **Dismiss:** Dismiss the call alert.

Note: Alerts are moved to **Notifications** after a few minutes of inactivity. You won't be able to make phone calls or push-to-talk calls until the call alert is moved, or you've chosen an option.

WI-FI TALKGROUPS

Note: Availability of Talkgroups, and the maximum number of Talkgroup members, is dependent on your service provider. Contact your service provider to establish a Talkgroup.

JOIN A TALKGROUP

Before you can make a Talkgroup call, you'll need to join the Talkgroup.

1 Touch ![icon] **Wi-Fi PTT** > **Contacts** > ![icon] > **Talkgroup**, and press Menu ![icon] > **Enter Talkgroup**. Name the

Talkgroup and enter the Talkgroup number. Press Menu ≡ > **Save**.

2 Select the Talkgroup in your contacts.

3 Touch **Join**.

MAKE A TALKGROUP CALL

- Touch 📱 **Wi-Fi PTT** > **Recent** > ⊞ **Dialer**, enter the Talkgroup number and press the PTT Button.

  Tip: Talkgroup numbers begin with a #. For example #155.

- Touch 📱 **Wi-Fi PTT** > **Contacts** > 👥, select the Talkgroup and touch **Push to Talk** (or press the PTT Button).

YOUR WI-FI PTT NUMBER

Find it: Apps 📱 > 📱 **Wi-Fi PTT** > Menu ≡ > **My Info**

SET PUSH-TO-TALK SPEAKER

You can listen to push-to-talk calls through your phone's speaker or earpiece. Press Speaker 📢 to turn the speaker on or off.
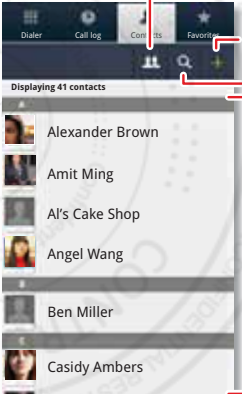

CONTACTS

Press ≡ to create, filter, and sync contacts.

TRANSFER CONTACTS

Get all your contacts, all in one place. Here's a few helpful hints:

- **Use Gmail™**

  All your Gmail contacts will automatically get synced to your phone. Various computer apps for mobile phones and email accounts allow you to export your contacts as a "CSV" file. You can then use Gmail to import the file. For more details, go to www.motorola.com/transfercontacts or log in to your Gmail account on your computer and select "Help".

- **Use a microSD card**

  You can transfer contacts from your old phone to your new Motorola phone using your microSD card.

- **Use a SIM card**

  You can transfer contacts from your old phone to your new Motorola phone using your SIM card.

- **More**

  There are other methods and tools to help you at www.motorola.com/transfercontacts.

TRANSFER CONTACTS USING YOUR MICROSD CARD

1 On your old phone, copy all the contacts you want to transfer to your microSD card.

Tip: For Motorola Android™ phones, 📱 **Dialer** > **Contacts** > Menu ☰ > **Manage Contacts** > Export contacts to: **SD card**.

2 Insert your microSD card in your new phone, see "**ASSEMBLE & CHARGE**" on page 3.

3 Import the contacts from your microSD card, touch 📱 **Dialer** > **Contacts** > Menu ☰ > **Manage Contacts** > Import contacts from: **SD card**.

Note: You might have done this during "**SET UP & GO**" on page 3.

TRANSFER CONTACTS USING YOUR SIM CARD

1 On your old phone, copy all the contacts you want to transfer to your SIM card.

Tip: For Motorola Android phones, touch 📱 **Dialer** > **Contacts** > Menu ☰ > **Manage Contacts** > Export contacts to: **SIM card**.

2 Insert your SIM card in your new phone, see "**ASSEMBLE & CHARGE**" on page 3.

3 Import the contacts from your SIM card, touch 📱 **Dialer** > **Contacts** > Menu ☰ > **Manage Contacts** > Import contacts from: **SIM card**.

Note: You might have done this during "**SET UP & GO**" on page 3.

CALL OR EMAIL CONTACTS

Find it: ▓ Dialer > **Contacts**

For **View contact**, **Call contact, Text contact**, or other options, touch and hold the contact.

VIEW & USE CONTACTS

When you set up a social networking account, you'll know what everybody's up to and when (see "**SOCIAL NETWORKING**" on page 36). Every time you pick up a call, check a message, or look up a friend's contact info, sure, you'll see their name and number, but you can see their social network status and smiling face, too.

Find it: ▓ Dialer > **Contacts**

Touch a contact to open its details. While viewing details, you can start a call or message by touching a phone number or other info.

SORT CONTACTS
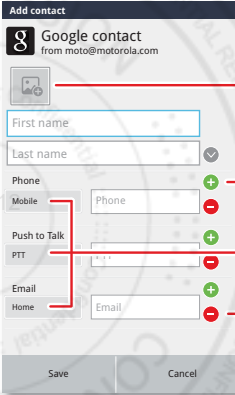

To sort contacts or set display options, touch Menu ▤ > **Display options** and touch:

- **Filter by**: Choose which types of contacts you want to see. Select **All contacts**, **Contacts with PTT numbers**, or **Contacts with phone numbers**.
- **Sort list by**: Sort by first or last name.
- **View contact names as**: View contacts as first name or last name first.

- **Choose contacts to display**: Select which accounts will display contacts.

CREATE CONTACTS

Find it: ▓ Dialer > **Contacts** > +

```
Add contact
  8  Google contact
     from moto@motorola.com
 ┌──┐
 │📷 │ ─────────────────────────────────── Add a picture.
 └──┘

       Save              Cancel
```

Touch any entry area to open the touchscreen keypad.

When you're finished, touch **Save**.

Where are contacts saved? Your phone saves new contacts in its memory and on the Google™ Server. It also updates your social networking account.

EDIT OR DELETE CONTACTS

Find it: 📇 **Dialer** > **Contacts**

Touch the contact, then touch Menu 〓 > **Edit contact** or **Delete contact**.

Contacts from social networks (like Facebook) will become hidden if you select **Delete contact**. To view these contacts, or delete them permanently, use the social network's app or Website.

SYNCHRONIZE CONTACTS

When you change one of your contacts, your phone automatically updates your other social networking accounts. Likewise, if you change a social networking friend, your phone updates your contacts.

GROUPS

Find it: 📇 **Dialer** > **Contacts** > 👥 > ➕

You can put your **Contacts** into a **Talkgroup** for push-to-talk calls, or a **Message Group** to easily send text messages to a group of people.

EDIT GROUPS

Touch and hold a group to open the options menu. Touch **Edit group**.

To add a member, touch ➕ , and select a contact.

Tip: You can also add a member to a group during a group call. Touch **Add member**.

Note: Adding a new member during a group call creates a new group. To save this new group, touch Menu 〓 > **Save**.

Touch ⛔ to delete a member.

DELETE GROUPS

Touch and hold a group, then touch **Delete group**.

MESSAGING

sometimes it's best to text, or IM, or email . . .

QUICK START: MESSAGING

Find it: Apps 🔲 > ✉ **Messaging** > **Universal Inbox**

Check for messages now.

Create messages.

Universal Inbox (14)

Message Type

Message List
Touch to open a message.
Touch & hold to move,
delete, & more.

Tip: To see more messages, flick or drag up.

READ & REPLY TO MESSAGES

Find it: Apps 🔲 > ✉ **Messaging** > **Universal Inbox**

Note: Universal Inbox shows all of your messages together—text, email, and social networking messages.

To show only one type of message, touch a message type instead of **Universal Inbox**.

- To open a text message or social networking message and all of its replies, touch it.

- To respond to a message, just open it and enter your response in the text box at the bottom.

  To forward a text message, touch and hold a message in the conversation, then touch **Forward message**.

  For email, touch 📧 to choose a reply or forward option.
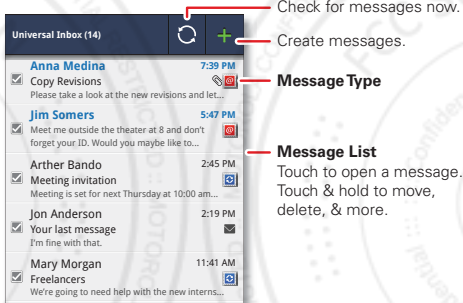

- To open options, touch and hold a message.

CREATE MESSAGES

Find it: Apps 🔲 > ✉ **Messaging** > ➕

Choose a message type, such as **Text Messaging** or **Facebook**. Then, enter the recipient and message. In text messages and emails, touch Menu ≡ for options, like **Insert...** or **Attach Files**.

SEND & RECEIVE ATTACHMENTS

To send a file in a message, open a new message and touch Menu ≡ > **Insert**.

When you receive a message with an attachment, open the message and touch the file name to download it. Then, touch the name again to open it. Some file

formats can be converted to HTML for faster viewing, and your phone will show **Get HTML version**.

While viewing the attachment, touch it to save it, share it, and more.

Tip: To send and receive large attachments faster, use a Wi-Fi connection (see "**wi-fi**" on page 46).

SET UP MESSAGING

To add email accounts, touch Apps ▦ > 🔲 **Accounts** > **Add account**.

• **Corporate Sync** is for Exchange server work email accounts. Enter details from your IT administrator.

  Tip: You might need to enter your domain name with your user name (like *domain/username*).

• **Email** is for most personal email accounts. For account details, contact the account provider.

  Note: To add other email accounts to your **Messaging** widget and **Universal Inbox**, touch Apps ▦ > 🔽 **Messaging**, then touch Menu ☰ > **Manage accounts** > **Add account** > **Email**.

To change your settings, touch Apps ▦ > 🔽 **Messaging** > Menu ☰, then touch:

• **Manage accounts** to add or remove an account.

• **Edit Universal Inbox** to choose which accounts show messages in the **Universal Inbox**.

• **Messaging Settings** to set the notification for each account type and more.

GMAIL™

CREATE A NEW EMAIL

Find it: Apps ▦ > 🖂 **Gmail** > Menu ☰ > **Compose**

Enter the recipient email address and message, then touch **Send**.

Tip: Touch Menu ☰ for options, like **Attach** or **Add Cc/Bcc**.

Features
search for email
Touch Search 🔍.
choose email notifications
Touch Menu ☰ > **More** > **Settings** > *Gmail account* > **Email notifications**.
apply a label to a thread
Touch and hold a message, then touch **Change labels**.

GOOGLE TALK™

Google Talk instant messaging lets you chat via instant message with other Google Talk users on phones or on the web.

Find it: Apps ▣ > 🗣 **Talk**

Touch Menu ▤ to send invitations, add new friends, and more.

Tip: You can also download an instant messaging app from the Google Play™ Store.

VOICEMAIL

When you have a new voicemail, ☎ appears at the top of your screen. Drag down the notification bar and touch the notification.

If you need to change your voicemail number, in the home screen touch Apps ▣ > ⚙ **Settings** > **Call settings** > **Voicemail settings**.

TEXT ENTRY

keys when you need them

TOUCHSCREEN KEYPADS

SWYPE KEYPAD

Swype™ lets you enter a word with one continuous motion. To enter a word, just drag your finger over the letters.
To enter a word, just trace a path through the letters.
To capitalize, go above the keypad.
For double letters, circle the letter.

• To enter the small number or symbol at the top of a key, touch and hold the key.

• To enter several symbols, touch **SYM**.

• To enter apostrophes in common words (like "I'll"), drag through the apostrophe key.

- To correct a word, double-tap it. Swype shows a small menu of other word options. Swype might also show a menu if it can't guess your word.

- If Swype doesn't know a word, touch individual letters to enter it. Swype remembers, so next time you can just drag over the letters.

MULTI-TOUCH KEYPAD

You can open a keypad on your screen by touching a text field, or touching and holding Menu 🔲. To close the keypad, touch Back ⬅.

Text Entry
Touch to open touchscreen keyboard.

Delete

Return

Shift

Space
Symbols/Numbers

To...	
Enter **alternate** characters	From the number keypad, touch Alternate ALT. Touch again to return to numbers.
Enter **one capital** letter	Touch Shift 🔼.
Enter **only capital** letters, until you touch Shift Lock 🔼 again	Touch Shift Lock 🔼 twice. Touch again to revert to lowercase.
Select text	Touch and hold text to select it.
Cut or **Copy** selected text	Touch and hold text, then touch **Cut** or **Copy**.
Paste cut or copied text	Touch and hold location to paste then touch **Paste**.
Move the cursor	Touch the location you want to go to.
Delete a character (hold to delete more)	Touch Delete ⬅.

TEXT INPUT SETTINGS

Find it: Apps ▣ > ⚙ **Settings** > **Language & keyboard**

- To edit your dictionary, touch **User dictionary**.
- To change the language and the style for your touchscreen keypad, touch **Select locale**.
- To change input method and settings, touch **Swype**, **Multi-touch keyboard**, or **KOR/ENG keyboard**.

TIPS & TRICKS

a few handy hints

GENERAL TIPS

To...	
Return to **home screen**	Touch Home ⌂.
See **recently dialed** numbers	Touch 📞 **Dialer** > **Call log**.
Sleep/wake your phone	Press Power/Lock 🔒.
Set **screen timeout**	Touch Apps ▣ > ⚙ **Settings** > **Display** > **Screen timeout**.
Search	Touch Search 🔍.
Use **voice search**	Touch and hold Search 🔍.
See **recently opened** apps	Touch and hold Home ⌂.

To...	
Choose apps for **Quick Launch Area**	Touch and hold an app icon in the Quick Launch Area. Then, select an app from the **Add to Dock** menu.
Turn **sound** on/off	Press and hold Power/Lock 🔒 > **Silent mode**.
Turn **airplane mode** on/off	Press and hold Power/Lock 🔒 > **Airplane mode**.

BATTERY TIPS

Want to extend your battery life? Try these:

- To select a battery profile that suits your phone use, touch Apps ▣ > **Settings** > **Battery & data manager** > **Battery mode**.
- To turn off automatic applications sync, touch Apps ▣ > **Settings** > **Battery & data manager** > **Data Saver**.
- To turn off Bluetooth power, touch Apps ▣ > **Settings** > **Wireless & networks** > **Bluetooth**.
- To turn off Wi-Fi, touch Apps ▣ > **Settings** > **Wireless & networks** > **Wi-Fi**.

PHOTOS & VIDEOS

see it, capture it, share it!

PHOTOS

TAKE & SHARE PHOTOS

Take that family photo, and post it online for everyone to see.

Find it: Apps ▣ > 📷 **Camera**

See your last photo.

Switch between front & back cameras.

Shots Remaining

Zoom in/out.

Take photo.

Adjust camera settings.

Autofocus Box
Touch screen to change focus location.

Switch to camcorder.
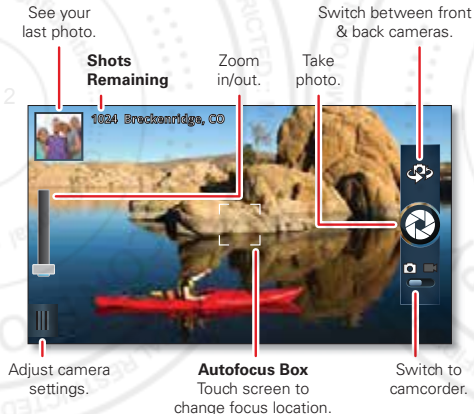

Note: To get the clearest photos, wipe the lens clean with a soft, dry cloth before you take a photo.

To take the photo, touch ⊛.

Note: Photos are stored on your phone's internal memory unless you switch it to a microSD memory card (sold separately). **Picture Resolution** is **Large** or **8MP**, unless you change it.

Open your gallery and touch and hold a photo to view options.

Options	
Set as	To **set** the photo as a wallpaper, contact photo, or social network photo.
Add to album	To **upload** the photo to an online photo album.
Share	To **send** the photo in a message or post it online. For more info on sharing your photos, see "**share photos & videos**" on page 29.
Delete	To **delete** the photo.

CAMERA SETTINGS

You can make adjustments to optimize your shot. Touch Menu ≣ to see these options.

Options	
Settings	Set **Picture Resolution** and **Geo-tag** setting.
Effects	Change photo look: **Normal**, **Black and White**, **Negative**, and more.

Modes	Choose from **Normal video**, **Video Message**, **Fast motion**, or **Slow motion**.
Brightness	Set **Brightness**.
Light	Turn a light on or off to adjust for the lighting where you are recording.

Options	
Switch to Camera	Flick the switch below ⊛ to toggle between photo and camcorder.

VIEW PHOTOS & VIDEOS

Find it: Apps ▣ > 🖼 **Gallery**
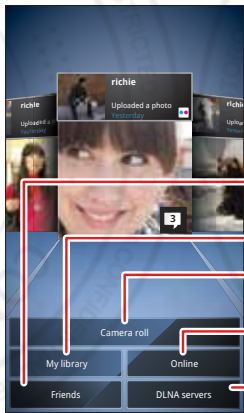

Backup your photos & videos.

Sort your photos & videos.

See your captured photos & videos.

See your online albums (like Picasa, Flikr, or Facebook).

Stream media from your computer with MotoCast.

SHARE PHOTOS & VIDEOS

Find it: Apps ▣ > 🖼 **Gallery**

1 Touch a photo or video, then touch 🦌.

2 Choose how you want to share—like **Bluetooth**, **Email**, **Text Messaging**, or an online album.

MANAGE PHOTOS & VIDEOS

Find it: Apps ▣ > 🖼 **Gallery**

Touch a thumbnail image from your camera roll or library, then:

• To delete the photo or video, touch Menu ▤ > **Delete**.

• To set the photo as a contact picture, social network profile picture, or wallpaper, touch Menu ▤ > **Set as**.

Tip: To copy photos to/from a computer, go to "**VIEW & TRANSFER FILES WITH MOTOROLA PHONE PORTAL**" on page 48.

EDIT PHOTOS & VIDEOS

Find it: Apps ▣ > 🖼 **Gallery**> **Camera roll**, select a picture, and touch Menu ▤ > **Edit**

You can choose advanced editing features to resize, crop, or change the color.

DLNA

Share your photos, videos, and songs with friends and family easily.

Find it: Apps ▣ > 🖳 **DLNA**

Note: Connect to a Wi-Fi network or use your own Wi-Fi hotspot (see "**wi-fi**" on page 46). You'll need to allow access to other devices to download media from your smartphone and to share your files. If you want to access media files on other devices, they must allow access.

- **Play media**—Select media for playback on another device in a Wi-Fi network.

- **Copy media to server**—Sync the media files on your smartphone with other devices.

- **Copy media to phone**—Copy a picture from one smartphone to another.

- **Share media**—Allow other devices to access media files on your smartphone. Without downloading any media from your smartphone, other people can view your pictures or videos, or play your songs, on their own devices.

MUSIC

when music is what you need...

QUICK START: MUSIC

Find it: Apps ▣ > ● **Music**

Listen to Internet radio.
Go to your music library.

Go to the current song.

Download & listen to podcasts.

Listen to FM radio.

Touch a category, then touch the song or playlist you want to play. Touch Menu ☰ > **More** > ✕ to randomly play all your songs, or touch **Search** to find a song.

Tip: When a song is playing, you can add it to a playlist by touching Menu ☰ > **Add to playlist**.

Tip: To listen to music during a flight, turn off all your network and wireless connections: Press and hold Power/Lock 🔒 then touch **Airplane mode**.

SET UP MUSIC

WHAT MUSIC TRANSFER TOOLS DO I NEED?

To put music on your computer and then load it on your phone, you need:

- Microsoft™ Windows™ computer or Apple™ Macintosh™.
- USB data cable (included with your phone).
- Optional microSD memory card (sold separately).

  Your phone supports removable microSD memory cards up to 32GB capacity. To make sure your memory card is installed, go to "**ASSEMBLE & CHARGE**" on page 3.

  Tip: To see the available memory on your memory card, touch Apps 🔲 > ⚙ **Settings** > **Storage**.

WHAT AUDIO FILE FORMATS CAN I PLAY?

Your phone can play many types of files: AAC, AMR, MP3, WAV, WMA, AAC+, and MIDI.

WHAT HEADPHONES CAN I USE?

Your phone has a 3.5mm headset jack for wired stereo listening (required for FM radio). You can also go wireless with Bluetooth™ stereo headphones or speakers (see "**BLUETOOTH™ WIRELESS**" on page 44).

GET MUSIC

Transfer music from your computer to your phone using a USB cable connection. Music files can be transferred to your phone by syncing with Windows Media® Player or using Motorola Media Link.

Note: Copyright—do you have the right? Always follow the rules. See "**CONTENT COPYRIGHT**" on page 69.

SYNC WITH WINDOWS MEDIA PLAYER

1 Using a USB cable, connect your phone to an available USB port on your computer.

2 Flick the status bar down and touch **USB Connection** > **Windows Media Sync**.

3 Open Windows Media Player and drag and drop your music into the sync list.

4 Click on Start Sync.

TRANSFER MUSIC WITH MOTOROLA MEDIA LINK

Motorola Media Link lets you transfer music files from Windows Media Player or iTunes®. Before you can

transfer music, you'll need to create playlists with the music you wish to transfer.
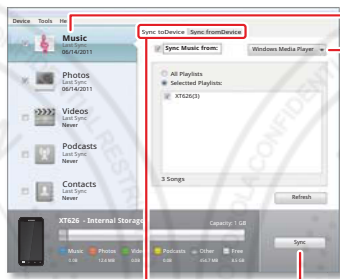

Select Music.

Choose music player to sync with.

Sync to or from your device.

Start the sync.

The first time you use the music player, you'll be prompted to install Media link from your phone. You can also download Media link from www.motorola.com/medialink.

To transfer music:

1 Use a USB cable to connect your device to an available USB port on your computer. Once the correct Motorola Drivers have been installed on your computer, Media Link will start.

2 Make sure the Sync to Device tab is selected, and Music has a check mark next to it.

3 In the Sync to Device tab, make sure Sync Music from is selected, and select either Windows Media Player or iTunes from the drop down box to the right.

4 You can select to sync all playlists, or selected playlists. If you choose to sync selected playlists, choose the playlists from the list.

5 Click on Sync to transfer the music to your phone.

PLAY MUSIC

Touch a song or playlist to start playing music.
