

Landscape Wiring Diagram

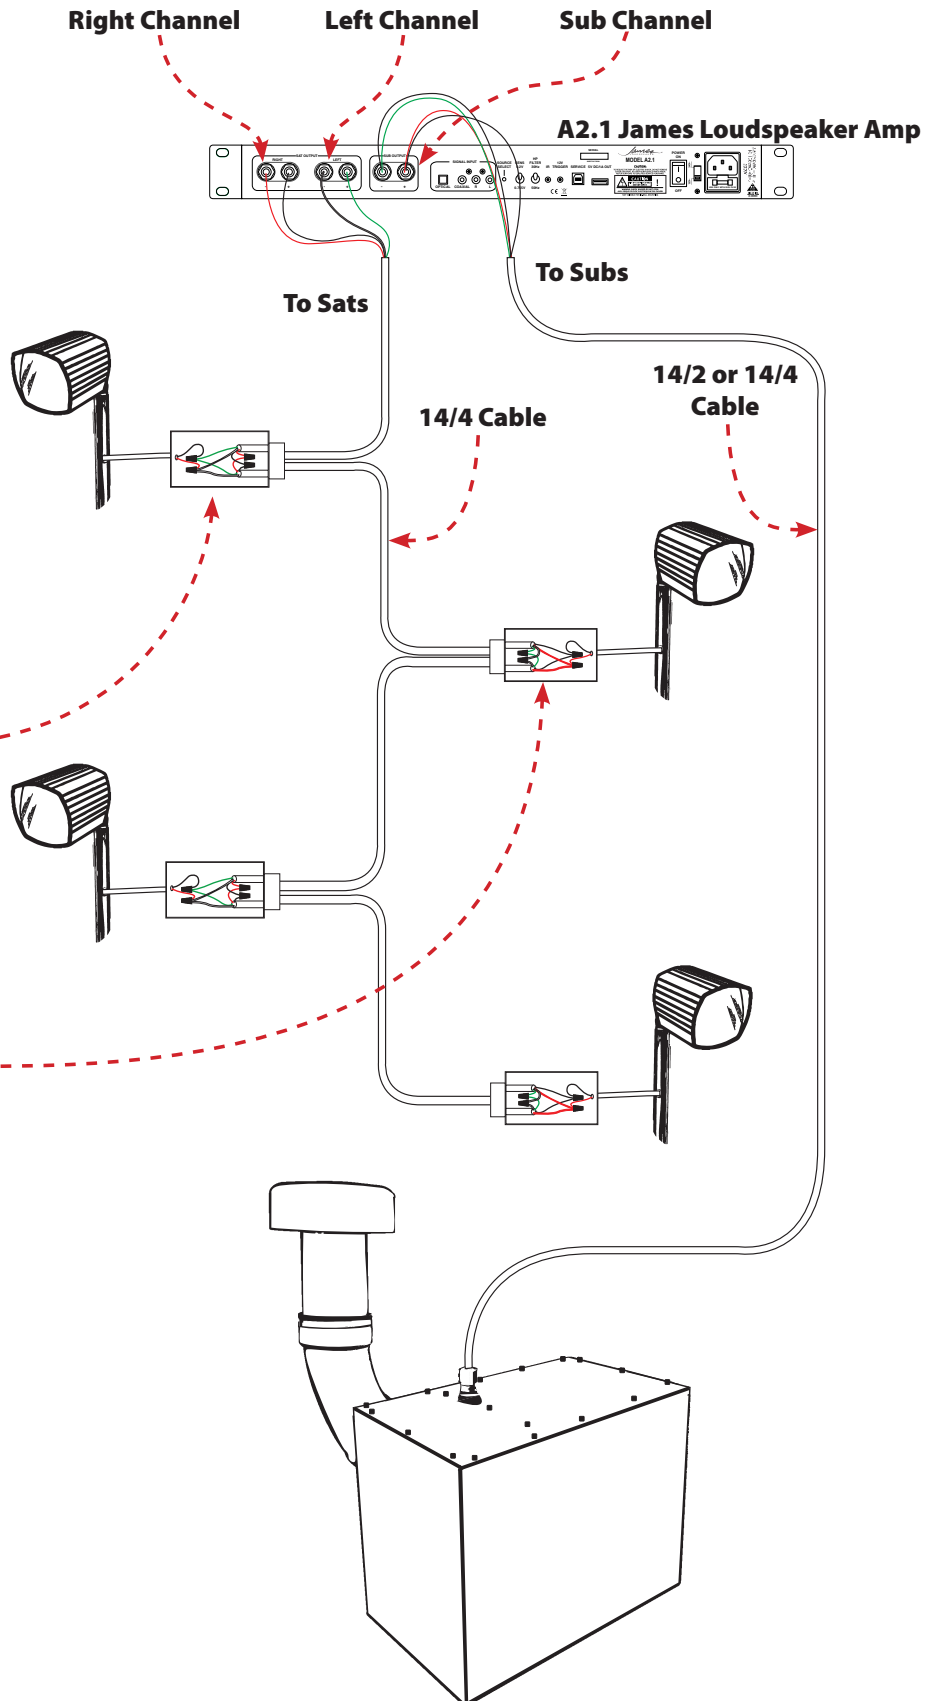

A2.1 Bi-amp Example

105AT4 System

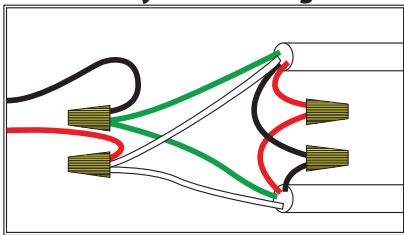

Features of this Architecture

1. Stereo Left/Right Sats.
2. Bi-Amplified with separate subwoofer channel.
3. Active crossovers to optimize performance.
4. Coverage uniformity and stealth aesthetics drive this design.
5. Far superior to the plastic imitations found on the market today.

**Left Channel
Daisy-chain wiring.**

**Right Channel
Daisy-chain wiring.**
