2 Install the SIM card.

Your Nokia 6101 phone uses a convenient SIM card, which holds information about your wireless service and stores contact information. That means you can transfer your service and contacts to your phone simply by inserting your SIM card!

Insert the SIM card

1. With the back of the phone facing you, push down the release button on the back cover.
2. Slide the cover off in the direction shown (fig. 2.1).
3. After removing the battery, open the SIM card holder by pressing the release button and lifting the holder up (fig. 2.2).
4. Insert the SIM card with the metal contacts facing down and the beveled edge pointing towards the top of the phone (fig. 2.3).
5. Close the SIM card holder.

3 Insert and charge the battery.

The Nokia BL-4C battery is inserted under the back cover. A fully charged battery has up to 4 hours of talk time and up to 350 hours of standby time.

Insert and charge the battery

1. Turn the phone off and remove the back cover.
2. Insert the battery, gold-colored contact end first, into the battery slot. Then push down on the other end of the battery to snap into place (fig. 3.1).
3. Replace the back cover by setting the cover on the phone with the cover tabs aligned with the slots in the phone, then slide the cover toward the top of the phone until it is securely in place.
4. Plug the Nokia AC-3 charger into a standard AC wall outlet.
5. Connect the charger cable to the bottom of the Nokia 6101 phone.
Note: If you would like to use a charger from an earlier Nokia phone, you will need the Nokia CA-44 charger adapter (fig. 3.2). You can purchase this from your wireless service provider.
Tip! Allow the battery to fully charge before using your Nokia 6101 phone.
6. After your phone is fully charged, turn it on. You will be prompted to set the time and date.

Recharge the battery

Recharging time is approximately 90 minutes while the phone is in standby mode. While charging is in progress, the battery charge indicator scrolls on the phone display. It stops scrolling when the battery is fully charged.

4 Send an audio message.

Personalize your multimedia messages in a spontaneous and creative way by sending audio messages. An audio message is easy to record and send, and it eliminates cumbersome voicemail systems.
