

Index Notes:

This Control Catalog product index presents product numbers in an alpha numeric listing. Prices listed are per item in most cases. See product page for information concerning special package ordering quantities.

The three columns after List Price and Discount Schedule show UL and CSA file numbers where applicable. Under **UL Reference**, the **File E** column lists the UL E file number for the item and the **Type** column indicates **L** for UL listed or **C/R** for UL Component Recognized. The **cUL/CSA Cert. LR** column lists the CSA LR file number for the item or cUL.

A **No** in either the File E or cUL/CSA columns indicates the item is not UL, cUL or CSA. A star (*) in either column indicates the item is approved for use with UL or CSA devices. A dash (-) in one of the columns indicates UL/CSA not applicable. For UL/CSA items with a **Yes** in either column or no entry, contact your nearest GE Energy Representative for file information.

Alpha Numeric Index.....17-2
