

**SCHWINN**

**CYCLENAV**<sup>™</sup>  
SMART BIKE NAVIGATION

Please visit the Apple<sup>®</sup> App Store or Google Play<sup>®</sup> to download the free Schwinn<sup>®</sup> CycleNav<sup>™</sup> App. Once you've downloaded the App, you'll have access to an instructional video that provides step-by-step instructions for setup, usage, and troubleshooting.

## Inside your Schwinn® CycleNav™ box you will find:

- 1 Schwinn® CycleNav™ Smart Bike Navigator
- 1 CycleNav tool-free mount
- 1 MicroUSB charging cable
- 1 rubber shim for handlebars

Please charge your Schwinn® CycleNav™ Smart Bike Navigator using the included MicroUSB cable and a standard USB charger (included with most smartphones).

### CAUTION:

- Use specified charger only
- Do not dispose of batteries in fire. Batteries may explode or leak
- Do not short-circuit
- Store and use product at ambient temperature
- Do not expose product to rain or damp surroundings
- Prevent product from falls that could result in serious damage
- Do not dismantle, repair or modify product on your own
- Must be recycled or disposed of properly

Additional information about the Schwinn® CycleNav™ can be found at [www.schwinnbikes.com](http://www.schwinnbikes.com). The Schwinn® Customer Support Team is available to assist you with any questions by phone at 1-800-826-2811 (888-934-4745), or by the 'Get in touch' box on [www.schwinnbikes.com](http://www.schwinnbikes.com).

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Caution: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
