MANUAL DE USUARIO

Radio Control de Funcion Completa

#631, 632

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference that may be received, including interference that may cause undesired operation.

Cet appareil est conforme à la section 15 des Règles de la Commission Fédérale des Communications (CFC). Son utilisation est soumise aux deux conditions suivantes: (1) cet appareil ne doit pas causer d'interférences, et (2) cet appareil doit accepter n'importe quelle interférence, y compris celles des stations radio et des appareils sans fil qui peuvent causer un fonctionnement indésirable.

Este dispositivo cumple con la sección 15 del Reglamento del FCC. Su operación está sujeta a las siguientes condiciones: (1) el dispositivo no debe causar interferencias y (2) el dispositivo debe aceptar cualquier tipo de interferencia, incluidas aquellas que pueden causar un funcionamiento no deseado del dispositivo.

HINTS WHEN USING BATTERIES

- Do not use old and new batteries or batteries of different types at the same time. When changing batteries, always replace with a new set of batteries.
- Do not use non-rechargeable batteries with rechargeable batteries or rechargeable batteries of different capacities.
- Remove all batteries from the transmitter and the vehicle when not in use for an extended period of time.
- Stop using whenever it's wet to avoid short-circuit.
- Never throw the battery into water or fire or disassemble or weld it.
- Do not use, charge or store for any more than 60 days or in hot and humid place.

VEHICLE OPERATION

Any of the following conditions may interfere with the behavior and function. The transmitter signals can easily be interrupted.

Improper handling may hamper the performance of the vehicle.

SAFETY PRECAUTIONS

Remember to avoid water, heat, sand and high impact!

- Keep vehicle away from wet surfaces or rain.
- Avoid running on hard surface.
- Avoid collision on thick carpet or dusty floors.
- Avoid running 2 vehicles of the same frequency. Always run one at a time unless you purchase vehicle with different frequencies.
- Keep vehicle away from sandy or dusty areas.
- Do not operate your model in the streets.
- DO NOT operate your model with the antenna wire.
- The supply terminals are not to be short-circuited.

This radiocommunication device complies with all the requirements of Industry Canada Standard RSS-310.

PRECAUTIONS CONCERNANT LES PILES

- N'utilisez pas ensemble des piles de types différents, ou des piles neuves et usagées. Quand vous changez les piles, remplacez-les toujours par un lot de piles neuves.
- N'utilisez pas de piles non rechargeables avec des piles rechargeables, ou des piles rechargeables de capacités différentes.
- Retirez toutes les piles et batteries de la radiocommande et du véhicule si vous n'utilisez pas les utiliser pendant une période prolongée.
- Arrêtez toutes les piles et batteries de la même fréquence. Toujours exécuter un à la fois, sauf si vous achetez des véhicules avec des fréquences différentes.
- Évitez de courir 2 véhicules de la même fréquence. Toujours exécuter un à la fois, sauf si vous achetez des véhicules avec des fréquences différentes.
- Ne jetez jamais la batterie dans l'eau ou dans le feu, n'essayez pas de la démonter ou de la souder à quelque chose.
- Ne rechargez pas ou ne rangez pas en jouant pile sur un feu ou dans un endroit chaud et humide.

FONCTIONNEMENT DU VEHICULE

N'imprimez jamais les conditions suivantes qui peuvent altérer le fonctionnement et le comportement du véhicule. Il peut arriver facilement que les signaux de la radiocommande soient interrompus.

La performance de votre véhicule peut être altérée par de mauvaises manipulations.

PRECAUTIONS DE SECURITE

Rappel : évitez l'eau, la chaleur, le sable et les chocs violents!

- Gardez votre véhicule loin des surfaces mouillées et à l'abri de la pluie.
- Évitez de courir sur des surfaces sèches ou poussiéreuses.
- Évitez de courir 2 véhicules de la même fréquence. Toujours exécuter un à la fois, sauf si vous achetez des véhicules avec des fréquences différentes.
- Gardez votre véhicule éloigné des zones sablonneuses ou poussiéreuses.
- Ne jetez pas votre véhicule dans l'eau ou dans le feu.
- Ne faites pas de court-circuit entre les piles.
- Ne chargez pas de court-circuit entre les piles.

Ce dispositif de radiocommunication rencontre toutes les exigences de la norme CNR-310 d'Industrie Canada.

CONSEJOS CUANDO USE LAS PILAS

- No use pilas nuevas con usadas o pilas de diferente tipo al mismo tiempo. Cuando cambie las pilas, reemplácelas todas al mismo tiempo.
- No use pilas no recargables con pilas recargables, o pilas recargables de diferentes capacidades.
- Retire las pilas de la radiocommande y del vehículo si no va a utilizarlos por un periodo prolongado de tiempo.
- Deje de utilizar cuando esté mojado para evitar cortocircuitos.
- No tire la batería cuando está mojada o al fuego, ni desmonte o suelde.
- No use, cargue o almacene por más de 60 días o en un lugar húmedo y caluroso.
- No recargue o almacene el juguete con una fuente de calor o un lugar húmedo y caluroso.

MANEJO DEL VEHÍCULO

Cualquier de estas condiciones podría interferir con su comportamiento y funcionamiento. La señal del transmisor puede ser interrumpida con facilidad.

El manejo indebido del vehículo podría afectar su rendimiento.

PRECAUCIONES DE SEGURIDAD

Recuerde evitar el agua, el calor, la arena y las colisiones de gran impacto!

- Mantenga el vehículo alejado de superficies mojadas o de la lluvia.
- Evite correr en alfombras espesas o suelos polvorientos.
- Evite correr 2 vehículos de la misma frecuencia. Siempre se usa a la vez a menos que la compra de vehículos con diferentes frecuencias.
- Mantenga el vehículo alejado de áreas arenosas o polvorientas.
- No utilice el vehículo en las calles!
- No traslade el vehículo cogiéndolo desde el cable de la antena.
- No cortocircuite los terminales de alimentación.

Warning: Changes or modifications to the unit not expressly approved by the party responsible for compliance could void the user's warranty to operate the vehicle.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment operates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

Caution: This equipment should be kept away from water, sand and heat. Improper handling may hamper the performance of the vehicle. The transmitter signals can easily be interrupted. Improper handling may hamper the performance of the vehicle.

Attention: Changes or modifications to the unit not expressly approved by the party responsible for compliance could void the user's warranty to operate the vehicle.
