

## **Information to the User**

The APX Option Board Bluetooth Module (MNUK6000) is intended for integration into Motorola products only. Therefore it has no stand-alone User Manual. The following information will be included in the end product User Guide:

### **FCC/Industry Canada notice**

This device complies with Part 15 of the FCC and Industry Canada Rules. Operation is subject to the following two conditions:

1. This device may not cause harmful interference; and
2. This device must accept any interference received, including interference that may cause undesired operation.

### **FCC RF Exposure Statement**

This equipment complies with FCC and Industry Canada RF exposure limits set forth for a controlled environment. End users must follow the specific operating instructions for satisfying exposure compliance.

NOTE: Changes or modifications not expressly approved by Motorola could void the user's authority to operate the equipment.

### **Label Information FCC/Industry Canada:**

If the module is installed inside host devices, then the outside of the device into which the module is installed must display a label referring to the enclosed module. This exterior label shall use wording such as the following:

**Contains FCC ID: AZ489FT6000**

**Contains IC: 109U-89FT6000**
