QUICK START GUIDE

This guide will help you understand the basics of using the Parrot Skycontroller. For more information, watch our videos and refer to the support section of our website www.parrot.com.

The Parrot Skycontroller is aimed to remotely fly your Parrot BabyBop drone.

Charging the battery

- Select the adapter corresponding to your country and connect it to the charger.
- Connect the battery to the charger and then plug the charger into an electrical outlet. The charging time for the battery is approximately 1 hour.

Connecting a smartphone or tablet

Use your smartphone or tablet to download the FreeFlight 3 application for free on the App Store® or Google Play®.

1. Slide down the upper part of the support by pushing slightly.

2. Screw the bottom handlewheel located on the back of the Parrot Skycontroller to lock your device on the support.

3. Fix the support (A) or your tablet into the (B) part with the elastic bands.

4. Fix your sunshade cover on the Parrot Skycontroller retailer or from our website www.parrot.com.

5. If necessary, unfold and assemble the (C) part to the sunshade cover.

3. Fix the support (A) or your tablet into the (B) part with the elastic bands.
4. Fix your sunshade cover on the Parrot Skycontroller retailer or from our website www.parrot.com.

5. If necessary, unfold and assemble the (C) part to the sunshade cover.

Flying the Parrot Skycontroller with video glasses

You can connect the Parrot Skycontroller to FPV glasses (First Person View) to have a visual feed. To do so, connect the FPV glasses to the USB port of the Parrot Skycontroller and then the Parrot Skycontroller. Connect the glasses to the USB port of the Parrot Skycontroller to charge them or to activate the head tracking function.

Flying

The size of the Parrot Skycontroller extends the flying distance of your Parrot BabyBop drone significantly. To maintain a good quality Wi-Fi connection:

1. Place your smartphone to connect to the Parrot Skycontroller Wi-Fi network. The Wi-Fi symbol will usually appear on the screen when connection is made.
2. Select the Parrot Skycontroller XXXXX network.

3. Wait for your smartphone to connect to the Parrot Skycontroller Wi-Fi network. The Wi-Fi symbol will usually appear on the screen when connection is made.

4. Select the antenna towards the Parrot BabyBop drone.

5. Launch the FreeFlight 3 application, then, in WiFi manager, select the drone you want to connect.

6. Place the antenna towards the Parrot BabyBop drone.

7. Refer to the videos available on our website www.parrot.com to learn how to fly the Parrot BabyBop drone with the Parrot Skycontroller.

- on the upper compartment for smartphones;
• on the bottom compartment for tablets;
• on the adapting support for 7-inch tablets (supplied). Unscrew the removable part of the bottom compartment to install it.

2. Slide down the upper part of the support by pushing slightly.

3. Screw the bottom handlewheel located on the back of the Parrot Skycontroller to lock your device on the support.

4. Fix the support (A) or your tablet into the (B) part with the elastic bands.

5. Fix your sunshade cover on the Parrot Skycontroller retailer or from our website www.parrot.com.

6. If necessary, unfold and assemble the (C) part to the sunshade cover.

7. Place the antenna towards the Parrot BabyBop drone.

8. Launch the FreeFlight 3 application, then, in WiFi manager, select the Parrot BabyBop drone you want to connect.

9. Place the antenna towards the Parrot BabyBop drone.

10. Refer to the videos available on our website www.parrot.com to learn how to fly the Parrot BabyBop drone with the Parrot Skycontroller.

11. Place the antenna towards the Parrot BabyBop drone.

12. Place the antenna towards the Parrot BabyBop drone.

13. Place the antenna towards the Parrot BabyBop drone.

14. Place the antenna towards the Parrot BabyBop drone.

15. Place the antenna towards the Parrot BabyBop drone.

16. Place the antenna towards the Parrot BabyBop drone.

17. Place the antenna towards the Parrot BabyBop drone.

18. Place the antenna towards the Parrot BabyBop drone.

19. Place the antenna towards the Parrot BabyBop drone.

20. Place the antenna towards the Parrot BabyBop drone.

21. Place the antenna towards the Parrot BabyBop drone.
