# LOOKING GOOD

match

accent

express

## ECHO THE STYLE OF YOUR KITCHEN APPLIANCES OR FAUCETS.

Chances are, you invested quite a bit to get the look you wanted. Stainless steel? Black? Timeless white? Subtle almond? With a broad selection of switch and outlet colors plus wall plate finishes, it's easy to match your favorite elements.

Switches, outlets, and wall plates may not be art. But they should look great — and match your décor perfectly. We offer you new choices, with beauty that's far more than skin deep. These Better Living choices are tough behind their smooth faces, so they can take what active families dish out. And, with easy, intuitive operation, their performance is every bit as beautiful as their look.

## The look that's sleek, seamless, and super-smooth.

### P&S SCREWLESS WALL PLATES

add a distinctive accent to any decor. Not only do they offer a wide variety of finishes, they hide the fasteners that attach them to the wall, ensuring a stylishly seamless look.

For Decorator, Toggle, and Duplex openings, you have all the standard colors to choose from. And for Decorator opening plates, you also have a full choice of decorative finishes.

## Your fresh take on a classic look.

### **P&S DECORATOR STYLE**

brings you a winning combination of clean-lined simplicity and a complete selection — so you can use it absolutely anywhere. See how we've interpreted this proven favorite in new, innovative solutions that enhance both control and convenience.

## Dimmers enable ambiance control — another way of looking good.

Any room or space will look its best with the right lighting. What's "right" will probably vary with time of day, weather, and activities. Adjusting lighting to create the perfect ambiance is easy with the broad selection of P&S Dimmers. From controlling a single fixture from one location to push-button whole-house control, we have the perfect solutions.

## A perfect match for your kitchen.

### **P&S NICKEL DEVICES AND WALL PLATES**

add a touch of simple elegance to any contemporary kitchen. Bold and elegant, they're the perfect match to a wide variety of popular appliances.

## Accent your design.

### **P&S STUDIO TITANIUM WIRING DEVICES AND P&S STUDIO WALL PLATES**

help turn any kitchen or bath into a showcase. Cool, sleek, and understated, they add a tasteful accent to virtually any of today's plumbing fixtures.

# \$AVING ENERGY

## DIMMERS SAVE — in more ways than one.

- ☀ More control over lighting means more control over your home energy bills.
- ☀ Customize your lighting to match any mood.
- ☀ Extend the life of your light bulbs.

### Reducing electrical

### consumption is

easier than ever, with our broad selection of innovative, energy-saving solutions. For example, P&S Dimmers can cut energy use in bathrooms and bedrooms by 40 to 50% — with big savings in other rooms, too! These versatile controls also offer you opportunities to enhance ambiance and strengthen home security.

DRD5WV2

## Sophisticated control — without complexity or high costs.

**RF LIGHTING CONTROLS** make perfect light for any occasion or activity easy and intuitive. Using two-way radio-frequency transmission to communicate with each other, these intelligent controls enable you to control the lighting in a room, multiple rooms, or even your whole house — all at just the touch of a button.

MRH6G

Easily program up to five different scenes (dimming levels of multiple lighting fixtures or lamps) for any area. **RF Lighting Controls** also enable control of small appliances and motorized drapes — and realistically simulates occupancy when you're away.

MKFOB

D703PW

## Smooth style plus convenient operation.

### P&S HARMONY™ DIMMERS

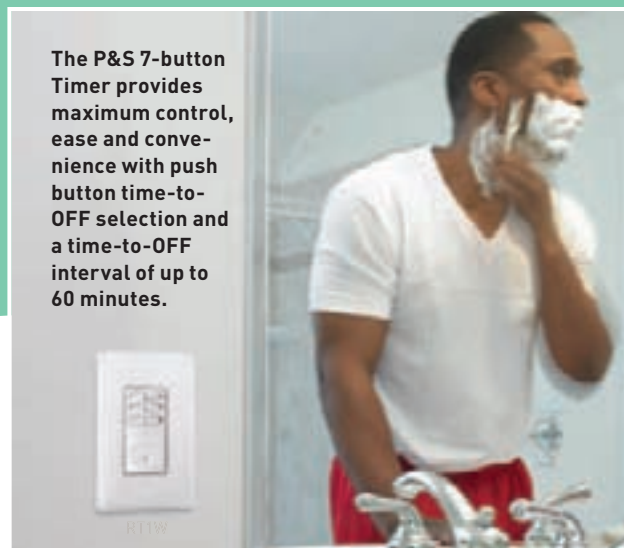

combine P&S Decorator style and easy, ergonomic operation. They also offer the added convenience of separate ON/OFF control and a sliding lighting-level control — so you can turn lights on directly to any selected dimming level. Now with the convenience of interchangeable faces.

**P&S TOGGLE DIMMERS** for the traditional look of toggle switches, but the convenience and control of a true slide dimmer.

**P&S WIDE SLIDE DIMMERS** put all the interchangeable faces you need in one convenient package, bundled together in the three most popular colors — White, Light Almond, and Ivory to match just about any décor.

**P&S DECORATOR ROTARY DIMMERS** provide the easy, intuitive control operation many people are most comfortable with — combined with a fresh new look that enhances any décor. An optional snap-in LED module makes dimmers easy to find in the dark.

The P&S 7-button Timer provides maximum control, ease and convenience with push button time-to-OFF selection and a time-to-OFF interval of up to 60 minutes.

*2010 Lighting for Tomorrow award winner from the Consortium for Energy Efficiency.*

## Countdown to energy savings.

**P&S ASTRONOMICAL TIMERS** is smart technology at its smartest — a programmable 24-hour timer that calculates sunrise and sunset times based on longitude and latitude and adjusts the lighting accordingly to conserve energy and save money.

**P&S DIGITAL TIMERS** make it simple to ensure proper bath ventilation — and make saving energy easy. They provide a wide range of time-to-OFF options up to 12-hours. They're also a great alternative for energy-saving lighting control in closets, basements, garages, pantries, and more.

## Make home energy savings automatic!

**Ensure that lights can't be left on.**

**P&S DIMMING OCCUPANCY SENSOR** is the ultimate in lighting control for your home: the combined energy savings of a dimmer and a sensor in one box. Plus the simple operation of a standard switch.

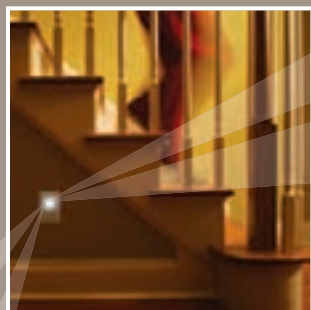

**P&S VACANCY SENSORS** are ideal for bedrooms and bathrooms. When lights are manually turned on, this dependable control keeps them on as long as the room is occupied — then automatically turns lights off when the room is unoccupied to save energy. There's a convenient manual off, too.

**P&S OCCUPANCY SENSORS** turn lights on automatically when you enter a room and off automatically after you leave — reducing light usage 20 to 40%. Perfect for those places where you're likely to have your hands full, such as storage areas, garages, laundries, and pantries.

FEELING

SAFE

## MAKE NIGHTTIME NAVIGATION AUTOMATIC.

LED lighting is cool to the touch, remarkably energy efficient, and durable — no bulbs to change! So we created built-in LED nightlights. Perfect for bathrooms, hallways, stairs, kitchens, nurseries, and more.

**Your home wiring must meet basic safety standards. But why stop there?** Our innovative solutions enhance safety for everyone from toddlers to seniors. They make it easier to protect little kids from electricity. Strengthen safety in wet areas. And help you find your way in the dark. We've built in quality, dependability — and peace of mind.

1595NTLTRWCC4

TM8HWLTRW

## New safety and convenience at night.

**P&S NIGHTLIGHT/OUTLET COMBINATIONS** include either a standard or a GFCI outlet plus an LED nightlight that turns on and off automatically. A sealed design prevents kids from tampering with the nightlight. And the LED has a life expectancy of more than 20 years!

## Enhanced safety — from the folks who invented the GFCI outlet.

**FEATURING ADVANCED SAFELOCK™ PROTECTION**, P&S GFCI Outlets have been saving lives for decades. And because they're designed to exceed testing requirements, you can count on them to provide the protection you need. Required by the *National Electrical Code® (NEC®)* for all wet areas of your home — including bathrooms, kitchens, laundries, and garages — P&S GFCIs are also available in RoHS-compliant models.

1595TRW

1595SWTTRWCC4

## Keeping kids safe.

An easy, effective solution to help protect kids from dangerous burns.

**P&S TAMPER-RESISTANT OUTLETS** feature a patented automatic shutter system to prevent young children from inserting common objects such as hairpins or keys. The shutters release when a plug is inserted. Required by the *National Electrical Code*® (NEC®).

## Keep an eye out for safety.

Want to keep an eye on the kids around the pool? Check on the baby in the nursery? See who's at the front door before you answer the doorbell? It's easy with video monitoring by On-Q. You can have unobtrusive cameras anywhere you want — and see what they see on any TV in your home. Or even over the Internet while you're away. That's real peace of mind!

## Make your home easy to find in an emergency.

**P&S HOME LOCATOR SWITCHES** enable you to turn outdoor lights on and off, just like conventional switches. But they can also flash those lights on and off, so anybody driving down your street can spot your home in an instant. Added safety — and convenience!

STAYING

# CONNECTED

Once, home entertainment meant families crowded around console radios. Now, you can have your choice of hundreds of TV channels or any music you'd like to hear — anywhere in your home. And calling the family together or seeing what the kids are up to can be as easy as pressing a button or glancing at a TV screen. Discover all the entertainment, convenience, and security our solutions offer you!

## Improve family communication throughout your home.

### SELECTIVE CALL INTERCOM SYSTEMS

bring you broadcast or room-to-room communication at the touch of a button. They offer great style, unmatched personalization, and an easy-to-use LCD interface. Your family can have up to three simultaneous, private intercom conversations!

IC5002

IC5000

IC1004

F7596

## Bring the family together — and save steps.

**INTERCOM SYSTEMS** enable easy, hands-free communication throughout the home, keeping your family connected using a stylish, wall-mounted unit about the size of a light switch. LEDs show unit status, including in-use, mute, or monitor.

HA5000

CM5002

**See what's going on, the easy way.**

**CAMERA SYSTEMS** make it a snap to keep a watchful eye on your loved ones — and your home. They provide a crystal-clear view of up to four areas, including the front door or patio, and enable you to view on any TV or a wall-mounted LCD screen.

AU5009

**Listen up!**

**lyriQ™ AUDIO SYSTEMS** play rich stereo sound in any room of your home (and outdoors, too!) at the touch of a button. Local source options let the kids plug in their MP3 players in their bedrooms while you enjoy classical music in the kitchen.

AU5008

364887-01

**No hassles. No lost time. And no wires.**

**WIRELESS ACCESS POINTS** allow you to share the Internet on multiple computers in your home, as well as files and other peripherals, like printers and scanners.

# MORE DOING MORE

## ADD FUNCTIONALITY. REDUCE CLUTTER. SOLVE PROBLEMS.

Discover new ways to enjoy more control or add more function — without taking up more space. That makes it simpler and less expensive to upgrade your home. We also offer you new solutions for using electricity outdoors.

### Simplify bathroom remodeling with P&S Switch Combinations.

If you're adding lights, a fan, heating, or other electrical amenities, you'll need more switches.

With our great-looking Switch Combinations, you can have them without adding or replacing wall boxes.

### Replace an outlet — and get the perfect nightlight, too.

**P&S NIGHTLIGHT COMBINATIONS** add a smooth, sealed LED nightlight to either a standard outlet or a GFCI outlet. The nightlight turns on automatically in the dark, and off automatically when it isn't needed. Extremely low energy consumption — and no bulbs to change!

1595NTLTRWCC4

TM8HWLTRWCC

TM8111WCC

TM818TRWCC

### Switch to convenience.

#### **P&S SWITCH COMBINATIONS**

bring you two, three, or four ergonomic, paddle-style switches in a single, great-looking device. They're the only switch combinations to bring you intuitive, user-preferred up-and-down switching!

TM8111WCC

# MORE MORE MORE

Perfect for outdoor living spaces — or holiday lights.

**P&S WEATHERPROOF WHILE-IN-USE COVERS** provide optimum weather protection for connected plugs and — installed with a weather-resistant outlet — meet *National Electrical Code® (NEC®)* requirements for decks, porches, patios, and other outdoor combinations. And **P&S DURASHIELD™ WEATHER-RESISTANT GFCIs** seal out dust, corrosion, and bugs.

WIUC10SC

1595DSBK

WIUFC10W

The easy way to connect wall-mounted TVs.

**P&S RECESSED TV BOXES** recess both power and low-voltage connections into the wall, so mounting a high-def TV on the wall is quicker and easier — no visible connections to spoil the look!

TV3WTVSSW

TV1WTVSSW

5252WSP

Surge protection — without bulky power strips!

Lightning strikes and other power problems can cause electrical surges that can damage electronics in computers, entertainment systems, and appliances. Surge-protecting power strips can help, but they may add clutter. No problem — you can have that same protection built right in with smooth, contemporary-looking P&S Surge-Suppression Outlets!

# Kitchen

Your kitchen isn't just a workshop for preparing food. It's where everyone hangs out. Discover how our innovative ideas help you make the most of the heart of your home.

1595NTLTRWCC4

**P&S GFCIs** deliver dependable safety — with the convenience of an LED indicator that lets you know if the GFCI has tripped. You can even get one with a built-in, automatic LED nightlight to make those late-night snacks more convenient.

TM870STMWCC

**P&S GARBAGE DISPOSAL SAFETY SWITCHES** are on only when held in the ON position — so nobody can leave the disposal running when it shouldn't be.

**P&S WALL PLATES** bring you the choices you need to match appliance finishes, coordinate with paint colors, or accent countertop or floor finishes.
