5. To reduce the risk of injury, close supervision is necessary when the product is used near children.
6. Do not expose the device to moisture.
7. Do not use the device in excess of its output rating. Overload outputs above rating may result in a risk of fire or injury.
8. Do not use the device if damaged or modified.
9. Damaged or modified batteries may exhibit unpredictable behavior resulting in fire, explosion or risk of injury.
10. Do not disassemble the device. For repairs, seek a qualified service professional. Incorrect reassembly may result in a risk of fire or injury.
11. Do not expose the device to fire or excessive temperature. Exposure to fire or temperatures above 113°F may cause explosion.
12. Ensure that qualified service professionals use only identical replacement parts to ensure product safety

SAFETY PRECAUTIONS:

- WARNING-When using this product, basic precautions should always be followed:
 1. Read all the instructions before use.
 2. Never store or use this product in temperatures below 32°F(0°C) or above 113°F(45°C).
 3. Do not overcharge Phone. Unit may get hot with excessive use. Remove Phone when it is fully charged. Never charge for more than 7 hours at a time.
 4. The unit's full performance is achieved only after 2 or 3 completed charge and discharge cycles.

FCC Statement:

- This device complies with Part 18 of the FCC Rules.
- The interference potential of the device or system.
- Maintenance of the system.
- Simple measures that can be taken by the user to correct interference.
- For RF lighting devices, provide an advisory statement, either on the product packaging or with other user documentation, similar to the following:
This product may cause interference to radio

Front

equipment and should not be installed near maritime safety communications equipment or other critical navigation or communication equipment operating between 0.45-30 MHz.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) This device must accept any interference received, including interference that may cause undesired operation.

Warning:

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
