

Model: GF614C.

CAUTION-ELECTRICALLY OPERATED PRODUCT:
NOT RECOMMENDED FOR CHILDREN UNDER 8 YEARS OF AGE.
AS WITH ALL ELECTRIC PRODUCTS, PRECAUTIONS SHOULD BE
OBSERVED DURING HANDLING AND USE TO PREVENT ELECTRIC
SHOCK. INPUT: 120V AC 60Hz 8W. OUTPUT: 13V DC 440mA.

FCC CAUTION:

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with part 15 of the FCC Rules.

Operation is subject to the following two conditions:

- (1) this device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

“This device complies with FCC and IC radiation exposure limits set forth for an uncontrolled environment. The device should be installed and operated with a minimum distance of 20cm between the radiator and your body. This device must not be collocated or operating in conjunction with any other antenna or transmitter.”

This device complies with Industry Canada licence-exempt RSS standard(s). Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device.

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes : (1) l'appareil ne doit pas produire de brouillage, et (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

Due to low power design, this product is exempted from RF exposure or SAR evaluation and is safe for intended use

- VR Headset Included
- Dash-mounted Video Camera
- Real-Time WiFi Streaming
- Still Photo Capture Mode
- View Video on your Smart Device
- Full Function Radio Control
- Forward/Reverse Left/Right Steering
- Built-in Smart Phone Holder on Transmitter
- Control Vehicle from your Smart Device (when not in VR Mode)
- All Wheel Drive
- Rock Climbing Capabilities
- 4X4 Extreme Flex Spring Suspension
- Includes 9.6V Lithium-ion Battery Pack & Charging unit
- All Required Batteries Included
- 2.4GHz Technology
- Runs Longer, Charges Faster
- Race Up to 6 vehicles at once
- Use a Smart Phone with included VR Goggles and 2.4GHz Transmitter for the Ultimate Virtual Reality Radio Control Experience (Requires Free App Download)
- Use a Smart Device to control the vehicle, record video and take still images (Requires Free App Download)
