EN Quick start guide

A: Preparing for the first use

Befestigung der Cordon Management System (CMS)-Schurz
A-1 Sorgen Sie dafür, dass Sie über alle in Abbildung A-1 abgebildeten Teile verfügen. Bitte beachten Sie, dass sich einige davon auf der Unterseite des Papierbehälters befinden, der in der iCON® 505M aufbewahrt wird.
A-2 Halten Sie die iCON® 505M an der Stelle, wo die Öffnung in der Kappe und dann durch die Öffnung im Hauptteil ist, während Sie den Abdeckkappe und dann durch die Öffnung am Hauptteil entfernen. Siehe Abbildung A-2.

A-3 Ziehen Sie zuerst die Schurz durch die Öffnung der Abdeckkappe und dann durch die Öffnung im Hauptteil, siehe Abbildung A-2.
A-4 Click-on die plastik housing part to fix the CMS in place and, optional – click-on the cap to the main body, see image A-4.
A-5 The CMS is now installed and the iCON® 505M should look as shown in image A-5.
A-6 Insert the SIM card:

A-6a & A-6b Remove the cap as shown in image A-6a and remove the SIM tray, see image A-6b.
A-6c & A-6d Insert the SIM in the tray as shown and then re-insert the SIM tray firmly into the iCON® 505M, see images 3 & 4.
A-6e Click on the card as needed. The device should now look as shown in image A-6e.

A-7 Insertion of the SIM-Karte:
A-8a & A-8b Entfernen Sie die Abdeckkappe wie in Abbildung A-8a gezeigt, und entfernen Sie das SIM-Kartenfach, siehe Abbildung A-8b.
A-8c & A-8d Führen Sie die SIM-Karte wie gezeigt in das Fach ein und schließen Sie das Abdeckfach wieder fest in das iCON® 505M Gehäuse, siehe Abbildungen 3 & 4.
A-8e Clipze die Kappe auf das Gerät. Das Gerät sollte jetzt wie in Abbildung A-8e aussehen.

A-9 You are now ready to insert your iCON® 505M into a USB slot of your computer.
A-10 Sie können iCON® 505M jetzt in einen USB-Anschluss Ihres Computers einführen.

B: Installing the Software

iCON® 505M includes the unique Zero-CD® feature from Option®. By inserting the device in your PC, the software and driver installation will start automatically.

For Windows®:

B-1 An installer window will open. Simply click "Next" and follow the installation instructions. When the "Installation Completed" screen appears, click "Exit" and you are ready to connect to the internet.

Für Windows®:

B-1- Ein Installationsfenster wird geöffnet. Klicken Sie einfach auf „Next“ (Weiter) und befolgen Sie die Installationsinstruktionen. Wenn das Fenster „Installation Completed“ (Installation abgeschlossen) angezeigt wird, klicken Sie auf „Exit“ (Beenden) und Sie können nun eine Internetverbindung herstellen.

Per Windows®:

B-2 Ein Finderfenster wird geöffnet. Klicken Sie einfach auf „GlobeTrotter® Connect.pkg“ und befolgen Sie die Installationsinstruktionen. Once you have completed all steps a "Successful Installation" screen will appear.

For Mac OS®:

B-2- Ein Finderfenster wird geöffnet. Klicken Sie einfach auf „GlobeTrotter® Connect.pkg“ und befolgen Sie die Installationsinstruktionen. Sobald Sie alle Schritte durchgeführt haben wird ein Fenster „Successful Installation“ (Erfolgreiche Installation) angezeigt.

Per Mac OS®:

B-2 Eine Fensterinstallation s'ouvre. Cliquez simplement sur "GlobeTrotter® Connect.pkg" et suivez les instructions d'installation.

B-2- Quando viene visualizzata la schermata "Installazione completata", fare clic su "Esci". È ora possibile connettersi a Internet.

Per Mac OS®:

B-2- Se abrirá una ventana de instalación. Haga clic en "GlobeTrotter® Connect.pkg" y siga las instrucciones de instalación.

B-2- Quando viene visualizzata la schermata "Installazione completata", fare clic su "Esci". È ora possibile connettersi a Internet.

Mac OS®:

B-2- Si apre una finestra Finder. Fare clic su "GlobeTrotter® Connect.pkg" e seguire le istruzioni per l'installazione.

B-2- Klik op "Exit" als het scherm "Installatie voltooid" verschijnt. U kunt dan weer verbinding maken met het internet.

Mac OS®:

B-2- Er verscheint een Finder-venster. Klik op "GlobeTrotter® Connect.pkg" en volg de installatie-instructies.

B-2- Nadat u alle stappen hebt doorlopen, verschijnt het venster "Successful Installation".

C: Connecting to the Internet

For Windows®:

C-1a Starten up your computer and insert the iCON® 505M with an installed SIM card in a free USB slot of your computer.
C-1b Enter your SIM pincode (not necessary if you disabled the pincode on your SIM card).
C-1c Connecting: You are now ready to connect to the Internet by using the Globe Trotter® Connect application. In system toolbar, click on "Connect" to open the application, then click on the "Connect" button.

For Mac OS®:

C-2a Starten Sie Ihren Computer und führen Sie den iCON® 505M mit einer installierten SIM-Karte in einem freien USB-Anschluss Ihres Computers ein.
C-2b Geben Sie den PIN-Code für Ihre SIM-Karte ein (nicht notwendig, wenn Sie den Pincode auf Ihrer SIM-Karte deaktiviert haben).
C-2c Verbinden: Sie sind jetzt mit dem Programm "Globe Trotter® Connect" zur Verbindungsherstellung. Öffnen Sie die Systemleiste und klicken Sie auf "Connect" (Verbinden), um dieses zu öffnen und dann "Connect" (Verbinden) anzuwählen.

For Mac OS®:

C-2a Démarrer votre ordinateur et insérez l'iCON® 505M, avec une carte SIM installée, dans une fente USB disponible de votre ordinateur.
C-2b Saisissez le code PIN SIM (non nécessaire si vous désactivez le code PIN de votre carte SIM).
C-2c Connexion: Vous êtes maintenant prêt à vous connecter à Internet par le biais de l'application "Globe Trotter® Connect". Dans la barre d'outils du système, double-cliquez sur son icône pour ouvrir complètement l'application puis cliquez sur "connect" (Connexion).

D-1 Open the application, click "Connect" (Verbinden) and then click the "Connect" button.
D-2 Connecting: Open the application folder, run "GlobeTrotter® Connect for Mac" and click the "Connect" button on the interface.

D-3 Remarks: It is possible that you have to enter connection settings or choose an operator profile manually. Please consult the software user guide for more details on this.

Anmerkung: Es kann sein, dass Sie die Verbindungseinstellungen eingeben oder manuell ein Betriebprofil auswählen müssen.

D-4 Detailed instructions finden Sie im Software-Benutzerhandbuch.

Anmerkung: Es kann sein, dass Sie die Verbindungseinstellungen eingeben oder manuell ein Betriebprofil auswählen müssen.

iCON® 505M

EN Safety Precautions

Before using the wireless device, please read the safety precautions carefully so that you can use your wireless device correctly and safely.

Do not expose your wireless device to extreme high or low temperatures.

Do not expose your wireless device to water and moisture.

Switch off your wireless device in aircrafts. This is to prevent interference with the aircraft control systems.

Switch off your wireless device near high-precision electronic devices. The wireless device may affect the performance of such equipment (eg. implanted medical equipment).

Do not use your wireless device in a potentially explosive atmosphere.

Do not attempt to disassemble your wireless device or its accessories. Only qualified personnel are allowed to perform service.

ES Precauciones de seguridad

Antes de utilizar el dispositivo inalámbrico, lea estas precauciones de seguridad a fin de poder utilizar su dispositivo inalámbrico de modo correcto y seguro.

No exponga el dispositivo inalámbrico a temperaturas extremadamente altas ni bajas.

No exponga su dispositivo inalámbrico al agua ni la humedad.

Apaque su dispositivo inalámbrico en las aeronaves. Esto es para evitar la interferencia con los sistemas de control de la aeronave.

Apaque su dispositivo inalámbrico cerca de dispositivos electrónicos de alta precisión. El dispositivo inalámbrico puede afectar el rendimiento de estos equipos (por ejemplo, implantes de equipos médicos).

No utilice su dispositivo inalámbrico en una atmósfera potencialmente explosiva.

No intente desmontar su dispositivo inalámbrico ni sus accesorios. Únicamente el personal calificado está habilitado para realizar el servicio.

Ultra compact HSUPA USB device Super fast speeds combined with sophisticated looks

DE Sicherheitshinweise

Bitte lesen Sie vor der ersten Verwendung des Wireless-Geräts diese Sicherheitshinweise aufmerksam durch.

Setzen Sie Ihr Wireless-Gerät keinen extrem hohen oder niedrigen Temperaturen aus.

Schützen Sie Ihr Wireless-Gerät vor Wasser und Feuchtigkeit.

Schalten Sie das Wireless-Gerät in Flugzeugen aus, um eine Störung der Fluginstrumente zu vermeiden.

Schalten Sie Ihr Wireless-Gerät in der Nähe von elektronischen Hochpräzisionsinstrumenten aus. Das Wireless-Gerät kann den Betrieb dieser Geräte stören (z. B. medizinische Implantate).

Verwenden Sie das Wireless-Gerät nicht in einer explosionsgefährdeten Atmosphäre.

Versuchen Sie nicht, das Wireless-Gerät zu zerlegen oder Zubehör selbst auszumontieren. Reparaturarbeiten dürfen nur von qualifiziertem Personal durchgeführt werden.

IT Precauzioni per la sicurezza

Prima di utilizzare il dispositivo wireless, leggere attentamente le istruzioni e le precauzioni di sicurezza, in modo da poter utilizzare il dispositivo correttamente e in condizioni di sicurezza.

No esporre el dispositivo inalámbrico a temperaturas extremadamente bajas.

No exponga su dispositivo inalámbrico al agua ni la humedad.

Apaque su dispositivo inalámbrico en las aeronaves. Esto es para evitar la interferencia con los sistemas de control de la aeronave.

Apaque su dispositivo inalámbrico cerca de dispositivos electrónicos de alta precisión. El dispositivo inalámbrico puede afectar el rendimiento de estos equipos (por ejemplo, implantes de equipos médicos).

No utilice su dispositivo inalámbrico en una atmósfera potencialmente explosiva.

No intente desmontar su dispositivo inalámbrico ni sus accesorios. Únicamente el personal calificado está habilitado para realizar el servicio.

NL Veiligheidsvoorzorgen

Prima di utilizzare il dispositivo wireless, leggere attentamente le istruzioni e le precauzioni di sicurezza, in modo da poter utilizzare il dispositivo correttamente e in condizioni di sicurezza.

No esporre el dispositivo inalámbrico a temperaturas extremadamente bajas o elevadas.

No esporre el dispositivo wireless all'acqua e all'umidità.

Apague su dispositivo inalámbrico en las aeronaves. Esto es para evitar la interferencia con los sistemas de control de la aeronave.

Apague su dispositivo inalámbrico cerca de dispositivos electrónicos de alta precisión. El dispositivo inalámbrico puede afectar el rendimiento de estos equipos (por ejemplo, implantes de equipos médicos).

No utilice su dispositivo inalámbrico en una atmósfera potencialmente explosiva.

No intente desmontar su dispositivo inalámbrico ni sus accesorios. Únicamente el personal calificado está habilitado para realizar el servicio.

RU Меры предосторожности
