Calls and Voicemail

HD voice

HD Voice means clearer conversations with reduced background noise when both participants are using HD Voice compatible phones and the call is made over Cricket's LTE network or a compatible network*.

Make a call

1. From the Home screen, press **OK**
2. Enter the desired number then press the **Call** key to place the call
3. You can also press the **Call** key to access your call log. Use the **Navigation ring** to scroll down and select the desired number
4. Once the desired number is highlighted, press **OK** to place the call
5. If you make a mistake, press the **Back/Clear** key to delete the incorrect digits
6. To end the call, press the **End/Power** key

Check voicemail

- Simply press and hold the **1** key

Call waiting

Call waiting allows you to answer a second call while you are on an existing call. While on a call, your phone will vibrate if another call comes in.

- Use the **Navigation ring** to scroll up to answer or scroll down to decline. Press **OK** to select
- Press the **Left Soft** key to mute
- Press the **Right Soft** key to enable speaker

* To experience Cricket HD Voice, both callers must have a compatible HD Voice capable smartphone and make the call over Cricket's LTE Network or a compatible network. Cricket's LTE coverage is not equivalent to its overall network coverage. HD Voice calls made on a compatible device and on the LTE network may not experience an HD Voice connection at times of network congestion. Other carriers' networks may interoperate with Cricket's LTE network to support an HD Voice call.
