

## KB6007I User manual

### 1、 Contents

- 1.1、 Bluetooth keyboard        1PCS
- 1.2、 Instruction manual        1PCS
- 1.3、 USB Charging cable       1PCS

### 2、 Product Features

- 2.1、 use Broadcom20730 main control chip, have Bluetooth3.0 interface.
- 2.2、 industry leading bluetooth solutions, WIDCOMM BTW (Microsoft officially designated software) bluetooth software.
- 2.3、 built-in power management software, can be in Microsoft's Windows system automatically usable capacity.
- 2.4、 With folding design, keyboard can be carried easily.
- 2.5、 Mute design: effectively avoid disturbing other sleeping person (especially for one room with several person).
- 2.6、 Architecture design, provides comfortable handling feel.
- 2.7、 Support Iphone, Mac, Windows and Android system etc. It's more convenient for you.

### 3、 Specifications

- 3.01、 executive standard:                                bluetooth V3.0
- 3.02、 maximum operating distance:                        10 meters
- 3.03、 modulation mode:        2.4 G FHSS
- 3.04、 transmit power:                Class 2 levels
- 3.05、 working voltage:                3.7V
- 3.06、 working current:                2.0 mA
- 3.07、 standby current:                1.0mA
- 3.08、 sleep current:                52uA
- 3.09、 charging current:                150mA
- 3.10、 standby time:                120days
- 3.11、 theoretical use time:                20days
- 3.12、 continuous uninterrupted use time:                85hours
- 3.13、 theoretical charging time:        1.5-2 hours
- 3.14、 lithium battery capacity:                170mAh
- 3.15、 lithium battery life span:        three years
- 3.16、 the lithium battery type:                302530
- 3.17、 the key dynamics:                60 + 10g
- 3.18、 buttons life:                5 million times
- 3.19、 operation temperature:                0-55 °C
- 3.20、 storage temperature:                - 20-60°C

### 1. 4、 Bluetooth keyboard installation

- 2. Keyboard pair with iPad procedure:
- 3. (1)、 Turn on the swith"ON", the blue indicator light 5 seconds then extinguished which advise you the keyboard be turned on. Please see below instruction picture.

**This device compliance to the fifteen clause of FCC. Please use the product base on following two rules.**

- 1、 this device is not cause adverse interference
2. This device can overcome the possible existence of interference, including the interference of the incorrect operation.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
