

[iC4]

Every time we turn around it seems we find ourselves fielding the same question – “who’s your daddy?” In so many words, anyway Well, on the in-ceiling front, there’s simply no other answer – the iC4. It offers the Montana version of full-range response combining NHT’s (U.S. Patent #5,952,619) 3-tweeter array and the “Big Daddy” – an aluminum cone, 8" hella-long-throw woofer that can jostle innards and boom a base line to a ridiculous 40Hz. Yowza.

[SPECIFICATIONS]

System type:	2-way in-ceiling loudspeaker
Woofers:	8" long-throw polypropylene cone
Tweeter:	3 x 1" fluid cooled aluminum dome (NHT U.S. Patent #5,952,619)
Crossover:	1.6kHz, 18dB/octave high-pass, 12dB/octave low pass
Response:	40Hz - 20kHz, +/- 3dB
Sensitivity:	85dB (2.83V@1m)
Impedance:	8 ohms nominal
Recommended Amplifier Power:	10W/ch minimum, 150W/ch maximum
Inputs:	2 each professional grade, gold plated spring posts
Weight:	7 lbs
Cutout Dimensions:	10 1/4" dia.
Bezel Dimensions:	11 1/4" dia.
Depth Behind Wall:	4 3/4"
Finish:	Matte white (paintable)
