Answer to question #4

This is the RF Exposure warning that will appear in the VisorPhone manual.

Exposure To Radio Frequency Energy

Your VisorPhone Radio Product is designed to comply with the following national and international standards and guidelines regarding exposure of human beings to radio frequency electromagnetic energy:

- United States Federal Communications Commission, Code of Federal Regulations; 47 CFR part 2 sub-part J
- American National Standards Institute (ANSI) IEEE. C95. 1-1992
- National Council on Radiation Protection and Measurements (NCRP). Report 86
- International Commission on Non-Ionizing Radiation Protection (ICNIRP) 1998
- National Radiological Protection Board of the United Kingdom, GS 11, 1988
- Verband Deutscher Elektrotechniker (VDE) DIN-0848
- Department of Health and Welfare Canada. Safety Code 6

To comply with the above FCC Regulations governing human exposure to radio frequency energy, users MUST adhere to the following procedure:

- To comply with FCC RF exposure guidelines during body-worn operation, use the Handspring Belt Clip or the Handspring Holster. Use of other body worn accessories that have not been tested with the VisorPhone for RF exposure compliance may not comply.
