

Specification of NGI HKR

The controller support Bluetooth for user command functions.

- 1) Bluetooth Version : 2.0
- 2) Power Class : Class 2
- 3) Supported Profiles : AVRCP, IOPT
- 4) Power Supply : DC +3.0V, 2 X AAA Cells
- 5) Illumination : LED Backlight

Hard-key definitions NGI HKR

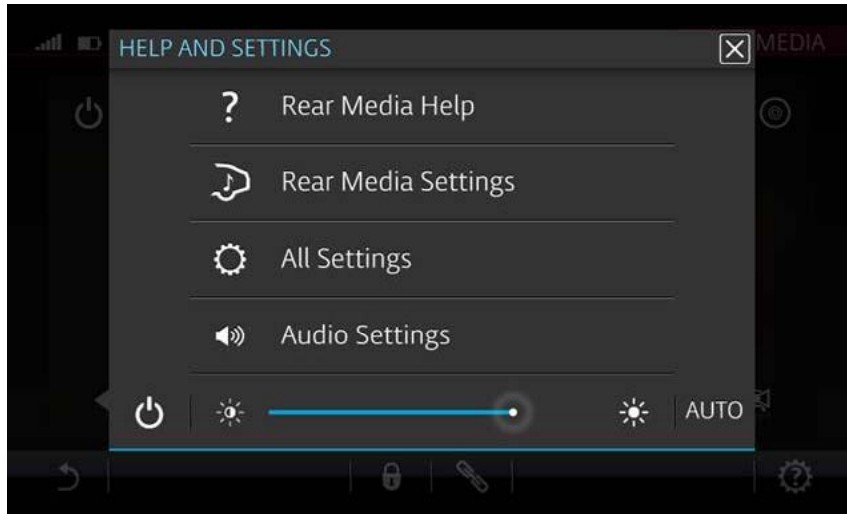

The controller have the following hard-keys as shown below:

- 1 – UP
- 2 – DOWN
- 3 – LEFT
- 4 – RIGHT
- 5 – DVD MENU
- 6 – REAR ENVIRONMENT
- 7 – FAVOURITES
- 8 – OK
- 9 – SOURCE
- 10 – HELP/SETTINGS
- 11 – POWER
- 12 – VOL +
- 13 – VOL –
- 14 – PLAY/PAUSE
- 15 – FWD
- 16 – REWD
- 17 – LEFT SELECT
- 18 – RIGHT SELECT
- 19 – HOME
- 20 – CABIN AUDIO
- 21 – BACK

Pairing

1) User enters "Rear Media Settings" as shown below:

2) User selects "Pair Remote Control" as shown below:

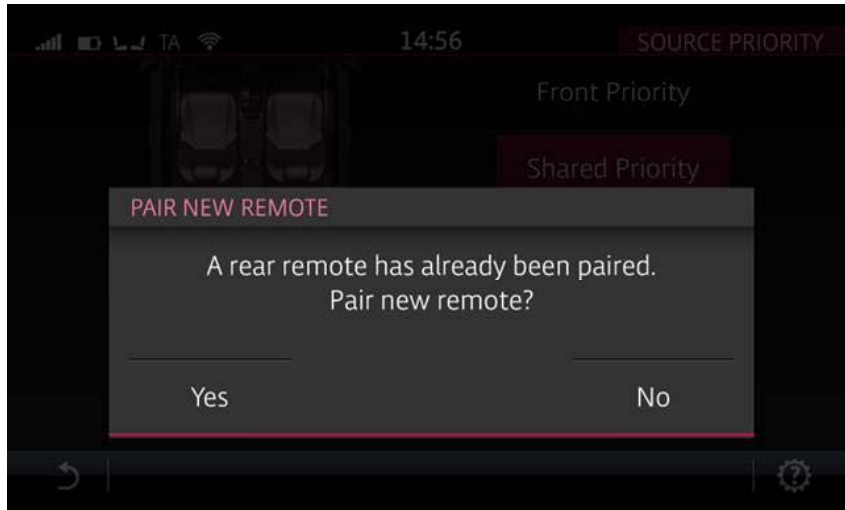

3) Display shows the below screen instructing the user to press and hold the power button for 7 seconds.

4) On successful pairing, the display shows Remote found as shown below:

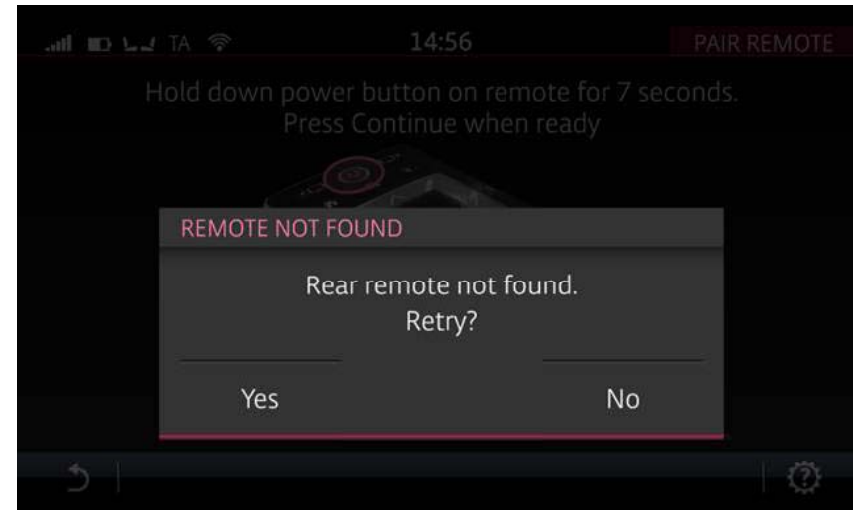

5) If a remote control is already paired to the system, the display shows below screen, asking for confirmation to proceed (or not):

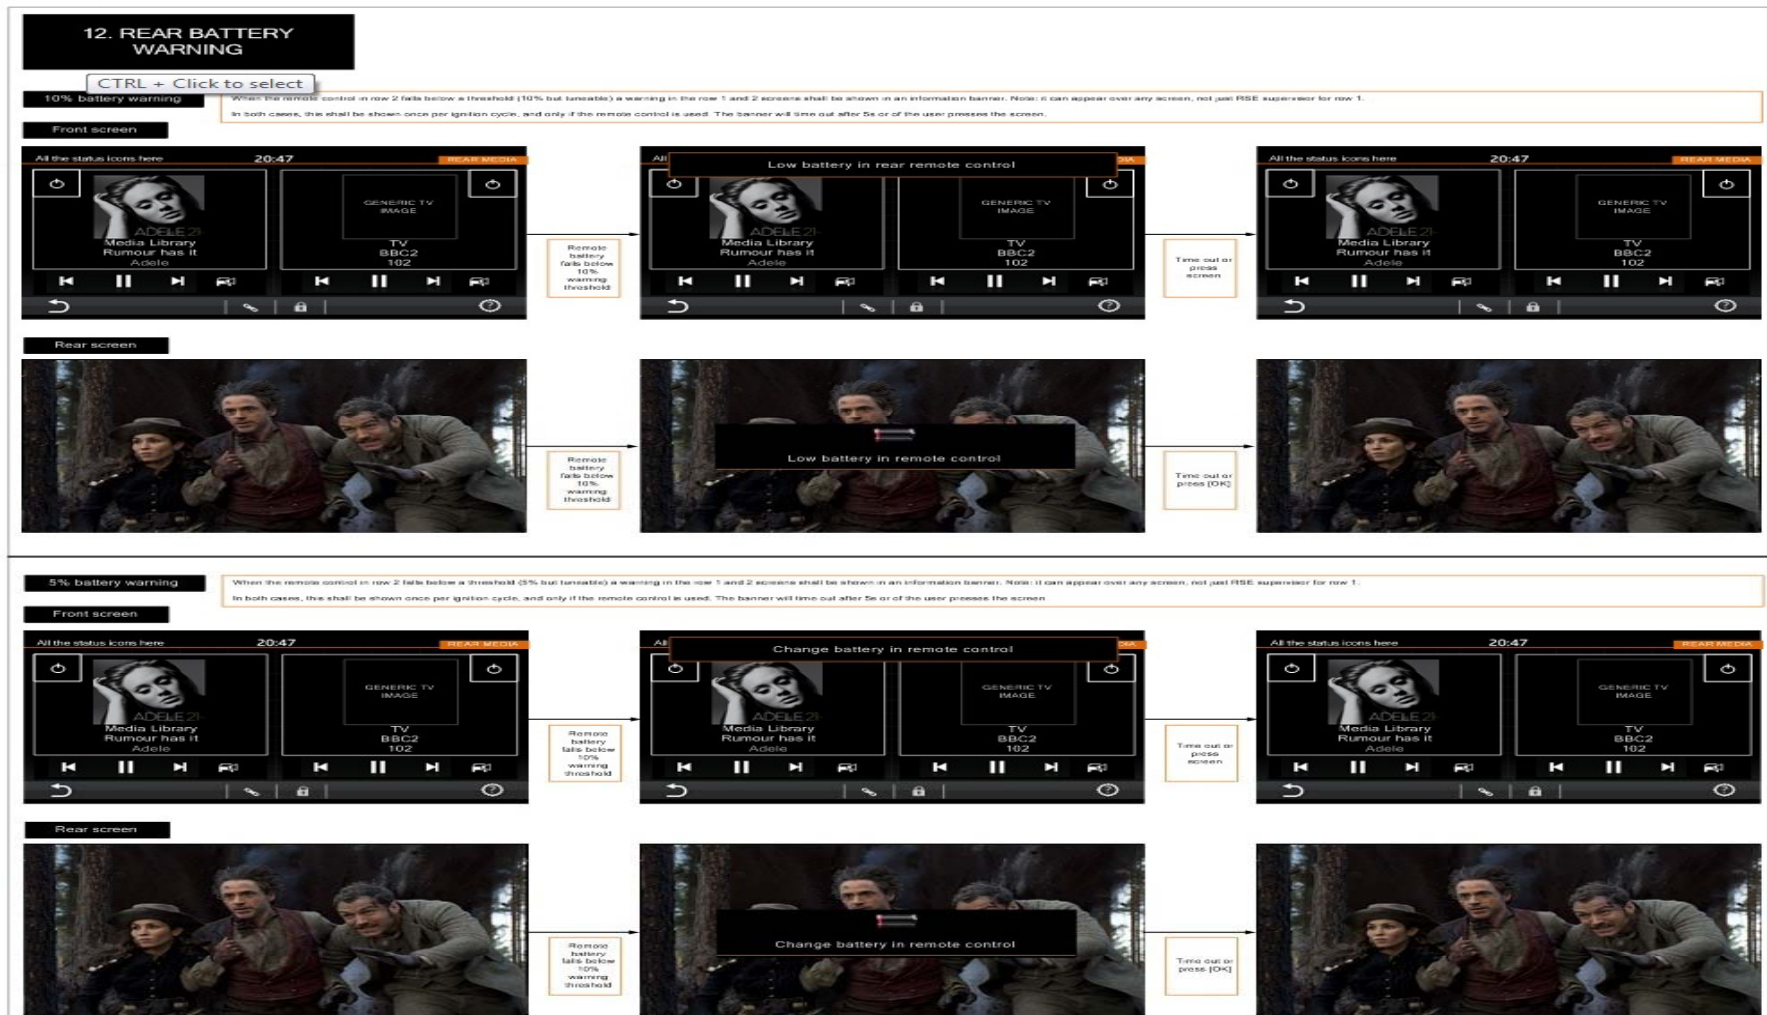

Failed Pairing

Should the pairing process fail, the display shows the below screen, prompting the user to retry or cancel.

Low Battery Warning

Battery level warnings are given by the AVRCP protocol to the ISC. There are two levels of battery warning given to the user indicating that the batteries are 1) getting low (a standard warning) and 2) they need replacing (critical warning). The attached HMI images show the intent (exact wording may change as these screens have not been finalised):

FCC Information to User

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Caution

Modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

FCC Compliance Information : This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation

NOTE: THE GRANTEE IS NOT RESPONSIBLE FOR ANY CHANGES OR MODIFICATIONS NOT EXPRESSLY APPROVED BY THE PARTY RESPONSIBLE FOR COMPLIANCE. SUCH MODIFICATIONS COULD VOID THE USER'S AUTHORITY TO OPERATE THE EQUIPMENT.
