SAFETY, REGULATORY & LEGAL

Battery Use & Safety

devices. If your mobile device uses a non-removable main battery (as stated in your product information), details related to handling and replacing your battery should be disregarded—the battery should only be replaced by a Motorola-approved service. facility, and any attempt to remove or replace your hattery may damage the product Important: Handle and store batteries properly to avoid injury or damage. Most battery safety issues arise from improper handling of batteries, and particularly from the continued use of damaged batteries

Don't disassemble, crush, puncture, shred, or otherwise attempt to change the form of your battery

Don't use tools, sharp objects, or excessive force to insert or remove the battery as this can damage the battery. Don't let the mobile device or battery come in contact with liquids.* Li

an get into the mobile device's circuits, leading to corrosion. Don't allow the hattery to touch metal phiects. If metal phiects, such as jewelry, stay in prolonged contact with the battery contact points, the battery

uld become very ho Don't place your mobile device or battery near a heat source.* High emperatures can cause the hattery to swell leak or malfunction.

Don't dry a wet or damp battery with an appliance or heat source, such as a

Do avoid leaving your mobile device in your car in high temperatures.* Do avoid dropping the mobile device or battery.* Dropping these items, especially on a hard surface, can notentially cause damage. Do contact your service provider or Motorola if your mobile device or battery

has been damaged in any of the ways listed here. Note: Always make sure that any battery, connector and compartment covers are closed and secure to avoid direct exposure of the battery to any of these conditions

even if your product information states that your **mobile device** can resist damage Important: Motorola recommends you always use Motorola-branded batteries and chargers for quality assurance and safeguards. Motorola's warranty does not

cover damage to the mobile device caused by non-Motorola batteries and/or chargers. To help you identify authentic Motorola batteries from non-original or counterfeit batteries (that may not have adequate safety protection). Motorola provides polograms on its batteries. You should confirm that any battery you purchase has a

f you see a message on your display such as Invalid Battery or Unable to Charge, take the following steps:

Motorola Original" hologram

If there is no hologram, the battery is not a Motorola battery

If there is a hologram, replace the battery and try charging it again If the message remains, contact a Motorola authorized service center.

Warning: Use of a non-Motorola battery or charger may present a risk of fire. explosion leakage or other hazard

Proper and safe battery disposal and recycling: Proper battery disposal is not only important for safety, it benefits the environment. You can recycle your used batteries in many retail or service provider locations. Additional information on proper disposal and recycling can be found at www.motorola.com/recycling Disposal: Promptly dispose of used batteries in accordance with local

Remove the battery and inspect it to confirm that it has a "Motorola Original"

regulations. Contact your local recycling center or national recycling organizations for more information on how to dispose of batteries. Warning: Never dispose of batteries in a fire because they may

a vehicle. Using a mobile device or accessory for a call or other application while	Symbol	Definition
driving may cause distraction, and may be prohibited or restricted in certain areas—always obey the laws and regulations on the use of these products. While driving, NEVER: Type, read, enter or review texts, emails, or any other written data.	\triangle	Important safety information follows.

While driving, ALWAYS:

Keen your eyes on the road

- Use a handsfree device if available or required by law in your area. Enter destination information into a navigation device before driving.
- Use voice activated features (such as voice dial) and speaking features (such as audible directions) if available
- Obey all local laws and regulations for the use of mobile devices and accessories in End your call or other task if you cannot concentrate on driving.

Remember to follow the "Smart Practices While Driving" at <u>www.motorola.com/</u> callsmart (in English only).

Seizures, Blackouts & Eyestrain o reduce eyestrain and avoid headaches, it is always a good idea to hold the screen a

comfortable distance from your eyes, use in a well-lit area, and take frequent breaks Some people may be susceptible to seizures or blackouts (even if they have never had one before) when exposed to flashing lights or light patterns, such as when playing video games, or watching videos with flashing-light effects. Discontinue use and consult a physician if any of the following symptoms occur:

seizures, blackout, convulsion, eve or muscle twitching, loss of awareness, or If you or someone in your family has experienced seizures or blackouts, please consult

with your physician before using an application that produces flashing-light effects on

Caution About High Volume Usage

Warning: Exposure to loud noise from any source for extended periods of time may affect your hearing. The louder the volume sound level, the less time is required before your hearing could be affected. To protect your hearing Limit the amount of time you use headsets or headphones at high volume.

Avoid turning up the volume to block out noisy surroundings. Turn the volume down if you can't hear people speaking near you. If you experience hearing discomfort, including the sensation of pressure or fullness in

your ears, ringing in your ears, or muffled speech, you should stop listening to the device through your headset or headphones and have your hearing checked. For more information about hearing, see our website at <u>direct.motorola.com/</u> hellomoto/nss/AcousticSafety.asp (in English only).

When you repetitively perform actions such as pressing keys or entering finger-written characters, you may experience occasional discomfort in your hands, arms, shoulders, neck, or other parts of your body. If you continue to have discomfort during or after such use stop use and see a physician

Keep your mobile device and its accessories away from small children. These

products are not toys and may be hazardous to small children. For example:

A choking hazard may exist for small, detachable parts. Improper use could result in loud sounds, possibly causing hearing injury

Improperly handled batteries could overheat and cause a burn Supervise access for older children. Similar to a computer, if an older child does up

your mobile device, you may want to monitor their access to help prevent: Exposure to inappropriate apps or content

Improper use of apps or content.

Loss of data.

Some parts of your mobile device may be made of glass. This glass could break if the product receives a substantial impact. If glass breaks, do not touch or attempt to remove. Stop using your mobile device until the glass is replaced by a qualified service

Operational Warnings

Obey all posted signs when using mobile devices in public areas.

Potentially Explosive Areas

Potentially explosive areas are often, but not always, posted and can include blasting areas, fueling stations, fueling areas (such as below decks on boats), fuel or chemical transfer or storage facilities, or areas where the air contains chemicals or particles, such

WARRANTY ARE IN ADDITION TO ALL RIGHTS AND REMEDIES CONVEYED BY SUCH CONSUMER PROTECTION LAWS AND REGULATIONS.

Who is Covered?

This Limited Warranty extends only to the first consumer purchaser of the Product, and

is not transferable.

What Does this Limited Warranty Cover? Motorola Mobility Inc. or its subsidiaries' warranty obligations are limited to the terms

and conditions set forth herein. Subject to the exclusions contained below. Motorola Mobility Inc or its subsidiaries ("Motorola") warrant this Mobile Phone, and any in-box accessories which accompany such Mobile Phone ("Product") against defects in materials and workmanship, under normal consumer use, for a period of ONE (1) YEAR from the date of retail purchase by the original end-user purchaser, or the period of time required by the laws of the country where the Product is purchased, whichever is longer ("Warranty Period") Repairs made under this Limited Warranty are covered for the balance of the original

Warranty Period, or 90 days from the date of service, whichever is longer, Any upgrade to the original product will be covered only for the duration of the original Warranty This Limited Warranty is only available in the country where the Product was purchased.

Motorola may provide service outside the country of purchase, to the extent that it is possible and under the terms and conditions of the country of nurchase This Limited Warranty applies only to new Products which are a) manufactured by or fo Motorola as identified by the "Motorola" trademark, trade name, or logo legally affixed to them; b) purchased by consumers from an authorized reseller or distributor of Motorola Products; and c) accompanied by this written Limited Warranty. What Will Motorola Do?

If a covered defect or damage arises and a valid warranty claim is received within the

applicable Warranty Period, Motorola, at its sole option, unless otherwise required by applicable law, will either (1) repair, at no charge, the defect or damage using new, user or reconditioned/refurbished functionally equivalent replacement parts; or (2) exchange the Product with a replacement Product that is new or which has been reconditioned refurbished or otherwise remanufactured from new or used parts and is functionally equivalent to the original Product; or (3) refund the purchase price of any Products covered by the terms and conditions of this Limited Warranty. Products, parts and supporting documentation provided to Motorola as part of the

Exclusions (Products and Accessories)

a) Consumable parts, such as batteries or protective coatings designed to diminish over time unless failure has occurred due to a defect in materials or workmanship. As with all batteries, the maximum capacity of the battery will decrease with time and use: this is not a defect. Only defective batteries and batteries that leak are covered by this

warranty process, shall become the property of Motorola, and may not be returned.

When a replacement or refund is given, the Product for which the replacement or

refund is provided must be returned to Motorola and shall become the property of
