Label Printer

Brady's Newest Handheld Labeler BMP21

- Contractor Grade Labels
- Rugged Drop Tested Labeler
- Just Drop Lock and Print
- One Handed Operation
- 1 Year Limited Warranty

**BMP21 Ships
with a **FREE**
cartridge**

BMP21 Label Printer

Simple to operate and quick to print, the BMP21 label printer is the economical, must-have labeling tool for voice/datacom, electrical and general industrial crews. With this transfer printer, you can create your labels once knowing they'll stay stuck & legible for the years ahead.

Faster, more Efficient Labeling:

- Magnet and pole/wrist-strip for one-handed operation
- Automated serialized printing
- Built-in symbols
- Industrial strength dual cutter that holds labels until you need them

Durable, made to last labels:

- Wide array of label types and sizes
- Labels withstand extreme temperatures, irregular surfaces, and chemicals
- Vinyl material last up to 5 years in extreme conditions

All in One Industrial Labeling Tool:

- Crystal clear thermal transfer printing
- Labels for organizing & identifying

Handheld Labeler

Starter Kits

Xpert-Kit-ABC-VD - Voice & Datacom Kit:

- 1 Cartridge each of:
- XSL-21-427 - Self Lam markers
 - X-30-422 - Port Labels & Faceplate Labels
 - XC-475-412 - Non-adhesive strips
 - XC-1000-580-YL-BK - 1" yellow vinyl

Xpert-Kit-ABC-EL - Electrical Starter Kit:

- 1 Cartridge each of:
- X-18-498 - Standard wire ID wraps
 - XPS-187-1 - Heatshrink wire markers
 - XSL-103-427 - Self-lam Wire ID labels
 - XC-1500-580-OR-BK - 1.5" orange vinyl

Xpert-Kit-ABC-MRO - Facility/MRO Kit:

- 1 Cartridge each of:
- XC-1500-580-YL-BK - 1.5" yellow vinyl
 - XC-1000-580-RD-WT - 1" red vinyl
 - X-7-499 - White die cut labels
 - XC-1000-580-GN-WT - green vinyl

All Starter Kits Include:

IDXPert printer, Hardcase, PC cable, AC power supply, 1.5" x 30' continuous tape and the items listed with the kit.

The versatile, feature-rich Brady IDXPert handheld is now even more powerful with the addition of PC-Connect printing, Voice/Data templates for punch block and faceplates, 10 additional font sizes, and more!

More Options:

- More types of labels: Self-lams, sleeves, and 90+ label styles including continuous tape.
- More width: Materials up to 1.5", prints characters up to 1.25".

More Brawn:

- 300dpi thermal transfer printing stays crisp and bright.
- Tough, rugged, drop tested construction.

More Brains:

- Quick loading cartridge makes switching jobs really fast.
- "Smart Cartridge" saves time: auto senses label type & size.
- Intuitive user interface: accesses complex functions in a few steps.
- Truly handy: ergonomic design fit right in your hand!
- Slide-in Desi-Strip inserts for face plates - automatically defaults to most common 1.9" length or user can specify their specific length needed depending on the equipment being labeled.
- Print from your PC - with optional Brady LabelMark 3.1.1 software, users can create labels on their PC and print directly to the IDXPert. Users can also import data from other spreadsheets to make printing lists of similar labels even easier.

XPERT-ABC	IDXPert Handheld Labeler (ABC Layout)	\$385.00
XPERT-KEY	IDXPert Handheld labeler (keyboard layout)	\$385.00
XPERT-ABC-KIT-LM	Handheld labeler w/LabelMark software	\$590.00
XPERT-KEY-KIT-LM	Handheld labeler w/LabelMark software	\$590.00
XPERT-ABC-KIT-MRO	Handheld labeler MRO starter kit	\$550.00
XPERT-ABC-KIT-EL	Handheld labeler electrical starter kit	\$545.00
XPERT-ABC-KIT-VD	Handheld labeler voice/data starter kit	\$525.00
LM3	LabelMark labeling software	\$235.00
XPERT-AC	AC adapter	\$56.95
PCK-4	Cleaning kit	\$22.10

XPERT-ABC

XPERT-KEY

Printer ships with:

- Hard Case
- 1.5" x 30' Cont. Tape
- PC Cable (upgrade only)
- Product CD

TLS2200®

THERMAL LABELING SYSTEM

Thermal Transfer Printer

Since the invention of non smearing thermal transfer technology, the idea has remained unchanged - bigger has always been better. Until now. The TLS2200 Handheld, Thermal Transfer Printer, the new leader in the BRADY line of quality performance printers.

Recent research conducted by Brady shows print speed and battery life to be important attributes to portable printer users. We've made improvements to TLS2200 that directly impacts both of these attributes, making the TLS2200 printer even more valuable to its users.

Increased Processing Speed:

Nearly 100% faster data processing. Meaning users will get their labels faster and get more labels per battery charge.

Clearer Graphical Display:

Increased screen resolution and contrast, making on-screen text easier to read.

New Sleep Mode:

Users can set the printer to "sleep" after 1, 3, or 5 minutes of non-use, conserving battery life.

TLS2200 Includes:

Portable Label Maker

The Brady HandiMark printer is ideal for creating highly visible labels in facilities like mechanical maintenance facilities, production and operation warehouses, storerooms, and laboratories. This full featured printer offers bold, easy to read text from 0.08" to 1.7", bar coding capabilities, 12 resident operating languages, alphanumeric sequencing, and PC compatibility. HandiMark also incorporates a variety of stock industrial-grade label materials and specially tapes.

With the Brady HandiMark easily select the text you need. Text can be italic, underlined, bold, reversed, condensed, expanded, mirror imaged, superscript, subscript, horizontal, vertical, justified, auto fit or framed automatically. Type sizes 0.08" to 1.7".

Create custom labels. Anytime, Anyplace, Anyway you want them!

- **Faster Printing Speed:** Print 30% faster and print more labels per battery charge.
- **Auto Recall:** Printer will recall the last label printed.
- **Sleep Mode:** Users can set the printer to "sleep", conserving battery life.
- **Clearer Graphical Display:** Improved screen contrast & resolution makes text clearer.
- Perform batch or repeat print jobs or have label sequenced alphanumeric.
- No need to recreate labels. 10,000 character memory or download from your PC.
- 113 built-in symbols and pictogram for improved visual communication.
- Barcode 3 of 9 built-in.
- Improve productivity and efficiency by printing and using your own bar codes.

Indoor/Outdoor Grade Tape

Brady's indoor/outdoor grade vinyl tape adheres well to pipes, walls, equipment, windows - most clean, dry surfaces. Conforms well to irregular, curved or rough surfaces - it even stands up to grease, oil and most industrial chemicals. Five year average outdoor durability in temperatures from 180° F to -40° F (82° C to -40° C), can be applied as low as 0° F (-18° C).

50ft. Roll

Sort Roll

Industrial Label Maker

Easy, versatile, customized signs and labels:

The GlobalMark®2 Industrial Label Maker gives you built-in templates, graphics, and applications. So you can quickly and easily create pipe markers, safety signs, hazardous labels, tags, equipment, warehouse marking, and more. You can even create custom templates!

Get the message out now with the GlobalMark2 Industrial Label Maker.

The GlobalMark®2 Industrial Label Maker gives you the power to produce whatever professional signs and labels you need, wherever, and whenever you need them.

The Features you need at your fingertips:

- English, Spanish, French Languages Built In
- Print Size .08" to 3.8"
- 5 Fonts Built In
- Bar Codes 128, 39, and Int. 2 of 5 Built In
- Tape Widths 1/2" to 4"
- Clear Label Preview Before Printing
- Large Color Touch Screen
- Full Size Keyboard
- XY Axis Plotter/Cutter on Color & Cut Model - Die cuts .08" to 3.8"
- Compact Flash Memory Card Port
- Sharp 300 DPI Print Resolution
- Touch-and-Drag Editing

Safety Concerns don't wait - neither should you

There is no substitute for a specific message that clearly delivers critical directions and information, at the precise point of need. Use the GlobalMark 2 Industrial Label Maker to:

- Improve Safety
- Enhance Productivity
- Reduce Costly Errors
- Increase Profitability
- Tighten Security
- Meet the requirements of 5S, Six Sigma, Kaizen, Kanban, and similar quality assurance programs.

Exactly the message you need, when you need it.

When you need a sign or label, you need it now - you don't want a day or a week for a custom order. With the GlobalMark 2 Industrial Label Maker Wizards, just touch, print, and get the message you need - right now - with built-in templates, graphics, and applications for:

- Pipe Markers
- Arc Flash Labels
- LO/TO Instructions
- Electrical Circuit ID
- OSHA and ANSI Warnings
- Machine Guard Labels
- Emergency Exit Markings
- General Facility ID and Signs

Custom Sign Shop quality at a fraction of the cost

When you print signs, labels, ID tags, and more on demand, using durable Brady materials, you save time and money on every single sign and label compared to a custom sign shop. That makes the GlobalMark®2 printer an incredibly smart investment.

The ultimate sign database - get your message out even faster with Surf On Signs™, Brady Signs & Labels Database. With thousands of pre-made OSHA sign and label templates ready to be customized and print in just a click:

- OSHA & ANSI signs, tags, ANSI-ASME pipe markers, & other standard safety formats included.
- The edit feature allows you to personalize and save your customized sign for future use.
- Print signs and labels in English, French, Spanish, and bi-lingual formats.

- Justify Text Automatically
- Mirror Image

Make your own big color signs in minutes so they're loud and clear

Print larger color custom signs in your own office with the PowerMark™ sign and label maker. You can make professional, 10" industrial-grade labels and signs in just minutes that will last years, at huge cost savings.

Size does matter

Don't settle for smaller signs that are easily overlooked. Create your own signs from 4" to 10" high, so your message won't be missed.

Show the colors of a professional

Add color to your sign to maximize its impact. With PowerMark™ sign and label maker, you can print up to four colors on one sign - without changing ribbons! Using your PC, you can print up to nine colors without changing ribbons.

Rigid or flexible adhesive signs

Easily mount your PowerMark™ sign directly to any clean, hard surface - all for savings of over 70% compared to custom-ordered signs.

Lives can depend on it

Putting specific safety messages with crystal-clear details at all points of need helps employees, contractors, and other plant visitors understand the proper and safe way to go about their business.

Productivity depends on it

When critical production and maintenance information is placed where it's needed most and where it will be seen, the number of costly errors and mistakes are reduced. Workers are more focused, more effective and more productive.

Profits depend on it

Having the in-house ability to create signs and labels specific to your processes and applications makes for a safer and more productive work environment - generating benefits that flow directly to your bottom line.

Key applications and tools built-in

This powerful label maker has the critical tools you need built right in, Including 300 industrial and safety symbols, and 3 of 9 bar code symbology. Connect your PowerMark™ to optional MarkWare™ Deluxe Facility ID software, and you get even more bar codes, symbols, and label making versatility. that lets you make big, bold, and bodacious messages - and do it all in color... in minutes... in house.

LinkRunner™ Multimeter

Quickly verify moves, adds, changes, and troubleshoot basic connectivity problems with the essential personal tool.. View link, speed, duplex, cable length, switch port, PC NIC response and ping key devices. New features: Now detects Gigabit devices and precisely locates cables on Cisco and Extreme switches (supports CDP/EDP)!

LINKRUNNER LinkRunner **\$465.00**

LinkRunner™ Kit

LinkRunner Extended Test Kit Includes:
LinkRunner Pro, IntelliTone Pro 200 Probe, WireView Cable IDs #1-6, CLIP-SET RJ45 to 8 alligator clip bare wire adapter, LinkRunner Connect software CD, test accessory soft pouch, USB cable, LinkRunner Pro Getting Started Guide, IntelliTone Pro Getting Started Guide, four (4) AA alkaline batteries, one 9V alkaline battery, packaged in a deluxe Fluke Networks carry case

LINKRUNNER KIT LinkRunner Kit **\$915.00**

LinkRunner™ Pro Network Multimeter

Network link tester empowers technicians to resolve a broader range of today's connectivity problems. It verifies link at 10/100/Gig, pings up to 10 key devices, detects Power over Ethernet (PoE), resolves 802.1X security conflicts, identifies nearest switch with CDP/EDP/LLDP discovery protocols, and generates professional link status test reports to expedite trouble ticket resolution.

LRPRO-1000 LinkRunner Pro Network Multimeter **\$995.00**
LRPRO-KIT LinkRunner Pro Extended Test Kit **\$1499.00**

CableIQ Qualification Tester

CableIQ is the first qualification tool designed for network technicians who need to troubleshoot connectivity problems and qualify cabling bandwidth. It sees if your cabling is qualified to support 10/100, VoIP or Gigabit Ethernet. Detects speed/duplex settings of attached switches and PCs. Intelligent wiremap graphically shows distance to faults. Intuitive, lightweight, and rugged.

CIQ-KIT CableIQ Advanced IT Kit **\$1435.00**
CIQ-KRQ CableIQ Residential Qualifier Kit **\$1035.00**
CIQ-100 CableIQ Qualification Tester **\$945.00**

CableIQ Tester Includes:

CableIQ w/Remote Adapter, CableIQ Reporter Software, (2) RJ45-RJ45 Patch Cord, USB Cable, Coax "F" Push-on Adapter, Owners CD and Guide, (4) AA batteries, Soft Carry Case

CableIQ Residential Qualifier Kit Includes:

CableIQ Main Unit (CIQ-100), RJ45 Patch Cord (2), RJ11 Patch Cord, (2), USB Cable, Bare Wire Adapter, Speaker Wire Adapter, Coax Cable, Coax BNC Adapter, Coax RCA Adapter, "Qualified" Labels (50), User Manual, Guide, AA batteries (4), Soft Carrying Case

CableIQ Advanced IT Kit Includes:

CableIQ Unit w/Remote Adapter, CableIQ Reporter Software CD, IntelliTone 200 Digital Probe, Remote IDs #2-7, (2) RJ45-RJ45 Patch Cord, USB Cable, Coax "F" Push-on Adapter, 75-OHM Coax Patch Cord, RJ45/11 Universal Coupler, RJ11-RJ11 Patch Cord, Owners CD & Guide, (4) AA batteries, Test Accessory Pouch, Hard Carry Case

MicroMapper™ Pro VDV Cable Tester

The new MicroMapper™ Pro simplifies Voice/Data/Video cable testing with a "quick check" test for twisted pair and coax connectors to TIA568A/B specifications. Test terminations, length, cable ID, and location reliably and quickly with one tester.

MicroMapper™ Pro Kit Includes:

MicroMapper™ Pro VDV Cable Tester, with a built-in analog toner, Pro3000 Probe, and eight included cable IDs.

SIGNALTEK™ Near-End and Remote-End Handset, Black Nylon Carrying Case, (2) 12 (30.5cm) RJ11 Silver Satin Cables, (2) 24 (61cm) RJ45-to-F patchcords, (2) 12 (30.5cm) RJ45 Shielded Patchcords, (2) 12 (30.5cm) RJ45-Twin Alligator Clip Cords, (8) AA Alkaline Batteries, USB Cable, Quickstart Guide, CD-ROM, User Manual

SIGNALTEK-FO™ Includes:

1 SIGNALTEK Fiber Ready Near-End and 1 Remote-End Handset, Carrying Case, Copper Cable Accessory Kit with Interfaces to RJ45, RJ11, Coax F-Type Cables, and Alligator Clips, Fiber Optic Cable Accessory Kit: 2 Duplex LC-SC 50/125µm (2m/7ft) cables, 2 duplex LC-SC 62.5/125µm (2m/7ft) cables, 1 duplex SC-SC adapter, 8 AA Alkaline Batteries, 2 AC Power Adapters with International Plugs, USB Interface Cable, 1 CD-ROM User Manual, 1 Training DVD

LinkMaster™ PRO and LinkMaster™ PRO XL Testers

The LinkMaster™ PRO & LinkMaster™ PRO XL Testers enable installer, contractors and maintenance technicians to map and test. As well as troubleshoot data, voice communication cable, and coax runs. Rugged, versatile, and easy-to-use they have mastered the link between performance simplicity and value for both commercial and residential applications.

33-825	LinkMaster™ PRO XL Kit with 8 Remotes & ABS	\$330.00
33-835	LinkMaster™ PRO XL Kit w/8 Remotes	\$215.00
33-880	LinkMaster PRO Kit w/ 8 Remotes Unshielded Jumper Cables	\$399.00
33-881	LinkMaster PRO Kit w/ 1 Remote - Unshielded Jumper Cables	\$468.00

Features

	Pro XL	Pro
Blinks the Hub	•	•
Displays Length Measurement with Test Results	•	•
Remotes have both RJ-11 & RJ-45 Jacks	•	•
Backlight LCD Screen	•	•
Measures Length on UTP, STP, and Coax	•	•
Tests UTP for Shorts, Opens, Miswires, Reversals, Split Pair, & Shield Continuity	•	•
Test Coax for Opens, Shorts and Continuity	•	•
Shows Wiring Errors	•	•
Test & Identifies with 8 Twisted Pair/Coax Remotes	•	•
Sends Tone with Four Different Signals	•	•
Displays Test Results on Wire Map Format	•	•
Snap-Off Battery Cap	•	•
9 Volt Battery Included	•	•

Different Kits that are available for the LinkMaster

VDV Multimedia Cable Tester

- Comprehensive testing for Voice, Data and Video applications.
- Designed for testing in residential and commercial environments.
- Supports RJ11/12, RJ45, & coax F-Connector cabling/interfaces.
- Easy-to-read LCD display with PASS/Miswire indicators, wiremap display and troubleshooting modes.
- Multi-tone support for cable tracing and fault isolation.
- Convenient internal storage for remote.
- Capacity to support additional remotes

VDV Multimedia Cable Tester Features:

- Integrated RJ-11/12 (Phone) RJ-45 (UTP/STP) & Coax (F-Connector) Interfaces
- Compact Ergonomic Design puts Full-Featured VDV Functionality in your Hand.
- Detachable Remote with RJ11/12, RJ45, and Coax (F-Connector) Interfaces. Stores Securely in the Base of the Main Unit for Easy Patch Cable Testing.
- Pressing the TONE Button Starts Tone Generator in the VOICE, DATA or VIDEO Mode.
- A Single Button Push Immediately Selects Between Testing Functions.
- Remote ID Number (Flashing) or "S" for Shielded (Flashing)
- Large LCD Displays User Current Mode, Test Results & All Faults
- Displays Automatically Warns of Voltage on Lines and Shows PASS/FAIL

33-856	VDV Multimedia Cable Tester Kit	\$105.95

Digital High Performance Tracing Kit

NEW!!!

The 811K Digital High Performance Tracing Kit is a wire and pair tracing tool that is both universally compatible and virtually noise-immune. Whether tracking wires in a clear and quiet location or trying to find a wire in an area roaring with power hum and digital crosstalk.

The 200XP probe and 77GX tone generator work efficiently. The tracing pair is also capable of working with any older type conventional tone probes and tone generators.

811K	Digital High Performance Tracing Kit	\$174.95
200XP	Inductive Probe	\$110.00
77GX	Tone Generator	\$37.85

LAN ProNavigator Tester

- One-Button, Simple Testing (PASS/FAIL or Fault Find)
- Traces Wires with Tone & Remote Lights
- Quick Fault Analysis on Coax & Data Cables
- CAT-5, CAT-5e or CAT-6 (UTP/STP) Cable Testing
- Detects Opens, Shorts, Crossed Wires & Split Pairs
- Test Status Lights at Both Ends (Main Unit & Remote)
- Designed & Manufactured in the USA

1543	LAN ProNavigator Tester & Remote	\$89.00
901066	LAN ProNavigator Test Set	\$134.75

ProNavigator Tester Includes:

(1) LAN ProNavigator Main, (1) LAN ProNavigator Remote, (2) RJ45 Patch Cords, (2) Belt Clips in a Durable Case

ProNavigator Test Set Includes:

(1) LAN ProNavigator Main, (1) LAN ProNavigator Remote, (2) RJ45 Patch Cords, (2) BNC Coaxial Cables, (2) CATV "F"-to BNC Adapters, (1) BNC/BNC adapter, (1) Shielded RJ45 Coupler, (2) Belt Clips in a Durable Case

PC Cable-Check Pro

- Auto scan or manual scan modes
- Power shuts off after 30 seconds of non-use
- Modular plugs: RJ45, RJ11, RJ12 UTP/STP
- Coaxial: BNCs & CATV "F" (BNC-to-F adapter required; not included)
- D-sub: 9-, 15- & 25-pin
- HD-sub: 15-pin
- USB: A, B, & mini 5-pin
- 1394 FireWire: 4- & 6-pin

1577	PC Cable-Check Pro	\$154.85
-------------	--------------------	-----------------

LAN & A/V Cable Check

Quickly and easily test RJ45, cable TV "F", RCA, & BNC cabling used in smart home installations.

Includes: 2 RJ45 patch cords, 75ohm male terminator, CATV "F" female adapter, 2 CATC "F" male to BNC female adapter, 2 CATV "F" (m) to RCA (f) adapter, 9V battery, & case

1594	LAN & A/V cable check	\$36.50
-------------	-----------------------	----------------

LanScaperPRO™ Cabling and Network Tester

LanScaperPRO™ combines the functions of a high-end cable tester and length measurement device with the capability to identify, monitor and correct LAN issue associated with physical layer and link condition in the network

- Detects and reports active ethernet devices as well as POTS, ISDN, Token Ring and other devices at the other end of a link for 10BASE-T or 100 Base-Tx

NT800	LanScaperPRO™ Cabling & Network Tester	\$499.00
NT850	LanScaperPRO™ Tester Kit	\$665.00

LanScaperPro™ Tester Includes:

Cable Test remote, (2) 1ft patch panels, (2) RJ45 to alligator clip cables, Cordura case.

LanScaperPRO™ Tester Kit also Includes:

(8) cable test remotes, Tone Tracer (TT100), (2) RJ45 to F-connector adapters, (2) "No Fault" RJ12 cables

LanScaper - Network Tester

Perform physical layer network management with the functions of a high-end cable tester and length measurement device plus the capability to monitor and correct network problems associated with the physical layer and link conditions of the network.

- Detects Legacy "Phantom Power", Reports Current and Voltage Capability of Analog phone Lines, Identifies Remotes Testing
- Conducts Link Tests to ID Speed

NT700	LanScaper Network Tester	\$278.95
--------------	--------------------------	-----------------

LanScaper Network Testing Kit

LanScaper Network Testing Kit Includes:

NT700 Main Unit with Remote, Tone Tracer (TT100), 8 Remote Identifiers, RJ45 to Coax Adapter Cables (TP50), F to BNC Adapter (TP62), Carrying Case

NT750	LanScaper Network Testing Kit	\$378.00
--------------	-------------------------------	-----------------

LanRoamerPRO™ Cat 5 Tester

Network cabling tester identifies length and multiple faults clearly without interpretation. Clear wiremapping is displayed on two-line, 16-character LCD display.

- Measures Cable Length as a Stand-Alone Function
- Test for Short, Opens, Miswires, Reversals & Split Pairs
- Clear Wiremapping form Displayed in 2-line, 16 Character LCD Display

TP600	LanRoamerPRO™ Cat 5 Tester	\$145.00
TP607	LanRoamerPRO™ Cat 5 Tester w/8 Remotes	\$239.99

LanRoamerPRO™ Cable Tester Includes:

30.48 cm (1 ft) RJ45 to alligator clips cable (TP40), two 30.48 cm (1 ft) patch cables with RJ45 connectors (TP55), wire configuration sticker, and nylon pouch (PC150). Requires 9-volt battery (not included).

LanRoamerPRO™ Cable Tester w/eight remotes:

30.48 cm (1 ft) RJ45 to alligator clips cable (TP40), RJ45 to coax F-connector adapter (TP50), two 30.48 cm, (1 ft) patch cables with RJ45 connectors (TP55), wire configuration sticker, and nylon pouch (PC400). Requires 9-volt battery (not included).

Validator™ & Validator™ NT Cable Certifiers

Designed specifically for Ethernet systems, the Validator measures and presents digital speed and performance results on CAT5, CATe, & CAT6 cables to ensure the cabling will do the job. Included software stores & organizes data into reports for billing, and archives network system information for later use in modifying or upgrading.

NT950 Validator™ Cable Certification Kit **\$1265.40**

The Validator NT955 offers active network testing, digital performance and speed certification for CAT5, CAT5e, and CAT6 Ethernet cables.

Features:

- Software Creates a Complete Topology of the Network with Cables, Equipment, and Connections that you can Save, Print, and Update as Changes are Made to the Network

NT955 Validator-NT™ Cable Certification Kit **\$1622.25**

Validator Includes:

(1) LAN ProNavigator Main, (1) LAN ProNavigator Remote, (2) RJ45 Patch Cords, (2) Belt Clips in a Durable Case

Validator-NT™ Includes:

Validator™ NT Main Unit, Smart Remote, 2 Lithium-Ion Batteries, 2 AC Adapter/Charger Units, 4 Adapter Cable Assemblies, Set of 8 Remotes, USB Cable Assembly, Compact Flash Card, Plan-um™ Software, Deluxe Carrying Case

Validator Accessories

NT93	Battery for Validator or Validator-NT™	\$68.50
NT930	Carrying Case for Validator or Validator-NT™	\$50.00
NT92	Power Supply for Validator or Validator-NT™	\$30.85
NT94	72" Cable Assembly, USB	\$5.25
TP20	7.5" Cable Assembly, no fault RJ12 connectors for RJ11 or RJ45	\$1.69
TP55	12" Cable Assembly, Shielded, RJ45 Connectors	\$2.35
TP62	Adapter, BNC plug to F Connector	\$2.25

Real World Certifier

Performance, Certify, and Troubleshoot LAN Hardware and Cabling (10MB, 100MB, Gigabit). The RWC100 takes you far beyond typical LAN and Cable testing. Now you can perform all of your standard cable tests plus "Type" your cable (CAT 3, 5, 5E, 6) and perform real speed tests on cables, switches, hubs, and PCs. With results displayed on graphs! Plus, store the test for later printing.

- Compatible with 10MB, 100MB, and Gigabit Networks!
- Spot faulty wiring closet jumpers from your wall outlet
- Decode 10/100/GIG PCs, switches and hubs.

- Test 10/100/Gigabit PCs, switches and hubs for adequate signal levels
- Print "Receipt" to document test results

Real World Certifier Includes:

RWC1000 Main Unit, RWC1000 Remote Unit, Cat5e Patch Cables (2), Protective Case (Zippered), Documentation Tablet, "Passed" Stickers (64), 9V Battery (2), Instructional DVD, Illustrated Users Manual, Warranty: 1 year parts and labor, Made in the U.S.A

RWC1000K Real World Certifier **\$430.00**

Four Pair Tester

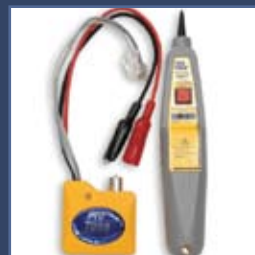

- Tests T568A, T568B, USOC, 10BASE-T, and Token Ring.
- Test cable runs up to 900m (2950 ft.)
- The presence of line voltage is indicated on the display to help prevent damage.
- LED flashes during testing and remains lit after pass
- Indications for 6- and 8-position jacks
- The UTP modular cords are equipped with patented plugs that fit any standard 6-or 8-position modular jack.
- Includes a length test option

Four Pair Tester Includes:

Master unit, Cushioned carrying case, Warranty card, 9V alkaline battery, 1 Identifiable passive remote unit labeled A [for use with UTP (Unshielded Twisted Pair) cable]*, Two 152mm (6 in.) universal modular plug cords wired straight through (plugs into modular 6- or 8-position jacks). Use of any non-twisted modular cord may cause erroneous split pair detection. and the Siemon Company Wiring Reference Guide

STM8 Four Pair Tester **\$215.00**

Network Tone Generator/Probe II

The Famous probe sold with 1000s of our Real World Certifiers is included in this ProTone Kit

- Loud tone with filtering technology locates wires quickly
- Ultra bright LED on tip to see dark cables

- Volume control and tone LED for controlled operation
- Insulated Tip and "60HZ present" warning LED for safety
- RJ11, RJ45 and insulated Alligator clips for connection
- Powerful extra tests: voltage, polarity and continuity
- Pouch and 9V batteries included

CTX590 Network Tone Generator/ Probe II **\$69.95**

S110 Test Adapters

Siemon 1,2,3 and 4 pair test adapters provide a convenient way to test 110 connecting blocks. The adapters plug into any 110 connecting block and provide a modular jack for connection to test equipment or patch cords. It is the only 110 test adapter that can be attached to both terminated and unterminated 110 connecting blocks without disturbing the terminated conductors. All adapters (except for the on pair version) are Stackable.

TAP-110-U1	1 pair, S110 test adapter, USOC wiring	\$28.75
TAP-110-U4	4 pair S110 test adapter, USOC wiring	\$61.95
TAP-110-T4	4 pair cat 5, S110 test adapter T568A wiring	\$61.55
TAP-110-A4	4 pair cat 5, S110 test adapter T568B wiring	\$61.55

MicroScanner² Termination Kit

The MicroScanner² Termination Test Kit is a solution to terminate, locate, & verify copper cabling installations & ensure productivity from day one. Terminate copper cabling using the IS60 Pro-Tool Kit. Locate virtually any cable/wire pair with IntelliTone Pro 200 Probe. Streamline voice/data/video cable with MicroScanner².

MicroScanner² Termination Kit Includes:
MicroScanner² Cable Verifier, MicroScanner² Case, IntelliTone Pro 200 Probe, IntelliTone Pro 200 Case, IS60 Pro-Tool Kit, Users guide CD, Deluxe carrying case

MS2-TTK MicroScanner² Termination Kit **\$720.00**

Electrical Contractor Telecom Kit

The Electrical Contractor Telecom Kit is comprised of industry standard tools & test equipment. All products are brought together in a Cordura case that will last years.

11290-000 Electrical Contractor Telecom Kit Includes:
TS30 Test Set w/ Bed-of-Nails Cord, D814 Impact Tool, EverSharp 66/110 Cut Blade, Electrician's D-Snips

11289-000 Electrical Contractor Telecom Kit Includes:
Pro 2000 Tone and Probe Kit, D814 Impact Tool, EverSharp 66/110 Cut Blade, Electrician's D-Snips

11290-000 Electrical Contractor Telecom Kit **\$289.00**
11289-000 Electrical Contractor Telecom Kit **\$200.00**

IntelliTone™ Pro Kits

Advanced SuperVision for locating cable more effectively at patch panels, termination blocks, or hidden within bundles.

IntelliTone Pro 100 Kit

- Finds the cables the others can't
- Rejects noise and false signals
- Precisely isolates individual wire pairs
- Tones safely and clearly on active networks
- Diagnoses essential cable information with polarity, and continuity

- Identifies and diagnoses POTS with Line 1 service and polarity

IntelliTone Pro 200 Kit (adds the following functionality)

- Identifies 10/100/1 Gb Ethernet connectivity w/NIC/hub indication
- Identifies and diagnoses POTS with Line 2 POTS service and polarity
- Verifies twisted-pair installation with CableMap capability which identifies common cable miswire

MT-8200-60A IntelliTone Pro 200 Kit

Includes IntelliTone Pro 200 Toner and 200 Probe, coax F connector adapter, two RJ11 and two RJ45 patch cables, test leads with alligator clips, lanyards, owners CD and quick start guide, two 9 volt batteries

MT-8200-50A IntelliTone Pro 100 Kit

Includes IntelliTone Pro 100 Toner and 100 Probe, coax F connector adapter, RJ11 and RJ45 patch cables, test leads with alligator clips, lanyards, 9 volt batteries

Modular Adapter

Tone & Probe Kits

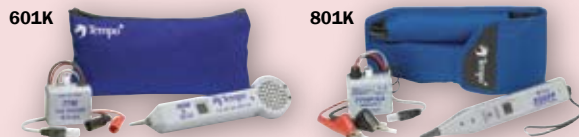

MODAPT

This modular adapter allows in-line testing for any plug/jack combination. It includes two 4-pair jacks plus a 152mm (6 in.) modular cord terminated with our patented 4-pair "universal" plug for accessing any standard 6- or 8-position jack (see page 3.11). Individual conductors are broken out by pin number and correspond to eight separate test pads.

Test equipment can be securely attached to the test pads using alligator clips. For quick reference in the field, USOC, T568A, and T568B wiring charts are printed right onto the MODAPT body. When used with Siemon's TESTAR® adapter and S110® test adapter, the MODAPT can be used to test connections on S66M and S110 blocks.

MODAPT	Siemon modular adapter	\$19.95

Tracker II Underground Kit

- Traces the path & determines the depth of wires on active/dead systems.
- Receiver provides audible & visual of signal.
- Transmitter & receiver sensitivity are adjustable.
- Transmitter offers three methods of connection: direct, inductive coupler and inductive antenna.
- High frequency transmitter range up to 4,000' & depths up to 7'.

501 Tracker II Underground Kit **\$690.00**

Pulse Fault Locator

- Identifies the exact location of even the smallest breaks in insulation by "pulsing" a high-voltage signal into the earth at the location of the faults. With the A-frame mounted receiver, a visual analog meter points to the source of the voltage
- Multiple faults on a single wire can be identified indicating the need to replace instead of repair.
- Extra long test leads feature heavy-duty alligator clips for use on multiple cable types.

PE2003 Pulse Fault Locator **\$1110.00**

Buried Line Locator

- LED & LCD signal strength indicators makes it quick & easy to find exact line location.
- Lightweight & ergonomically balanced.
- Automatic signal boost makes it easy to trace lines, even those with very weak signals.
- Receiver may be used in active or passive mode.
- Receiver locates multiple passive frequencies with a single setting.

BLL-200 Buried Line Locator **\$1490.00**

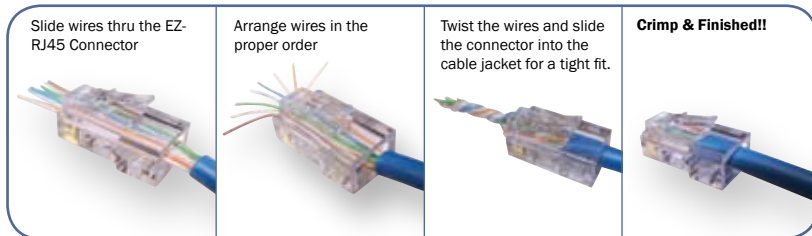

Wire Finder/Mini Locator

- Traces energized/degenerated wires in walls.
- Provides results on cables to depths of 3' & lengths up to 1000'.
- Determines the depth of the wire before digging.
- Compact design & easy-to-understand operations.
- Adjustable transmitter & receiver for accurate locating.
- Quick change test leads for use in any industry.

508S Wire Finder/Mini Locator **\$255.00**

EZ-RJ45 Connectors

The EZ-RJ45 Connectors, simplify twisted pair terminations by allowing the wire to be inserted through the connector and out the front. This allows the technician to easily verify the proper wiring order. Electrical performance of the termination is optimized by pulling the connector down over the cable jacket and seating it tightly in the rear of the connector. It also guarantees that the wires will be properly flush to the front of the connector.

202003J	EZ-RJ45® Connectors, 100 Pc. Jar	\$59.00
202035J	Strain Relief for EZ-RJ45® Cat 5e Connector. Jar of 100	\$23.00
202010J	EZ-RJ45® Cat 6+ Connectors, 100 Pc. Jar	\$68.00
202036J	Strain Relief EZ-RJ45® Cat 6+ Connectors & Shielded Cat 5e Connector, Jar of 100	\$23.00

How Straighten Twisted Pair Wire

- 1) Save the cable jacket and separate the four cable wires
- 2) Slide the cable jacket between the twisted pairs
- 3) Untwist the wire by pushing the wire in the opposite direction of the twist
- 4) When you reach the end, pinch the wire inside and pull outward to straighten.

Wire Stripper

- Designed for stripping the jacket on Cat 5, 5e cables.
- Will not nick inner conduct

Crimp Tool for EZ-RJ

- Tool steel die head assembly provides 360° of connector support during crimp.

CD35-VPW	Eye Ball 180° Easy Adjustable Color Camera	\$57.85
-----------------	--	----------------

- 1/3" SONY Color CCD Camera w/ Auto Iris Lens 4~9mm
- 520 TV Lines, 0.1 Lux
- AC24V - DC12V
- Dual Power

CD360HVA-VPW	360° Outdoor Camera with High Resolution	\$205.00
---------------------	--	-----------------

Bullet Cameras

- Indoor Camera
- 1/3 CCD 420 TVL 0.1 LUX
- 2.5~9mm Lens
- Bracket Included
- DC12V / 150mA

CM25W-2.5-9	Varifocal Indoor Bullet Camera	\$125.00
--------------------	--------------------------------	-----------------

- Sony 1/3 CCD High Res. Camera
- 480TVL Color /600TVL B/W
- 0 Lux W/48IR Led's (w/IR On)
- Solver Case Optional
- 3.6mm F1.6 Lens
- 12VDC 450mA

CM35IR-48	Professional Bullet IR Camera	\$105.00
------------------	-------------------------------	-----------------

Corner Cameras

- Perfect for Elevators
- 40 feet Infrared
- 420TVL 0 LUX
- Wide Angle 2.5mm Lens
- DC12V / 150mA

CM1-IR	Corner Camera w/IR	\$125.00
---------------	--------------------	-----------------

- Sony 1.3" CCD Camera
- 3.7mm Pinhole Lens
- Easy Installation
- Front Installation
- DC 12V 150mA

CM1-VP	Vandalproof Corner Camera	\$135.00
---------------	---------------------------	-----------------

SecuriTEST™ CCTV/Security Testers

33-892

33-891

CCTV installers often need to carry a variety of testing tools to complete their work. SecuriTEST combines the most-needed tools in one easy-to-carry package. Since all connections (video/communications/DMM) attach to a single unit, SecuriTEST eliminates the need to juggle several devices while on a ladder or lift, making working conditions safer and increasing productivity.

Essential CCTV Tools:

- CCTV Video Tester
- PTZ Camera Controller
- Digital Multi-Meter
- UTP Cable Tester
- Video Test Pattern Generator
- PTZ Protocol Analyzer
- Camera Programmer (33-892 only)

33-892	SecuriTEST™ PRO CCTV/Security Tester	\$815.00
33-891	SecuriTEST™ CCTV/Security Tester	\$698.00

4 Channel Security System Package

This 4 channel DVR system provides peace of mind by allowing to remotely monitor their premises on the Internet.

- 4 Channel H.264 Network DVR
- 160GB Hard drive (pre-installed)
- USB mouse
- Remote control with batteries
- 4 x dome cameras
- 4 x 60 feet cables
- 1 x DVR power supply
- 4 x Camera power supply

DCTCH4PACKAGE	4 Channel Security System Package	\$625.00
----------------------	-----------------------------------	-----------------

F-Connectors

- Approved for use by most cable TV & satellite companies
- RF signal contains strong signal
- Connections do not come loose
- Provides superior durability in all climates compared to other manufactures' connectors

89-211	RG-11, Dual Shield, Compression Connectors, 10 Pack	\$45.00
92-610	RG-59 Compression F-Connectors - Jar of 50	\$30.00
92-650	RG-6 Compression F-Connectors - Jar of 50	\$30.00
92-656	RG-6 Compression F-Connectors - Jar of 100	\$56.00
92-660	RG-6 Plenum Compression F-Connectors - Jar of 50	\$40.00

Waterproof CATV "F" compression connectors for digital cable, satellite, and cable modems. Works with HDTV!

- Quick & Easy assembly
- Compression-type for indoor or outdoors
- Works with HDTV & digital cable
- For satellite, CATV, cable modems, video, & UHF

9645	Sealtite F Connectors RG59 - Jar of 50	\$29.99
9646	Sealtite F Connectors RG6 - Jar of 50	\$29.99
9647	Sealtite F Connectors RG6 Quad - Jar of 50	\$29.99

BNC & RCA Connectors

BNC

RCA

- Constructed of nickel plated brass & gold plated head
- Easily installs onto RG6 & RG59 cable
- HDPE adapter sleeve & inner "O" ring provide double protection
- Compatible with 30-603 & 30-793 OmniSeal Compression tools

89-047	BNC RG-59 Compression Connectors - 15 pack	\$29.25
89-5047	BNC RG-59 Compression Connectors - Jar of 35	\$62.95
89-048	BNC RG-6 Compression Connectors - 15 pack	\$29.25
89-5048	BNC RG-6 Compression Connectors - Jar of 35	\$62.95
89-572	RG59 RCA Compression Connectors - Pack of 10	\$19.25
89-570	RG59 RCA Compression Connectors - Jar of 35	\$58.95
89-582	RG6 RCA Compression Connectors - Pack of 10	\$19.25
89-580	RG6 RCA Compression Connectors - Jar of 35	\$58.95

Compression Kits

SealTite Pro Kit

Includes all the tools you need to prepare the cable and terminate any compression connector using RG59, RG6 or RG6 Quad shield cables.

- KT 8 Cutter
- LC CST CATV Stripper
- RG6 CATV Flaring Tool
- SealTite Pro Crimper
- SealTite RG6/Quad (10) Connectors

Paladin Tools

4910	Paladin Tool SealTite Pro Kit	\$95.00
-------------	-------------------------------	----------------

Basic Compression Kit

- Economy Compression Tool
- Data T-Cutter
- Coax Stripper
- RG59 connectors: 10

- RG6 Quad connectors: 10
- RG6 connectors: 10

33-620	Basic Compression Kit	\$80.35
---------------	-----------------------	----------------

Service Compression Kit

- RG6 universal connectors: 50
- RG6 universal plenum connectors: 10
- RG59 BNC connectors: 10
- RG6 BNC connectors: 10

- OmniSeal Compression tool
- Port Seal
- Data T-Cutter
- RG6 Stripmaster
- RG6 Quad blade

33-630	Service Compression Kit	\$318.00
---------------	-------------------------	-----------------

Compression Tools

Compression Tool, F-Connector

- Compresses Series 6 & 59 coax compression connectors
- Connection never comes loose
- Adjustable nesting fixture accommodates a variety of connectors

30-633	\$24.05
---------------	----------------

OmniSeal™ Pro Compression Tool

- Connects RG6, RG Quad Shield, RG59, (33-793 also works on BNC) & compression F-Type coaxial cables
- Fast & reliable solution to home theatre, CATV, satellite & security applications
- Works with most compression connectors

30-603	\$65.40
30-793	\$79.99

SealTite Pro Crimper **Paladin Tools**

Crimps linear "F", BNC, RCA, & compression connectors for RG59, RG62AU, RG6 & Quad cables.

1555	\$58.95
-------------	----------------

Coax Flaring Tools

- Flare the shield braid back from the dielectric without nicking your finger.
- Attachment Tool Enables You to Hold the Connector Comfortably to Insert onto Cable.
- One Year Warranty

1927	Cable TV "F" Flaring & Attachment Tool	\$7.99
-------------	--	---------------

- Works on RG59 and RG6/6 Quad Cable
- Flares shield away from center dielectric
- Saves time on CATV and satellite installations
- One-Year Warranty

1917	RG59/RG6/RG6 Quad Flaring Tool	\$13.00
-------------	--------------------------------	----------------

F-Connector Tool

Paladin Tools

- Comfortable driver-style plastic handle
- One-year warranty
- 1908 - Use the hex socket to easily remove & insert connectors.

1908	CATV "F" Extraction Tool 8"	\$13.99
1907	BNC Extraction Tool 8"	\$13.99
1916	BNC Extraction Tool 12"	\$13.99

- Combines a 7/16 in. hex Socket & 3/8-32 threaded end.
- Holds F-connector during insertion to ease seating against dielectric.

35-046	F-Connector Tool	\$24.95
---------------	------------------	----------------

Universal Lightcrimp Plus Kit

Easiest and quickest fiber termination available.

- Connections take under a minute.
- Limited or no training required
- No polishing needed: simply strip, cleave and crimp.
- Factory-polished to a consistent high quality end finish eliminates return loss concerns.
- No epoxy, curing ovens, or ultraviolet; no power needed.

1278118-4 Universal Lightcrimp Plus Kit **\$1395.00**

Lightcrimp Plus Connectors

ST-Connectors

SC-Connectors

LC-Connectors

5492642-1	SC style connector 62.5µm	\$12.75
5492643-1	ST style connector 62.5µm	\$13.25
1278082-1	ST style, 50/125µm multimode	\$12.75
1278079-1	SC style, 50/125µm multimode	\$13.35
1754483-1	LC simplex connector, 62.6/125µm	\$20.65
1754483-2	LC simplex connector, 50/125µm	\$20.25
1754482-1	LC simplex connector singlemode	\$20.56

Opt-X Fiber Tool Kits

Opt-X Fast-Cure Tool Kit

- Lightweight case
- 200x inspection scope
- Buffer remover
- Polishing pad
- LC scope adapter
- Fiber optic crimp tool
- Safety glasses
- Scissors
- Jacket stripper
- Music wire

49800-FTK Opt-X Fiber Tool Kits **\$749.00**

Opt-X Pro Tool Kit

- Compact lightweight case
- Jacket Stripper
- Buffer Remover (2)
- Scissors
- Marking pen
- Safety glasses
- Threadlock cleave tool
- Music wire
- Inspection scope
- Polishing pad & fixture

49800-UTP Opt-X Pro Tool Kit **\$650.00**

Opt-X Light Fiber Tool Kit

The Opt-X Light Fiber Tool Kit contains all the essential for field termination of Leviton's Fast-Cure & Threadlock connectors. It's convenient, cost-effective, as well as single/multimode compatible.

Kit Includes:

- 100x inspection scope
- Scribe
- Threadlock tightening tool
- 900µm buffer remover tool
- Rubber polishing pad
- Aramid strand scissors
- Jacket stripper
- 2.5mm polishing fixture
- Compact carrying case

49800-MTK Opt-X Light Fiber Tool Kit **\$370.00**

Fast-Cure Connectors

49884-DPC	Threadlock SC duplex clip (25 Bag)	\$10.15

HiLite & VFI2 Visible Fault Identifiers

The HiLite and VFI2 are compact but powerful visible red laser designed to troubleshoot faults on fiber optic cables. Light generated by these units will escape from sharp bends and breaks in jacketed or bare fibers, as well as poorly mated connectors. They can identify faults in fiber optic jumper cables, distribution frames, patch panels, and splices trays.

The HiLite and VFI2 are an excellent complement to an OTDR because they can locate faults inside the OTDR's dead-zone. Other applications include end-to-end continuity checks, identifying connectors in a patch panels and fibers during splicing operations. The universal connector interface provides fast operation with many connector styles w/o changing an adapter.

VFI2 Visual Fault Finder **\$379.00**
HiLite Visual Fault Finder Keychain **\$279.00**

VisiFault

The visual fault locator can locate fibers, verifies continuity and polarity, and helps find breaks in cables, connectors, and splices. Continuous and flashing modes make for easier identification. Compatible with 2.5mm and 1.25mm connector for easy connection.

- Bright red visible laser light source
- Accelerates end-to-end fiber continuity checks
- Speeds fiber tracing and identification
- Features continuous and flashing modes
- Rugged case survives drops, impacts, and vibrations
- Over 80 hours of battery life with two AA batteries

VisiFault VisiFault Visual Fault Finder **\$290.00**

Visual Fault Finder

The Visual Fault Finder is a light source used to locate break, poor mechanical splices and damaged connectors in fiber optic cables. Its perfect to verify continuity, test and find breaks in fiber links, locate pinched fiber strands in termination cabinets, or anywhere fiber optic cables are terminated and subject to mechanical damage

- Assists the termination of "no-polish" connectors by showing proper cleave alignment in connectors such as the MTRJ.
- Universal 2.5mm interface connects ST, SC, & FC connectors.
- Non roll design - essential for bench top use when terminating mechanical splices or internal splice connectors.
- Metal body w/protective Santoprene over sleeve.

VFF5 Visual Fault Finder **\$289.95**

Fiber Inspection Scope

The OFS 300 is a versatile instrument for the inspection of optical fiber connectors. By employing universal adapter cap mount, it can inspect virtually any connector style for scratches, dirt, or other problems normally associated with poor transmission performance. A 2.5mm universal adapter cap, holster, and user's guide are included.

OFS300-200C 200x Optical Fiber Inspection Scope **\$395.00**

CertiFiber

CertiFiber tests and certifies the compliance of multimode fiber optic networks to industry standards. The most productive and reliable method of testing LAN fiber networks.

- Measures multimode fiber length and optical loss
- Measures optical power and loss at 850nm and 1300nm using - LED dual-wavelength sources
- Saves 1000 Autotest results under customized job and circuit ID names
- Features a standards library for easy set-up
- Incorporates interchangeable connector adapters for simple network connection

8240-04 CertiFiber, Remote, LinkWare, Software, Carrying Case **\$3675.00**
8002-15 ST interchangeability connector adapter (1) **\$81.75**
8002-16 SC interchangeability connector adapter (1) **\$81.75**
8002-17 FC interchangeability connector adapter (1) **\$81.75**
8002-19 LC interchangeability connector adapter (1) **\$81.75**

Fiber Cleaning Kits

CFK-1010

Kits include:

- QbE cleaning system (200 sheets)
- Electro-Wash PX cleaner
- 2.5mm foam swabs (50 swabs)
- Lint-free wipes (100 4"x4" wipes)
- Electro-Wash MX premoistened wipes (5)
- Instructions
- Bag w/carabineer attachment

CFK-1000

CFK1000 also includes:

- V-groove and ferrule cleaning swabs (50 swabs)
- Fusion splice mirror cleaning swabs (15 swabs)

CFK1000 FTTH Fiber Optic Cleaning Kit **\$97.35**
CFK1010 I&M Fiber Optic Cleaning Kit **\$70.15**

Fiber Optic Test Kits

Multimode/Singlemode Test Kit

The SMLP5-5 test kit combines the OPM5-2D optical power meter and OLS4 integrated LED and Laser light source and is ideally suited for testing fiber optic networks with hybrid cables.

The OLS4 features 850nm and 1300nm LED output from a multimode output port and 1310nm and 1550nm Laser output from a singlemode output port. The OPM5-2 measures and stores loss results at 850 and 1300nm for multimode fibers and 1310 and 1550nm for singlemode fibers.

SMLP5-5 Multimode/Singlemode Test Kit with Wave ID, Set Reference and Data Storage **\$2800.00**

Contractor Series Test Kit

Combining the CSM2 optical power meter and the CSS-MM Dual LED light source, the CKM2 is a cost-effective test kit designed for performing insertion loss measurements on multimode fiber optic links.

(CKSM2 also includes a CSS-SM Dual Laser giving the ability to perform measurements on Singlemode fiber optic links.)

CKM2 Contractor Series Multimode Test Kit with Set Reference **\$749.00**
CKSM2 Contractor Series Multimode/Singlemode Test Kit with Set Reference **\$1545.00**

Fiber Cleaning

NFC-KIT-CASE Fiber Optic Cleaning Kit **\$165.00**
NFC-KIT-BOX Fiber Optic Cleaning Kit **\$80.00**

Kits includes:

- Cleaning cube with wipes
- 5 cards w/sealed cleaning zones
- Solvent pen
- 2.5mm port cleaning swabs

NFC-Kit-Case also includes:

- +5 cards w/sealed cleaning zones
- 1.25mm port cleaning swabs
- Rugged Carrying Case

Cleaning Cube with Wipers

- Contents: 125 wipes - each cleans up to 4 end-faces
- Dimensions: 2" x 2" x 2"

NFC-CUBE **\$35.00** **NFC-SOLVENTPEN** **\$9.95**

Fiber Optic Solvent Pen

- 9 grams of fiber optic solvent
- Felt-tip, spring-activated valve in aluminum pen body

**Fish Poles**

FP12 - Collapses to 26" x 1.25" and uses friction-locking system.

FP18 - Fish Pole 18' collapses to 27" x 2" & uses friction-locking system for added control.

FP24 - Fish Pole 24' collapses to 50" x 2.25" & uses snap lock buttons

FP12/02268	\$42.65
FP18/10442	\$68.05
FP24/10443	\$115.00

**Fish Stix**

Kit includes a bullet nose & "J" hook threaded tips, packaged in a clear plastic tube.

200lbs (0.9kN) minimum pulling strength for long lasting durability & peace of mind.

540-24	\$70.55
540-12	\$38.00

**Glo Stix**

540-15 includes a bullet nose & "J" hook threaded tips

540-6 includes a fixed bullet nose on both ends

Glo Stix are made from luminescent fiberglass rods make fishing wires easier in dark spaces such as above ceilings.

540-15	\$42.35
540-6	\$17.65

Fishing Poles & Stix

**Creep-Zit Pro 36ft**

- (5) FiberFuse 6ft. rods with male/female connector ends
- (1) Luminous FiberFuse 6ft. rod with male and female connector ends
- (1) 6ft. Fish Tailz 1/8" Mesh Pull Stock
- Whisk threaded Tip
- Ball Chain threaded Connector Tip
- Male Bull Nose threaded connector tip
- Packaged in a clear square plastic tube.

81-000	\$83.95
---------------	----------------

**Creep-Zit Compact 24ft**

Use the Creep-Zit compact rod kit for limited access where 6ft. rods are difficult to use.

- 7 - FiberFuse 3ft. rods with male/female threaded connector ends
- 1 - Luminous FiberFuse 3ft. rod with a fixed bull nose end & female connector end
- Whisk threaded connector tip
- Ball Chain Laynard (12" length)

81-600	\$59.95
---------------	----------------

Creep-Zit

These kits offers the essential components needed for a wide range of installation applications. The model CZ-30L is made of luminescent epoxy fiberglass rods that glow in the dark after "charged" in full light.

- 5 - 6ft green fiberglass rods
- (4) male/female connectors, 1 female on one end and a bullet shaped head with cross hole at the other end)
- A one foot ballchain attached to the Bullnose to grab it easily when inside a wall
- An "Eggbeater" Shaped head used as a guide to keep the rods from getting stuck on obstacles

CZ30	Creep-Zit Green fiberglass Kit (do not glow in the dark)	\$74.95
CZ30-L	Creep-Zit Luminous Fiberglass Kit	\$92.40

Fish Tape

**Ideal Zoom Fish Tape**

- Translucent, impact-resistant case shows precisely how much tape is left.
- Large Tuff-Grip handle provides secure grip, accommodates larger gloved hands.
- Zoom tape's outer nylon jacket offers abrasion resistance.

31-096	200' Zoom Fish Tape	\$192.00
31-092	100' Zoom Fish Tape	\$110.00
31-090	50' Zoom Fish Tape	\$90.90

Fish Tape

**Greenlee Fiberglass Fish Tape**

- 12" case has high-impact nylon, one-piece handle for maximum durability & long life
- Non-conductive fiberglass tape with low friction coating.
- Has unique non-coiling properties that enable it to fish in large & small conduit well.

542-250	250' Fiberglass Fish Tape: 3/16" dia, 300lbs	\$565.00
542-200	200' Fiberglass Fish Tape: 3/16" dia, 300lbs	\$489.00
542-150	150' Fiberglass Fish Tape: 3/16" dia, 300lbs	\$395.00
540-100	100' Fiberglass Fish Tape: .175" dia, 400lbs	\$183.95
540-50	50' Fiberglass Fish Tape: .175" dia, 400lbs	\$123.95

**Greenlee CableCaster®**

Significantly speeds up the installation of lightweight communications cable through hard-to-reach spaces like suspended ceilings, & sub-floors.

- 50' range allows for faster installations with fewer pulls.
- Yellow body reduces chances of leaving the Caster behind.
- Glow-in-the-dark darts minimize replacement costs.
- Aerodynamic darts provide high accuracy & fast installation.

06186	CableCaster® Wire Pulling Tool w/ 3 Darts	\$55.65
--------------	---	----------------

Drywall Hammer Cutter

The Drywall Hammer Cutter is designed for clean, precision cutting of drywall/gypsum board. Perfect for error free cutting of communication and electrical outlet access holes. No more mess to clean up!

- Cuts to 1" drywall/gypsum board.
- Cuts wood paneling without splintering.
- Adjustable cutting depth eliminates danger of cutting wires.

100250	Drywall Hammer Cutter	\$24.95
---------------	-----------------------	----------------

Cable Stripper

FLUKE
networks

UTP/STP Cable Stripper

Economical tool cutter. Adjustable blade depth prevents damage to shield and conductors. "Scores" cable to prevent knicking wire when stripping. A length gauge for repeated cutting/stripping accuracy. Cuts round cable up to 12 AWG

11230-002 UTP/STP Cable Stripper **\$24.95**

Coax Stripper

Economical, calibratable, tough tool cutter. Adjustable blade depth prevents damage to shield and conductors. "Scores" cable to prevent knicking wire when stripping. Cuts to 12 AWG

11231-255 Coax Stripper **\$19.80**

Super T-5 Stripper Wire Stripper

This stripper assure quick, effortless stripping of wire/cable insulation without nicking or scratching the conductor. Each stripper is made of durable stainless steel and designed to fit comfortably in your hand

44210-013 Super T-5 Stripper Wire Stripper **\$45.40**

CPT

CPT-WEB

CPT-RGTP

CPT, CPT-WEB, CPT-RGTP Cable Stripper

The CPT-Web is designed to strip the outer cable jacket, flatten, and separate the webbed conductors of Siemon's category 5 cross-connect jumper wire. The CPT provides a method to remove the outer cable jacket from 2,3, or 4 pair. AllPrep Cable Preparation Tool prepares both coaxial and twisted pair for termination. The coaxial die strips RG59 and RG6 cable.

CPT-WEB	Cable Stripper	\$7.50
CPT	Cable Stripper	\$6.25
CPT-RGTP	AllPrep Cable Stripper	\$39.00

Cyclops Data Stripper

Fast, Easy removal of outer sheath insulation (PVC and Plenum types) from all Unshielded twisted pair (UTP), Shielded Twisted Pair (STP) and multicore steel and designed to fit comfortable in your hand.

45-514 Cyclops Data Stripper **\$49.05**

Paladin Tools

SmartHome SureStrip

The combo UTP/Coax SureStrip is Coax pre-set for 2-level compression "F", RCA & BNC, & hex crimp cable TV "F" strips. Thumb screw adjusts stripping blade. Cuts coax twisted pair (UTP/STP), RG6, Cat6, & Quad Cat5e RG59, Cat5.

1119 SmartHome SureStrip **\$27.25**

CST Vario Stripper

Adjustable-blade coaxial cable stripper for cable diameters of 0.1-0.315". Strips outer jacket, shield braid and inner insulation down to center conductor.

- Easy to set up and adjust
- Two- and three-level stripping
- Minimum center-to-center strip length is 0.13"
- Maximum total strip length is 0.67"

3240 CST Vario Stripper **\$80.95**

Electrician's Scissors

FLUKE
networks

Electrician's D-Snips

D-Snips offer a unique ergonomically-designed handle that provides 1 - 1 1/2 times the cutting force with half the effort. Minimize hand fatigue with the special tail on the handle. Made with high-quality forged steel for cleaner, faster cuts.

44300-000 Electrician's D-Snips **\$21.25**

Electrician's Scissors

Made of high carbon steel with a special hardening process for durability and nickel plated for a professional look. The Scissors are notched to strip 19 & 23 AWG wire and one blade is serrated. Holds edge when used on fiber and kevlar cables.

ES-1964 Electrician's Scissors **\$9.99**

Electrician's Scissors

Extensive field testing has resulted in wide acclaim for the innovative new snips. The other blade has the traditional ring bow. The blades are cutlery grade carbon steel, with chrome over nickel for extra protection against stains and rust.

925CS-ERGO Electrician's Scissors **\$18.00**

Coax Strippers

Cat 5/6 Cable Jacket Stripper

- Pre-set no adjustment required
- Designed for stripping the cable jacket.
- Will not nick inner conduct

This economical tool has been specifically designed to strip the cable jackets from Category 5 and 5e twisted pair cables. No adjustments are required. High impact plastic housing is molded from yellow plastic to make it easier to locate.

15015 Cat 5/6 Cable Jacket Stripper **\$11.95**

SealSmart Coax Stripper

- No adjustments required.
- Color coded for cable type, same as our SealSmart connectors.
- 2 level strip.

Fast, accurate stripping right out of the box. Each SealSmart Coax Stripper is pre-set at the factory for a specific coax cable size and strip length. We offer three color coded strippers to strip the most popular coax sizes/types used in home automation wiring & CATV cabling. The color codes coordinate with SealSmart Compression Connector color codes to reduce set up time and eliminate mistakes. Use blue for RG6 Quad, black for RG6 & red for RG59. No adjustments required.

15021	SealSmart Coax Stripper for RG6 Quad (blue)	\$8.95
15022	SealSmart Coax Stripper for RG6 (Black)	\$8.95
15023	SealSmart Coax Stripper for RG59 (Red)	\$8.95
15024	SealSmart Coax Stripper, RGB, 23 AWG (Yellow)	\$8.95

Screwdriver Sets

- Customize your Autoloader with the bits you need!
- Phillips: P0, P1, P2, PHR2, P3
- Slotted: 5/32" (2pcs.), 7/32", 1/4", 9/32"
- Torx: T10, T15, T20, T25, T27, T30, T40
- Hex: 5/64", 3/32", 7/54", 1/8", 9/64", 5/32", 3/16", 7/32", 1/4", Square: 1, 2, 3
- Quick Change Locking Bit Adapter for Power Drill
- Kit packaged in a compact case with belt clip

TBK-001C Triplet Bit Kit in Clam-Shell Packaging

\$19.95

Screwdrivers

Pump action changes bits instantly!

1. Pull back the Handle
2. Rotate the Shaft to Select your Desired Bit
3. Push the Handle Forward

Your Bit of choice is delivered instantly!

TAL-001C Plastic Shaft AutoLoader Multi-Bit Screwdriver **\$19.95**
TPAL-001C Metal Shaft AutoLoader, Multi-Bit Screwdriver **\$29.95**

- Soft grip screwdriver handle extends from 5" to 9.5".
- Poz Drive PZ1 & PZ0, Phillips 000, 00, 0, 1.
- Slotted 1.0, 1.5, 2.0, 2.5, 3.0, 3.5, 4.0.
- Torx® 4, 5, 6, 7, 8, 9, 10, 15, 20.
- Hex 0.7, 0.9, 1.3, 1.5, 2.0, 2.5, 3.0, 4.0. M5 Socket, M6 Socket, M4 Shaft.

19101 Precision Screwdriver Set - 33 Piece **\$19.95**

Hardened (RC55) CrV 8660 bits.
Smooth action rotating cap.

Bits included:

- Slotted 2.0, 1.5, 1.2, 1.0
- Phillips 0000, 000, 00, 0
- Torx® 3, 4, 5, 6

19102 Micro Mini II Screwdriver Set - 13 Piece

\$11.85

Versatile multi-bit screwdriver, 6 tools in one.

(Bit sizes 3/16" & 1/4" Flat-tip, #1 & #2 Phillips and 5/16" & 1/4" Hex)

0153-42C 6-in-1 Multi-Tool **\$7.25**

Drywall Hammer

- Cuts to 1" drywall/gypsum board.
- Cuts wood paneling w/o splintering.
- Adjustable cutting depth eliminates danger of cutting wires.

100250 Drywall Hammer Cutter **\$24.95**

Connector Crimping Pliers & Connectors

A special stop behind cut out prevents damage to connectors. Utilized on combinations of plastic and pulp insulated 19, 22, 24 and 26 gauge copper conductors as well as 20 gauge plastic insulated copper steel wire.

JIC-891 Connector Crimping Pliers w/side cutters **\$14.25**

Connectors Sold in Boxes of 100

UR Gel-Filled Polycarbonate Connectors 19-26AWG **\$13.25**
UR2 Gel-Filled Polycarbonate RUS Listed 0.082AWG **\$11.75**
UG Flame Retardant Connectors 19-26AWG **\$19.85**
UY Gel-Filled Polycarbonate Connectors 22-26AWG **\$11.75**
UY2 Gel-Filled Polycarbonate RUS Listed 19-26AWG **\$9.95**

Diagonal Pliers

Tapered nose diagonal cutting pliers with .030" and .045" skinning holes, crusher used for multi-purpose wire work, & two V-shaped stripping notches.

- Standard-bevel knives
- .030" & .045" skinning holes
- Crusher for multi-purpose wire work
- Two stripping notches.

JIC-7858 Telecom Diagonal Pliers **\$19.95**

Indent D-Sub Crimper

- Comfortable handles for low-effort operation
- 4-Indent crimper for AWG 26-20 D-sub contacts
- Adjustable pin height locator

1440 4-Indent D-sub crimper (26-20 AWG) **\$31.99**
1441 8-Indent D-sub crimper (26-20 AWG) **\$31.99**
1442 4-Indent D-sub crimper (20-12 AWG) **\$36.20**

Series 99 Tool Kits

- 39-pieces contains Series 99 tools
- 2 extra pockets permit addition of pliers, snips, or other tools
- Available in a roll-up canvas case

Length: 14" Width: 13.25" Height: 10.1" Weight: 23.68lbs

99MP 39-piece Series 99 Tool Kit **\$169.25**

- 23-piece set of quality tools
- Provides quick change tools
- Speeds up service work
- Available in a roll-up canvas case

Length: 14" Width: 13.25" Height: 10.1" Weight: 23.68lbs

99SM 23-Piece Roll Kit Canvas **\$146.25**

Wire Wrapping/Unwrapping Tool

This two sided wire wrapping and unwrapping tool is intended to be two tools in one. It is designed to produce perfect wire wrapping connections. To switch from wire wrapping to unwrapping takes seconds - just a quick change of the cap from one end to the other.

HW-UW-224 Wire Wrapping & Unwrapping Tool **\$69.85**

Gigabit Loopback Jack & Plug, Crossover Adapter

Gigabit Jack & Plug

The Gigabit Loopback Jack & Plug quickly and easily checks the RX/TX pairs of 1000 BASE network cables, helping a network technician determine if a network signal exists or if there are broken or shorted wires within the cabling. Also is backwards compatible with 10base and 100base networks.

Gigabit Crossover Adapter

The SuperLoop Gigabit Crossover Adapter converts any standard Ethernet patch cable to a crossover cable for 1000 BASE networks. Used with a standard ethernet patch cable, this product can network two computers in a gigabit networks without requiring a hub

Hinged Panel Mount

- Hinged for access to rear of equipment
- Available in 1, 2, 4 & 6 rackspace sizes
- 6" depth
- Cable lacing tie points built-in
- Heavy-duty 11-gauge rackrail
- Smooth cutout in rear for cable pass-through
- Finished in a durable black powder coat

HPM-1	Hinged Panel Mount 1 3/4" (1 Space)	\$27.25
HPM-2	Hinged Panel Mount 2 1/2" (2 Space)	\$36.95
HPM-4	Hinged Panel Mount 7" (4 Space)	\$44.95
HPM-6	Hinged Panel Mount 10 1/2" (6 Space)	\$52.80

Horizontal Wire Managers

- Patented dual hinged cover allows cable access without removing cover
- Pass through holes allow front to rear cabling
- Flexible front fingers allow easy moves, adds and changes of path cords
- Rear pathway allows cable routing around rack channels into vertical cable management

WMP1E	19" Wire Manager Front and Rear 2U	\$52.40
WMPH2E	19" Wire Manager Front and Rear 2U	\$59.40
WMPHF2E	19" Wire Manager Front Only 2U	\$47.65
WMPFSE	19" Wire Manager Front Only 1U	\$34.95
WMPSE	19" Wire Manager Front and Rear 1U	\$45.50
WMPLFSE	19" Wire Manager Front Only 1U	\$34.95

Vertical Wire Managers

- Standard bracket allows side mounting
- WMPVCB kit allows mounting to adjacent racks
- Duct finger progression equivalent to a rack space, allowing pathway between horizontal & vertical managers when finger is removed
- Organizes cables on front & rear of racks
- Rear mount options for 3" channel racks
- Front mount options for deep channel racks
- Covers are easily removable so cables are accessible for quick revisions
- Panel supplied as side mount version
- Supplied w/ mounting brackets, screws & covers
- Wire retainer holds cable in place when covers removed

ValidatorPRO™ Ethernet Speed Certifier with integrated Optical Power Meter

NEW!!!

The ValidatorPRO performs all tests offered by the Validator and Validator-NT, including speed certifying the data-carrying capabilities of copper Ethernet network cables up to 1 Gb/s by testing for noise in the network, detecting faults in the cabling wiring, and ensuring that cables support speed capabilities of active equipment.

To certify Ethernet speed performance of cable runs, the ValidatorPRO series of handheld testers conducts bit error rate (BER) tests by sending data packets down specified cable runs at defined data rates to check for errors at the maximum throughput of the link. The ValidatorPRO also provides continuity testing that detects opens, shorts, miswires, split pairs, reversals, and high-resistance faults while measuring distance to faults and total cable length.

The ValidatorPRO includes an integrated optical power meter that measures optical power at 850/1300/1310/1490/1550 nm on multi/single-mode fiber.

NT1150	ValidatorPRO Ethernet Speed Certifier with integrated Optical Power Meter	\$1695.00
NT1155	ValidatorPRO-NT Ethernet Speed Certifier with Integrated Optical Power Meter including Active Network Tests	\$2395.00

DTX-1800 CableAnalyzer

FLUKE networks

- Exceeds spec requirements for Cat 5e/6 and Class E/D/F
- Independently verified by UL to meet ISO Level IV and proposed TIA Level III Accuracy requirements
- 3X faster than existing testers with 9-second Cat 6 Auto test
- Advanced time-saving diagnostics pinpoints fault and suggests corrective actions
- Resident fiber modules lets you switch between copper and fiber with the push of a button
- DTX reduces certification costs as much as 33% a year

DTX-1800 CableAnalyzer

DTX-1800 Main and SmartRemote, LinkWare Software, 16MB MMC Card, Cat 6/Class E Permanent Link Adapters, Cat 6/Class E Channel Adapters (2), Headsets for Talk (2), AC Chargers (2), Carrying Case, USB Interface Cable, Serial RS-232 Cable, User Manual

DTX-1800MS	DTX CableAnalyzer with Multimode/Singlemode probes	\$16645.00
DTX-1800M	DTX CableAnalyzer with Multimode Probes	\$11295.00
DTX-1800	DTX CableAnalyzer 900Mhz	\$7949.00

BMP21 Label Printer

BRADY

NEW!!!

Simple to operate and quick to print, the BMP21 label printer is the economical, must-have labeling tool for voice/datacom, electrical and general industrial crews. With this transfer printer, you can create your labels once knowing they'll stay stuck & legible for the years ahead.

Faster, more Efficient Labeling:

- Magnet and pole/wrist-strip for one-handed operation
- Automated serialized printing
- Built-in symbols
- Industrial strength dual cutter that holds labels until you need them.

Durable, made to last labels:

- Wide array of label types and sizes
- Labels withstand extreme temperatures, irregular surfaces, and chemicals
- Vinyl material last up to 5 years in extreme conditions

More info on:
P.10

All in One Industrial Labeling Tool:

- Crystal clear thermal transfer printing
- Labels for organizing & identifying

The ValidatorPRO-NT version includes a comprehensive set of features for testing a network's active network capabilities: measure Power over Ethernet (PoE) to ensure the correct power is available on the correct pins, use port discovery to ensure the correct speed and duplex capability are available; connect at gigabit Ethernet and run ping tests to verify connectivity to IP hosts; discover network devices using Cisco Discovery Protocol (CDP) or Link Layer Discovery Protocol (LLDP), discovery and display essential information regarding functionality and configuration of 802.11 b/g/n networks.

ValidatorPRO & ValidatorPRO-NT Include:

Smart remote, set 1-8 wiremapping remotes (RJ11/RJ45) (TP612), (2) lithium-ion rechargeable batteries, (2) universal AC adapter/charger units, 1.83 m (72 in) USB client-to-PC connection cable (series A plug to series B plug), (2) 19 cm (7.5 in) RJ12-to-RJ12 cables for no-fault connection to RJ11 or RJ45 jacks, (2) 30.48 cm (1 ft) patch cables with RJ45 connectors, (2) 60.96 cm (2 ft) RJ45 to 8 alligator clips cord sets, (2) sacrificial cables for RJ45 mod plug, coupler F-jack to F-jack, USB drive including Plan-Um cabling installation and planning software, User guide (product manual), firmware, and quick start guide, Deluxe carrying case, Printed quick start guide, 100 "speed certified" cable labels, 12 V vehicle charger

Shipping Methods

- In stock products will ship the same day if ordered before 4pm EST Mon-Fri. Our standard shipping method is UPS but other methods are available.
- Free ground shipping on orders over \$100*
- APO orders ship via US Mail.

Payment Methods**

Government/Corporate Purchase Orders

Orders that have been submitted for credit approval must be accompanied with credit references. Orders that have been approved for terms will be Net 30 Days. Please allow 24 hours for credit approval.

PayPal

Web purchases can be easily paid thru PayPal.

Credit Cards:

Product can be ordered by Credit Card.

We accept Visa, Mastercard, Discover, and American Express.

Return Policy

Products may be returned up to 30 days after date of purchase. Goods must be in their original unopened packaging. A credit will be issued after equipment has been received, inspected and found to be in resalable condition. A restock fee may apply to opened packages. Credit will only be applied to the product not shipping or expediting charges. To return a product call 1.800.543.4333 x152 to request RMA#. All Returns must have the RMA# clearly marked on the outside of the box. All unauthorized returns will be refused.

Returns are to be sent pre-paid to:

Datacomtools 79 Harborview Avenue Stamford, CT 06902.

All product warranties are manufacturer warranties, unless noted.
