## 6 Sending and receiving images

The optional OLYMPUS PENPAL can be used to upload pictures to, and receive pictures from, Bluetooth devices or other cameras connected to an OLYMPUS PENPAL. Visit the OLYMPUS website for more information on Bluetooth devices. Before sending or receiving images, select [ON] for [📶/📶 MENU DISPLAY] > [📶 MENU DISPLAY] to make the accessory port menu accessible.

### Sending images

Resize and upload JPEG images to another device. Before sending images, make sure that the receiving device is set to the mode for receiving data.

- 1 Display the picture you wish to send full frame and press **OK**.
- 2 Select [SEND A PICTURE] and press **OK**.
  - Select [SEARCH] and press **OK** in the next dialog. The destination will be searched and displayed.
- 3 Select the destination and press **OK**.
  - The image will be uploaded to the receiving device.
  - If prompted to enter a PIN code, enter the code for the receiving device and press **OK**.

### Receiving images/adding a host

Connect to the transmitting device and download JPEG images.

- 1 Select [OLYMPUS PENPAL SHARE] in the **A** tab of the accessory port menu (P. 90).
- 2 Select [PLEASE WAIT] and press **OK**.
  - Perform operations for sending images on the sending device.
  - Transmission will start and a [RECEIVE PAIRING REQUEST] dialog will be displayed.
- 3 Select [ACCEPT] and press **OK**.
  - The image will be downloaded to the camera.
  - If prompted to enter a PIN code, enter the code for the transmitting device and press **OK**.

### Tips

- To resize images to be transmitted or choose how long the camera searches for a destination: [INFO] "Accessory port menu options" (P. 90)

## Editing the address book

The OLYMPUS PENPAL can store host information. You can assign names to hosts or delete host information.

- 1 Select [OLYMPUS PENPAL SHARE] in the [A] tab of the accessory port menu (P. 90).

- Press [▶] and select [ADDRESS BOOK].

- 2 Select [ADDRESS LIST] and press [OK].

- The names of existing hosts are listed.

- 3 Select the host you wish to edit and press [OK].

### Deleting hosts

- Select [YES] and press [OK].

### Editing host information

- Press [OK] to display host information. To change the host name, press [OK] again and edit the current name in the rename dialog.

## Creating albums

Your favorite JPEG pictures can be resized and copied to an OLYMPUS PENPAL.

- 1 Display the picture you wish to copy full frame and press [OK].

- 2 Select [SD → PENPAL] and press [OK].

- To copy images from an OLYMPUS PENPAL to the memory card, select [PENPAL → SD] and press [OK].

### Tips

- Choosing the size at which images are copied: [INFO] [PICTURE COPY SIZE] (P. 90)
- Copying all images from the memory card: [INFO] [COPY ALL] (P. 90)
- Deleting or formatting albums: [INFO] [ALBUM MEM. SETUP] (P. 90)
- Removing protection from all images in the album: [INFO] [RESET PROTECT] (P. 90)
- Viewing album status (amount of memory remaining): [INFO] [ALBUM MEM. USAGE] (P. 90)
