

motorola **H790**

Quick Start Guide

your headset

Take a moment to familiarize yourself with your new Motorola H790 Headset.

charge it

Charge your headset before using it.

The indicator light is red or yellow while the battery is charging. When the battery is fully charged, the indicator light turns green.

Note: Headset is not functional while charging.

Note: Your battery is designed to last the life of your product. It should only be removed by a recycling facility. Any attempt to remove or replace your battery will damage your headset.

pair & connect

Once charged, let's get your headset paired and connected to your Bluetooth phone(s).

pair & connect first phone

- 1 Turn off any Bluetooth devices previously paired with your headset.
- 2 Turn on the Bluetooth feature on your phone.
- 3 Put headset on your ear (see "wear it" on page 8 for help).
- 4 Turn on your headset (see "turn on" on page 9 for help).

The indicator light becomes steadily lit in blue and you hear *"ready to pair"*.

pair & connect

- 5 Follow voice prompts to connect your phone to your headset.

Note: When prompted for the passkey, enter **0000**.

When your headset successfully pairs with your phone, you hear “*pairing complete*”. When connected, you hear “*phone 1 connected*” and see the indicator light rapidly flash in blue and purple.

pair & connect second phone (optional)

- 1 Turn off first phone and any other Bluetooth devices previously paired with your headset.
- 2 Turn your headset off (see “turn off” on page 9 for help).

pair & connect

- 3 Turn on the Bluetooth feature on your phone.
- 4 Put headset on your ear.
- 5 Turn on your headset.
The indicator light becomes steadily lit in blue and you hear *"ready to pair"*.
- 6 Follow voice prompts to connect your phone to your headset.

When your headset successfully pairs with your phone, you hear *"pairing complete"*. When connected, you hear *"phone 1 connected"* and see the indicator light rapidly flash in blue and purple.

To connect to both phones, simply turn on the first phone while the second phone is connected. When you hear *"phone 2 connected"*, your

pair & connect

headset is connected to both phones. The last paired phone (your second phone) is now your primary phone (or “phone 1”) for voice dial functionality.

test your connection

- 1 Place the headset on your ear.
- 2 On one phone, dial the number you want to call and press **Call/Send** key. Repeat for the second phone.

If your phones and headset are successfully connected, you hear ringing on the headset.

For daily use, make sure your headset is turned on, and your phone’s Bluetooth feature is on. Your headset and phone will connect automatically.

put it on

choose an earbud

To get the best headset performance, try out all the supplied ear cushions to get a good fit.

choose an ear

Your headset comes ready for the right ear. To change for the left ear:

put it on

wear it

Flex the ear hook and loop it over your ear.

Tip: For optimal audio performance and comfort, be sure to position the ear cushion into your ear canal and point the headset microphone towards your mouth.

turn on & off

turn on

Slide the Power switch to the on position (no red is shown under the switch). The indicator light flashes blue three times, then flashes in blue and purple (if connected with a device) or is steadily blue (if ready to be paired).

turn off

Slide the Power switch to the off position (red is shown under switch). The indicator light flashes three times then turns off.

battery check

Press and hold both Volume buttons while not on a call.

indicator light	voice prompt	talk time
red	<i>"battery level is low"</i>	less than 1.5 hours
yellow	<i>"battery level is medium"</i>	between 1.5 to 3.5 hours
green	<i>"battery level is high"</i>	more than 3.5 hours

To save battery power, turn off the headset when you don't use it for an extended time.

calls

To...	
answer call	Press the Call button.
reject call	Press and hold a Volume button until you hear an audio tone
make a voice dial call	Press the Call button and you hear an audio tone.
redial last call	Press and hold the Call button until you hear an audio tone.
mute or unmute a call	Press and hold both Volume buttons until you hear <i>"mute on"</i> or <i>"mute off"</i> .
end a call	Press the Call button.
answer second incoming call	Press the Call button.

calls

To...	
reject second incoming call	Press and hold a Volume button until you hear a tone.

Tip: When connected to two phones, voice prompts help manage call functions such as voice dial, redial, and end call. Follow the voice prompts to execute a function on the desired phone.

Note: Your headset supports both Handsfree and Headset Profiles. Accessing call functions depends upon which profile your phone supports. See the instructions that came with your phone.

Note: Some call features are phone/network dependent.

Safety & General Information

IMPORTANT INFORMATION ON SAFE AND EFFICIENT OPERATION. READ THIS INFORMATION BEFORE USING YOUR DEVICE.

Approved Accessories

Use of accessories not approved by Motorola, including but not limited to batteries, antennas, and convertible covers, may cause your mobile device to exceed RF energy exposure guidelines and may void your mobile device's warranty. For a list of approved Motorola accessories, visit our Web site at: www.motorola.com

Batteries & Chargers

Your battery, charger, or mobile device may contain symbols, defined as follows:

Symbol	Definition
	Important safety information follows.
	Do not let your battery, charger, or mobile device get wet.

Use & Safety for Battery-Powered Accessories

- Do not store or use your battery-powered accessory (such as a Bluetooth® headset or other device) in temperatures below -10°C (14°F) or above 60°C (140°F).
- Do not recharge your accessory in temperatures below 0°C (32°F) or above 45°C (113°F).
- Conditions inside a parked car can exceed this range. Do not store your accessory in a parked car.
- Do not store your accessory in direct sunlight.
- Storing your fully charged accessory in high-temperature conditions may permanently reduce the life of the internal battery.
- Battery life may temporarily shorten in low-temperature conditions.

Caution About High Volume Usage

Warning: Exposure to loud noise from any source for extended periods of time may temporarily or permanently affect your hearing. The louder the volume sound level, the less time is required before your hearing could be affected. Hearing damage from loud noise is sometimes undetectable at first and can have a cumulative effect. To protect your hearing:

- Start your volume control at a low setting and use as low a volume as possible.
- Limit the amount of time you use headsets or headphones at high volume.

- Where possible, use your headset in a quiet environment with low background noise.
- Avoid turning up the volume to block out noisy surroundings.
- Turn the volume down if you can't hear people speaking near you.

If you experience hearing discomfort, including the sensation of pressure or fullness in your ears, ringing in your ears, or muffled speech, you should stop listening to the device through your headset or headphones and have your hearing checked by your doctor.

Smart Practices While Driving

Using a mobile device while driving may cause distraction. End a call if you can't concentrate on driving. Also, using a mobile device or accessory may be prohibited or restricted in certain areas. Always obey the laws and regulations on the use of these products.

Responsible driving practices can be found at www.motorola.com/callsmart (in English only).

Industry Canada Notice to Users

Operation is subject to the following two conditions: (1) This device may not cause interference and (2) This device must accept any interference, including interference that may cause undesired operation of the device. See RSS-GEN 7.1.5.

FCC Notice to Users

The following statement applies to all products that have received FCC approval. Applicable products bear the FCC logo, and/or an FCC ID in the format FCC-ID:xxxxxx on the product label.

Motorola has not approved any changes or modifications to this device by the user. Any changes or modifications could void the user's authority to operate the equipment. See 47 CFR Sec. 15.21.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. See 47 CFR Sec. 15.19(3).

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged

to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and the receiver.
- Connect the equipment to an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Motorola Limited Warranty for the United States and Canada

What Does This Warranty Cover?

Subject to the exclusions contained below, Motorola, Inc. warrants its telephones, pagers, messaging devices, and consumer and professional two-way radios (excluding commercial, government or industrial radios) that operate via Family Radio Service or General Mobile Radio Service, Motorola-branded or certified accessories sold for use with these Products ("Accessories") and Motorola software contained on CD-ROMs or other tangible media and sold for use with these Products ("Software") to be free from defects in materials and workmanship under normal consumer usage for the period(s) outlined below. This limited warranty is a consumer's exclusive remedy, and applies as follows to new Motorola Products, Accessories and Software purchased by consumers in the United States or Canada, which are accompanied by this written warranty:

Products and Accessories

Products Covered	Length of Coverage

Products and Accessories that are Repaired or Replaced.	The balance of the original warranty or for ninety (90) days from the date returned to the consumer, whichever is longer.

Exclusions

Normal wear and tear. Periodic maintenance, repair and replacement of parts due to normal wear and tear are excluded from coverage.

Batteries. Only batteries whose fully charged capacity falls below 80% of their rated capacity and batteries that leak are covered by this limited warranty.

Abuse & misuse. Defects or damage that result from: (a) improper operation, storage, misuse or abuse, accident or neglect, such as physical damage (cracks, scratches, etc.) to the surface of the product resulting from misuse; (b) contact with liquid, water, rain, extreme humidity or heavy perspiration, sand, dirt or the like, extreme heat, or food; (c) use of the Products or Accessories for commercial purposes or subjecting the Product or Accessory to abnormal usage or conditions; or (d) other acts which are not the fault of Motorola, are excluded from coverage.

Use of non-Motorola Products and Accessories. Defects or damage that result from the use of Non-Motorola branded or certified Products, Accessories, Software or other peripheral equipment are excluded from coverage.

Unauthorized service or modification. Defects or damages resulting from service, testing, adjustment, installation, maintenance, alteration, or modification in any way by someone other than Motorola, or its authorized service centers, are excluded from coverage.

Altered products. Products or Accessories with (a) serial numbers or date tags that have been removed, altered or obliterated; (b) broken seals or that show evidence of tampering; (c) mismatched board serial numbers; or (d) nonconforming or non-Motorola housings, or parts, are excluded from coverage.

Communication services. Defects, damages, or the failure of Products, Accessories or Software due to any communication service or signal you may subscribe to or use with the Products Accessories or Software is excluded from coverage.

Software

Products Covered	Length of Coverage
Software. Applies only to physical defects in the media that embodies the copy of the software (e.g. CD-ROM, or floppy disk).	Ninety (90) days from the date of purchase.

Exclusions

Software embodied in physical media. No warranty is made that the software will meet your requirements or will work in combination with any hardware or software applications provided by third parties, that the operation of the software products will be uninterrupted or error free, or that all defects in the software products will be corrected.

Software NOT embodied in physical media. Software that is not embodied in physical media (e.g. software that is downloaded from the Internet), is provided “as is” and without warranty.

Who is Covered?

This warranty extends only to the first consumer purchaser, and is not transferable.

What Will Motorola Do?

Motorola, at its option, will at no charge repair, replace or refund the purchase price of any Products, Accessories or Software that does not conform to this warranty. We may use functionally equivalent reconditioned/refurbished/pre-owned or new Products, Accessories or parts. No data, software or applications added to your Product, Accessory or Software, including but not limited to personal contacts, games and ringer tones, will be reinstalled. To avoid losing such data, software and applications please create a back up prior to requesting service.
