US Compliance

FCC Caution: This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. This equipment has been tested and found to comply with the requirements for Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference to a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures: -Reorient or relocate the receiving antenna. -Increase the separation between the equipment and receiver. -Connect the equipment into an outlet on a circuit different from that to which the receiver is connected. -Consult the dealer or an experienced radio/TV technician for help. This device has been designed to meet general RF exposure requirements. The device can be used in a typical exposure condition without restriction. FCC ID: JLAB-AIRBUDS

EU Compliance

CE mark and text: This device is in accordance with the essential requirements and other related provisions of the RED Directive, Annex 1, and the EMC Directive of Council Directive 2014/53/EU. JLab Audio, 2201 North Loop West, Suite 101, Garland, TX 75041, USA.

Battery Caution & Disposal Information

Read the user manual before using the JLab Audio Air. The device contains lithium-ion rechargeable batteries. Improper operation of the battery may produce smoke, heat, or an event which can be hazardous. Do not use the battery if it is damaged, deformed, swollen, or under any other stress. Take care to avoid conditions of excessive moisture, high temperatures, and short-circuiting. Do not expose to temperatures above 120°C (248°F). Charge before use. Do not store for long periods of time.

**FIRST TIME SETUP**

**1 AUTO-CONNECTING EARBUDS**  
Press and hold the sensors on both bottoms. White lights will flash to indicate earbuds are automatically pairing to each other.

**2 CONNECTING BLUETOOTH**  
Once earbuds pair, the right earbud will flash blue and white, indicating the earbuds are ready to pair to your Bluetooth device.

**3 CONNECTING BLUETOOTH CONTINUED**  
Select "JLab Audio Air" in your device settings. Voice prompt "Bluetooth connected" followed by solid white lights will indicate you are connected.

You're now ready to use your JLab Audio Air.

**CHARGING EARBUDS**

Placing the earbuds in the case will auto power off the earbuds and start charging. Solid blue lights will indicate charging and will turn off after earbuds are fully charged.

**CHARGING CASE**

Connect the JLab Audio Air to computer or USB to output device.

LEDs pulse while charging and turn solid white when fully charged.

**BUTTON FUNCTIONS**

**RIGHT MONODIRECTIONAL BLUETOOTH EARBUD:** When earbuds are powered off, Press **Hold Right Earbud** button 10+ seconds, the earbud will flash blue and white, indicating it is ready to pair to your Bluetooth device. Once connected, turn on Left Earbud to auto connect both earbuds.

**LEFT EARBUD:** VOLUME DOWN: 1 CLICK; PLAY/PAUSE: 2 CLICK; TRACK BACK: Press & hold 1+ sec; TURN ON/OFF: Press & hold 1+ sec; CHANGE EQ: 3 CLICK (JLab Audio Air will cycle 3 EQ settings).

**RIGHT EARBUD:** VOLUME UP: 1 CLICK; ANSWER / 1 CLICK HANGUP: 2 CLICK; REJECT INCOMING CALLS: Press & hold 1+ sec; CALL LOG: or "OK GOOGLE" (ANDROID): 2 CLICK; TRACK FORWARD: Press & hold 1+ sec; TURN ON/OFF: Press & hold 1+ sec; CHANGE EQ: 3 CLICK (JLab Audio Air will cycle 3 EQ settings).

**EQ SETTINGS**

- SIGNATURE:** JLab Audio signature sound with amplified vocals and bass.
- BALANCED:** Even sound with no additional bass or treble.
- BASS BOOST:** Amplified bass and sub-bass.

**VOICE PROMPTS**

- "Hello": Power ON
- "Earbuds powered": Earbuds paired to each other.
- "JLab Audio signature sound with amplified vocals and bass": Connected to Bluetooth device.
- "Bluetooth Connected": Earbud is connected to device.
- "Battery Full": 100-75%
- "Battery Medium": 75-50%
- "Low Battery": Less than 25%
- When power decreases to 10%, Low Battery will play "Goodbye" Power OFF

**FITTING**

1. Hold the earbud vertical to the ear.  
2. Twist in the ear canal to lock fit.

Use the optional CushFit™ and all ear tips for best fit and proper seal.

**QUICK TIPS**

- Fluff dry on the earbuds before putting in the charging case to avoid any damage to the case. The earbuds are sweat/water resistant but the case is not.
- The Bluetooth connection is established from the right earbud. For most stable connection, keep the device near right hand side of in right pocket.
- When receiving battery calls, only the right earbud will accept and play from your mobile device. The left earbud will make during calls and continue playback after call ends.
