Warnings, Specifications & Warranty

# Warnings & Safety Information

- Failure to follow these warnings and safety information may result in personal injury or damage to the product or other property.
- Observe all country, state, and local laws (and any other applicable jurisdiction) when using this device. This includes compliance with any laws or regulations that may address the use of this device and the placement of the device within the vehicle. Navdy cannot guarantee that the device or its use is permissible in your country and jurisdiction.
- The traffic regulations data (e.g., speed limit notices) may differ from actual traffic regulations due to changes to the traffic regulations. Always obey local traffic regulations and actual traffic signs when operating a vehicle and use safe driving judgment at all times. Navdy does not assume any responsibility for any fines, penalties, or damages that may be incurred as a result of the violation of any law or ordinance relating to the use of your device. It is your responsibility to comply with all traffic and motor vehicle safety laws and regulations and to use the device in such a manner that you are in compliance with applicable laws.
- This device cannot and does not compensate for driver inattentiveness and poor judgment. You must give your full attention to driving
  conditions, including traffic conditions and pedestrians, to avoid potentially hazardous situations that could result in an accident, which could
  result in serious injury or death. Navdy does not assume responsibility for any accident or collision in which you are involved.
- Do not follow route suggestions if they are unsafe, would require an illegal maneuver, or would place the vehicle or its occupants in an unsafe situation.
- Minimize the amount of time spent viewing the display while driving. You must always exercise careful and cautious driving, and should not
  glance away from the roadway while driving to view the device for more than two seconds at a time. Failure to keep your eyes on the road
  ahead may cause an accident for which Navdy will not be responsible.

- Your eyesight may impact the clarity of the images displayed on the device, and the visibility of conditions both outside and inside the vehicle.
   Make sure that your eyesight is sufficient to both maneuver the vehicle and utilize the device. If you are short-sighted or far-sighted, have astignatism or differing visual acuities between your left and right eyes, you should wear glasses or utilize other corrective measures to correct visual acuity before using this device.
- You should setup, change settings or enter information only when the vehicle is stationary, and not while you are driving the vehicle. Park
  your vehicle in a safe location before setting a route to your destination on an iPhone or Android device.
- Always secure your smartphone to prevent it from distracting you or interfering with your driving. Also, do not operate your smartphone
  while driving.
- This device may be used with an optional Navdy 12-volt power adaptor (sold separately), which should only be used with a 12-volt charging receptacle (sometimes referred to as the cigarette lighter receptacle) to avoid a risk of fire or malfunction.
- Do not allow this device to come into contact with liquids. Doing so may cause smoke, fire, or electric shock. If liquid or foreign matter should get inside the device, turn off the power immediately and consult Navdy. Do not use the device in this condition because doing so may result in fire, electric shock or other failure.
- Do not leave the device in a place subject to direct sunlight. The device should be removed from direct sunlight when not in use to avoid damage to the device itself. Failure to remove Navdy from your vehicle, when not in use, may cause damage for which Navdy will not be responsible.
- Sunlight may be reflected by the Lens into an intense beam. The intensity of this beam is strongest in an area between 13-17 cm (5.1-6.7 inches) from the Lens. Ensure that no objects are within 13-17 cm from the Lens to prevent fire, damage, or personal injury. Use particular caution when using this device in a car with a sunroof or convertible.
- Do not smoke around your Navdy-smoking may damage your Navdy or cause your Navdy to malfunction.
- If the Navdy device is dropped, the plastic lens may break and have sharp edges.

- Remove Navdy from your vehicle when not in use. Leaving Navdy unattended in a vehicle may result in a break-in. Navdy will not be
  responsible for theft of the Navdy or damage to your vehicle as a result of a break-in.
- WARNING: This product, its packaging, and its components contain chemicals known to the state of California to cause cancer, birth defects, or reproductive harm. This notice is being provided in accordance with California's Proposition 65.

#### Installation Warnings

- Follow the installation instructions in this manual to connect and install the device.
- When installing the device in your vehicle, follow the installation instructions to ensure the device is securely installed in a location that does
  not obstruct your vision, or interfere with the vehicle's steering wheel. When connecting the Power Cable to the on board diagnostics (OBD)
  system, ensure the cord does not interfere with the vehicle operating controls, such as the foot pedals, or the driver's feet. Obstructing your
  vision or interfering with the steering wheel or vehicle operating controls can result in an accident, which could result in serious injury or death.
- Check all applicable vehicle warranty terms before connecting the Navdy device to the OBD port.
- Never install the device on the cover of an airbag or in a place where the device will interfere with the deployment of an airbag. Doing so may prevent the airbag from deploying normally, resulting in serious injury or death.
- Review the device mount after installation to ensure the Mount is secure and that the Power Cable is snapped into it. Failure to properly mount the device can result in dislocation of the device, causing potential injury.
- Ensure the power cable doesn't interfere with the vehicle operating controls. Obstructing the steering wheel, pedals, or vehicle operating controls can result in an accident, which could result in serious injury.

- Do not remove the Lens protection sheet before the installation is completed.
- Included alcohol wipes can sometimes cause dashboard discoloring, first try cleaning a small, hidden part of the dash before cleaning the full mount area.
- Only install Navdy Mounts to clean surfaces. Dirt, oil, and other debris may reduce adhesion, which may result in a weaker bond.
- The antenna(s) used for this transmitter must be installed to provide a separation distance of at least 20 cm from all persons.

## Specifications

Operating Temperature Range	-15° to 60°C (5° to 140°F)
Storage Temperature Range	-40° to 85°C (-40° to 185°F)
Operating Voltage and Current	12 - 14 Vdc @ 1 Amp (Max)
USB Port Voltage	5 Vdc
USB Port Current	0.5 Amp
Navdy Body	150mm x 140mm; 34mm (height)
Navdy Lens	57mm x 132mm

Made for: iPhone 6s Plus, iPhone 6s, iPhone 6 Plus, iPhone 5s, iPhone 5c, iPhone 5.

Requires: iOS 9 or later OR Bluetooth-enabled Android phone running 4.1 or later, Navdy smartphone app, Internet access, acceptance of the software license terms, vehicle with an accessible OBD-II port or 12-Volt adapter (sold separately).

## FCC Compliance

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This product does not contain any user-serviceable parts. Repairs should only be made by an authorized Navdy personnel. Unauthorized repairs or modifications could result in permanent damage to the equipment, and void your warranty and your authority to operate this device under Part 15 regulations.

#### Limited Warranty

Navdy warrants that the included hardware product will be free from defects in materials and workmanship for one year from the date of purchase. Navdy does not warrant against: (a) normal wear and tear or other cosmetic damage; (b) damage caused by accident, abuse, acts or nature, or other external causes; (c) damage caused by modifications or alterations of the product without Navdy's prior written permission, including without limitation modifications or alterations by unauthorized service providers; (d) damage caused by connections to cables not supplied by Navdy; or (e) damage caused by a vehicle and/or mobile device to which the product is connected. Navdy may address valid claims under this warranty by, at its sole option, repairing, replacing (with a new or refurbished product), or refunding the purchase price for the product. To obtain warranty service, please call Navdy customer service to receive a Return Merchandise Authorization number. To obtain warranty service, you must return the product in its original packaging, postage prepaid, to the place of purchase, together with proof of purchase and Return Merchandise Authorization number.

THE WARRANTY SET FORTH ABOVE IS THE EXCLUSIVE WARRANTY FOR THE PRODUCT AND IS PROVIDED IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED INCLUDING WITHOUT LIMITATION ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. EXCEPT FOR THE WARRANTY SET FORTH ABOVE THE PRODUCT IS PROVIDED AS-IS. SOME STATES DO NOT ALLOW THE EXCLUSION OF IMPLIED WARRANTIES OR LIMITATIONS ON HOW LONG AN IMPLIED WARRANTY LASTS, SO THE ABOVE EXCLUSION AND LIMITATION MAY NOT APPLY TO YOU. THIS WARRANTY GIVES YOU SPECIFIC LEGAL RIGHTS, AND YOU MAY ALSO HAVE OTHER RIGHTS WHICH VARY FROM STATE TO STATE.

# IC Compliance / IC Conformité

This device complies with Industry Canada licence-exempt RSS standard(s). Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device.

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes : (1) l'appareil ne doit pas produire de brouillage, et (2) l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.
