

< CF-U1 series Addendum for the external antenna(s) >

FCC RF Exposure Warning:

- This equipment is provided with external antenna connector for connection to optional Car Mounter or Port Replicator for mobile external mounted antenna. External antenna must be professionally installed and can not exceed recommended maximum antenna gain as follows.

The Car Mounter is provided with the maximum allowable antenna gain for the external WWAN base whip antenna for the BRS/EBS band (2496-2690MHz) is 8.74 dBi. Also, user must maintain minimum 20 cm spacing between external antenna and all person's body (excluding extremities of hands, wrist and feet) during wireless modes of operation.
