User's Guide

Quick Start Guide

In multihandset packs, you will find one or more additional cordless handsets, cordless chargers with power adapter units, additional rechargeable battery packs, and battery doors.
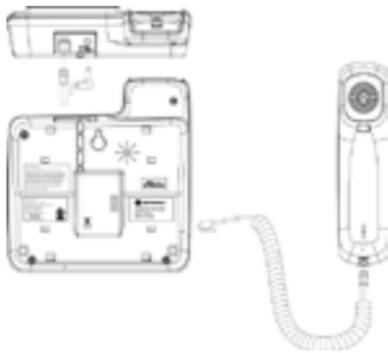

IMPORTANT

Only use the telephone line cord supplied.

Please note that only the Corded phone operates during power outage (with limited functions).

① Getting started

Step 1. Connecting the corded base

- Connect the corded handset to the corded base with the provided coiled cord.
- Plug the power adapter with the smaller pin plug & telephone line cord into the corded base.
- Plug the other end of the power adapter & telephone line cord into the wall jack.

TIPS
Do not place your phone in the bathroom or other humid areas. Please refer to the User's Guide for more cautions regarding the location of your phone.

IMPORTANT
Only use the power adapter and telephone line cord supplied with this product.

Step 2. Installing and charging the cordless handset battery pack

- Slide off the battery compartment cover to remove it. Place the supplied rechargeable battery pack in the battery compartment, with the battery connector plugged in, as shown.
- Slide the battery compartment cover back on.
- Put the cordless handset on the charger to charge for at least 24 hours. Once charged, the 🔋 will indicate that the handset is fully charged.

IMPORTANT
Use only the rechargeable battery pack provided.

Step 3. Setting the display language

For the corded base:

- Press **MENU (Base)** and then **VOL+ (Base)** or **VOL-** to select SETTINGS.
- Press **MENU (Base)** and then **VOL+ (Base)** or **VOL-** to select LANGUAGE.
- Press **MENU (Base)** and then **VOL+ (Base)** or **VOL-** to select the language you want.
- Press **MENU (Base)** to save.

For the cordless handset:

- Press **MENU** and then **VOL+ (Base)** or **REDIAL/VOL-** to select SETUP HS.
- Press **MENU** and then **VOL+ (Base)** or **REDIAL/VOL-** to select LANGUAGE.
- Press **MENU** and then **VOL+ (Base)** or **REDIAL/VOL-** to select the language you want.
- Press **MENU** to save.

Step 4. Setting date and time

For the corded base:

- Press **MENU (Base)** to select DATE & TIME.
- Press **MENU (Base)** and then **VOL+ (Base)** or **VOL-** to change the year setting.
- Press **MENU (Base)** and then **VOL+ (Base)** or **VOL-** to change the date setting. Repeat to set the time continuously.
- Press **MENU (Base)** to save the settings.
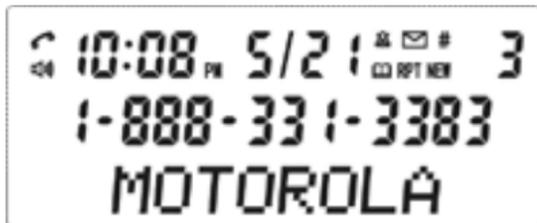

For the cordless handset:

- Press **MENU** to select DATE & TIME.
- Press **MENU** and then edit the year and date.
- Press **VOL+ (Base)** or **REDIAL/VOL-** to move between the input fields YEAR and DATE.
- Press **MENU** and then edit the time in 12hr format. Press **VOL+ (Base)** or **REDIAL/VOL-** to toggle AM/PM settings.
- Press **MENU** to save the settings.

NOTE
If you're a subscriber to your network's Caller ID service, date and time is automatically set when a call is received.

Your phone is now ready for use.

2 Using the phone

Making a call

For the corded base:

Enter the phone number and pick up the corded handset or press to dial the number.

For the cordless handset:

Enter the phone number and press /**FLASH** or /**SPEAKER** to dial the phone number.

Answering a call

For the corded base:

Pick up the corded handset or press to answer the incoming home call.

For the cordless handset:

Press /**FLASH** or press /**SPEAKER** to answer the incoming home call.

Adjusting the volume

During a call, press **VOL+** or **VOL-**. The same way for both corded base and cordless handset.

Ending a call

For the corded base:

During either a home or cellular call, put the corded handset on the corded base cradle.

For the cordless handset:

During either a home or cellular call, press **/BACK** or put the handset on the charger.

Using your answering machine through the corded base:

Please refer to the User's Guide for details.

through the cordless handset:

1. Press **/MUTE** from idle mode. New messages will be played followed by any older messages.
2. During the message playback, press the keys below to perform the following functions:

/ /1	Repeats the current message. Press twice to playback the previous message.
/ABC/2	Stop the message playback.
/DEF/3	Skip to play the next message.
VOL+	Increase the volume
REDIAL/VOL-	Decrease the volume.
/MUTE	Delete the current message and the next message will be played.
/SPEAKER	Toggle the message playback via earpiece/speakerphone.
/BACK	Exit to idle.

NOTE

For multiple handset models when you are on a call, the answering system will not answer the second incoming call.

❸ Help

The 🔋 icon is not scrolling when the cordless handset is placed on the charger
- Incomplete battery contact - adjust the cordless handset on the charger.
- Dirty contact - clean the battery contact by wiping with an alcohol moistened cloth.
- Battery is full - charging is not necessary at this time.

No dial tone
- If there is no base power, check the connections.
- Reset the phone by unplugging then plugging it back into an electrical outlet.
- If the cordless handset batteries are empty, recharge the battery pack for at least 24 hours.
- Move the cordless handset closer to the corded base.
- Be sure to use only the provided telephone cords.

Poor audio quality
- If the corded base is too close to electrical appliances, reinforced concrete walls, or metal door frames, move the corded base from these areas.

No ring tone
- The ring tone may be deactivated.
- The volume may need to be increased.

Caller ID does not work
- Check your subscription with your network operator.
- If you subscribe to high-speed internet service (Digital Subscriber Line - DSL) through your telephone lines, you must install a DSL filter between the telephone base and the telephone wall jack. The filter will prevent noise and caller ID problems caused by DSL interference. Please contact your DSL service provider for more information about DSL filters.

A phonebook entry cannot be stored
- The phonebook is full. Delete an entry to free some memory.

No display
- Try recharging or replacing the rechargeable battery pack.
- Reset the corded base. Unplug the unit from the electrical outlet, then plug it back in.
- If the LED is not lit up, then try to unplug the unit's electrical power, and then plug it back in.

When the cordless handset disconnects from the corded base during a phone call

- Check that the power cord is connected properly into the corded base.
- Check that the power adapter is connected properly into the electrical outlet.
- Move the cordless handset closer to the corded base. It may be out of range.
- Reset the corded base by unplugging the unit's electrical power. Wait for around 15 seconds and re-plug the power again. Allow up to one minute for the cordless handset to synchronize with the registered corded base again.

Noise interference on your radio or television

- Your corded base or cordless charger may be too close. Move it as far away as possible.
