Connect your eReader & install the Desktop Application

1 Important! Make sure you're connected to the Internet before you get started!

System Requirements: 128 MB RAM, 100 MB Hard Drive Space (plus space for any books you add), 1024 x 768 Display

Mac
You'll need Mac OS X version 10.3 or later (for iBooks)

PC
You'll need Windows® XP (Service Pack 3), Windows Vista®, or Windows 7. If you use anti-virus software you may see prompts asking whether you wish to proceed with your Kobo installation—this is normal, and you should allow the installation.

1 **Connect Your Kobo eReader to Your Mac**

Look for the USB cable reader your box. This is also how you charge your eReader. It may take up to 3 hours to fully charge, but you don't have to wait to start your installation.

2 **Install the Kobo Desktop Application**

Find and double-click the "KoboDesktop" icon on your desktop to see the contents of your Kobo installation.

Next, open the Desktop Installer folder, and then the Mac OS X folder.

Double-click the DesktopInstaller file.

3 **Finish**

A new Kobo disk image will appear on your desktop.

In the window that appears, drag the Kobo icon to your Applications folder.

1 **Connect Your Kobo eReader to Your PC**

Look for the USB cable reader your box. This is also how you charge your eReader. It may take up to 3 hours to fully charge, but you don't have to wait to start your installation.

2 **Go to the Installation Files**

When Windows detects your Kobo eReader, select "Open folder to view files."

3 **Finish Installing the Application**

Open the Desktop Installer folder, and then the Windows folder.

Double-click DesktopInstaller.exe, and then follow the prompts to complete your installation.

Shop

Browse from the Kobo Desktop Application, or set up Wi-Fi and shop directly from your eReader.

Desktop

1 **Launch the Kobo Desktop Application and Visit the Kobo Store**

WINDOWS USERS
Double-click the Kobo icon on your desktop.

MAC USERS
Double-click the Kobo icon in your Applications folder.

2 **Pick Out the Perfect Book, then Click Buy**

Select one of the same links to start shopping.

PC/MAC users: you'll see the same steps.

TOP 50 shows you the day's hottest books.

BROWSE CATEGORIES lets you browse for a specific type of book.

RECOMMENDED READING shows you lists of books with a common theme, or recommended by other readers.

You can also search for a specific book using the Search box on every screen.

Select a title to see its synopsis and ratings. Click any where you find something you like.

3 **Sync your eReader**

You can sync your eReader wirelessly or through the Kobo Desktop Application.

SYNC WIRELESSLY
To sync wirelessly, simply select the sync button, then select wireless.

SYNC USING DESKTOP
Connect your eReader to your computer using the USB cable. Then launch the Kobo Desktop Application and click sync.

Shop on the Go! Set Up Your Wireless Connection to the Kobo Store

1 **Press the sync button.**

2 **Select your name.**

Your Kobo eReader lists any wireless networks available in your area.

3 **Highlight and select the network you want to join.**

If you select a secure network, your eReader will prompt you for a password.

That's it! Once connected, your eReader will take you directly to the Kobo Store.

2 **Select One of the Store Links to Start Shopping**

The eReader shows you all the same areas you'll find in the Kobo Desktop Application.

You can even search for a specific book. Press the search button, then enter search text under name.

When you've found the perfect book, click next to download it wirelessly. You'll have your new book in minutes, no computer required!

Select a title to see its synopsis and ratings. Click any where you find something you like.

3 **Update your Kobo Desktop Application**

To read your new books in your computer, simply launch the Kobo Desktop Application, and then click sync again.

UPDATE LIBRARY

You can also access the books you've purchased on other smartphones and tablets, and you have to do it through a Kobo App. For more information visit www.kobobooks.com/getting_started

Read

Enjoy the Kobo reading experience

1 **Explore Your Library**

Press the menu button to browse different parts of your library. You can set it to Favorites, Recent, or Favorites.

BOOKS holds your 100 free classics, any books from the Kobo Store, library books, and more.

FM READING lets just those books you're currently reading. To remove them, open your first book.

DOCUMENTS holds other reading material, such as PDFs.

2 **Start Reading!**

Simply select a title to open a book, then use the Navigation Pad to turn pages.

Want to jump forward or back? Press the menu button and select next chapter or previous chapter, or select next or previous and pick the chapter you want to read.

You can also personalize your reading experience to make reading even more enjoyable. Press the menu button and select theme. You can choose from five different type sets, and two font styles.

You can even change font size as you're reading, pressing up and down on the Navigation Pad.

3 **Sync & Read Anytime, Anyplace**

With Kobo, your books have you wherever you read. Start a book on your eReader, then pick it up where you left off and read on your computer using the Kobo Desktop Application.

On the go? Load a Kobo App onto select smartphones and tablets, and your documents read with you. Search from device to device and never lose your place; plus you always have access to your library!

✓ Tip: You can wirelessly sync your library and update your bookmarks using your Kobo eReader. Simply select the sync button, then select wireless.
