

Play from an external device

If the music player does not supply the Bluetooth function, you can also listen to an external audio device through this speaker. The supplied audio cable has 3.5mm plug.

1. First connect the 3.5mm audio plug to the 3.5mm AUDIO output or earphone jack on an MP3 player, plug the Micro USB plug to the AUX/DC in jack on your speaker.
2. Speaker will switch to Line In mode automatically.
3. If you want to adjust the volume level of your speaker, only adjust the volume control on the connected MP3 player.
4. If you want to Play/pause the music play, just control the native buttons on your MP3 player.

Care and maintenance Instructions:

When cleaning the unit, you should first unplug it from the power supply. Use only a dry soft cloth to wipe the unit. Never allow water or any other liquids to get inside the unit while cleaning. Do not use any cleaning agents containing alcohol, ammonia, benzene, or abrasives as this may harm the set. Unplug the unit if you are not using it for an extended period of time. This product is not intended for commercial use. Household use only.

NOTE : As a result of continual improvements, the design and specifications of the product within may differ slightly to the unit illustrated on the packaging.

Symptom	Possible problem and solution
Cannot pair successfully	Check whether the speaker is in power on and searching mode. Check whether there are too many Bluetooth receivers around your Bluetooth device. Turn them off to avoid any disturbance. And pair again.
The sound is small or distorted	Check the volume setting on your Bluetooth device and adjust the volume to a suitable level.
Cannot play properly, the music is intermittently	Check whether the distance between the speaker and your Bluetooth device is out of its working distance 10m, or whether there are some obstacles blocking the communication between the speaker and the Bluetooth device. Move the speaker or the Bluetooth again to get the best position.

Mini USB jack, power by USB cable (USB cable included)
3.5mm Aux jack for connection to other MP3, CD, Laptop
Audio Output Power : 3W
Working Distance in open air : < 10M

FCC ID : 2ACUH-MINICUBE

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:
(1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
-- Reorient or relocate the receiving antenna.
-- Increase the separation between the equipment and receiver.
-- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
-- Consult the dealer or an experienced radio/TV technician for help.

Changes or Modifications not expressly approved by the party responsible could void the user's authority to operate this device.

The standard accessories

Unpack the unit carefully. We recommend that you save the box and packing materials, in case you wish to store the unit.

Before setting up the unit, verify that the following accessories are present:

Charging LED	Indicator	Blue LED Status	Indicator
LED in red light	Charging status	Paired	Blue light stops flash
LED in off mode	Charging is finished	Aux-in mode	Blue light flash quickly
		Power on	Light up (Blue)
		Power off	Light switches off

How to charge the speaker

Your speaker has an built in rechargeable battery, before the first use, the battery should be charged to ensure optimal performance and battery life, charging the speaker for about six hours after connecting the speaker to the USB port of a PC which is powered on. Alternately the speaker may be powered by a 110V/60Hz wall charger (sold separately) with a 5V 1Amp USB output.

The red charging indicator will be "on" while it is charging; the red light switches off once battery is full charged.
The repeat charging time needs about 4-5 hours; the playback time has about 2-3hours, it depends on the volume level as you desired.

Set up

1. Slide the power switch to "On" to turn on the speaker. The blue LED indicator will be flashing shows Bluetooth pairing.
2. The Speaker starts searching for Bluetooth device.
3. Turn on your Bluetooth device (iPod/iPhone, mobile phone or compatible device). Refer to the device user manual to activate the Bluetooth function and pair with the Bluetooth device.
4. For Apple iPhone select **Settings, General, Bluetooth** and wait for the iPhone to search for the device
5. Select the "MINI CUBE" device from the Bluetooth list, Tap the "Not paired" to pair the device.
6. Once paired the LED indicator will stop the flash.
7. When paired successfully both the speaker and your Bluetooth device will store the device. Now you can play music from your iPod/iPhone or mobile phone through the Bluetooth speaker. When you use the same Bluetooth device to connect to the speaker there is no need to use the password.
8. When it is not being used for a long period time, please turn off the speaker.

Listening to Bluetooth device

You can listen to a Bluetooth device through this speaker.
Note: the effective operation range between the speaker and your Bluetooth device is approximately 10 meters in open air.

1. Switch on to turn on Bluetooth function. Activate the Bluetooth function in your Bluetooth device. Play music from your Bluetooth device and enjoy it on your Bluetooth speaker.
2. To adjust speaker volume by touching the button on the Bluetooth Speaker.
3. To Pause and resume play of the music track, touch the Play/Pause on the Bluetooth Speaker.

Remark:

1. If the device has already been paired to the speaker before, then just select MINI CUBE and it will pair again.
2. Please do not play music via AUX in function while charging in process.
