

# Introduction

---

Thank you for purchasing this Panasonic product. For optimum performance and safety, please read these instructions carefully.

## ■ Terms and illustrations in these instructions

**NOTE** : Useful and helpful information.

- Some illustrations are simplified to help your understanding and may look different from the actual unit.
- Refer for the latest information about optional products to the catalogs, etc.

## ■ Disclaimer

Computer specification and manuals are subject to change without notice. Panasonic Corporation assumes no liability for damage incurred directly or indirectly from errors, omissions or discrepancies between the computer and the manuals.

E

# Reading HF-RFID Tag

You can read the data from HF-RFID (High-Frequency Radio Frequency Identification) tags.

## NOTE

- HF-RFID Reader is typically used with specialized applications. For further information, ask the system administrator.

- 1** Align the HF-RFID device with the (A) mark and wave the HF-RFID device.

## NOTE

- Operation distance depends on HF-RFID tag.

# Specifications

HF-RFID reader	×1 (ISO 14443 type-A/B, ISO 15693 Support)
----------------	--

## Regulatory Information

---

### USA-Federal Communications Commission (FCC)

This device complies with Part 15 of the FCC Rules.

Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) This device must accept any interference received, including interference that may cause undesired operation.

### Caution

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

### Labeling

System integrators must include the FCC ID on the end product.

### Canada-Industry Canada (IC)

This device complies with Industry Canada licence-exempt RSS standard(s). Operation is subject to the following two conditions:

- (1) This device may not cause interference, and
- (2) This device must accept any interference, including interference that may cause undesired operation of the device.

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes :

- (1) l'appareil ne doit pas produire de brouillage, et
- (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

### Labeling

System integrators must include the IC ID on the end product.

### Important Notice

Panasonic will not sell radio modules to any third party; and will not allow aftermarket installation by any third party or end user. Instead, they will only be installed within Panasonic Notebooks, Laptops, Tablets and Ultra Mobile Toughbook PCs. Panasonic confirms that the provided operating instruction to user will not include any instructions how to add or remove any of the transmitter modules.
