

# Transmitter instruction

## Technical data:

Transmission frequency	433.92MHz
Remote control distance	100feet (free area)
Power for transmitter	DC12V (23A) Alkaline battery

## Installation:

- Install 1pc 12V(23A) Alkaline battery in the transmitter's battery compartment, making sure the polarity+/-of the battery is correct.
- Plug each socket into a power socket and plug a device into each socket.
- Push each ON or OFF button on transmitter will turn on or off the corresponding socket accordingly.

**Note:** Extra buttons on transmitters can be used with additional sockets.

## FCC STATEMENT

This device complies with Part 15 of the FCC rules. Operation is subject to the following two conditions:

- 1) this device may not cause harmful interference, and
- 2) this device must accept any interference received, including interference that may cause undesired operation.

Changes or modifications not expressly approved by the party responsible for compliance could void your authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is

no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

FCC Radiation Exposure Statement:

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment.
