

Rigid/IMC Conduit Bodies, Covers & Gaskets

T&B Catalog Number:

T97

UPC Number:

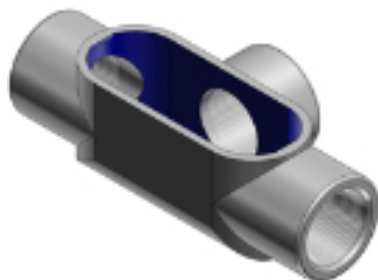

78621093447

Status:

Active

Description:

3-1/2 Inch Form 7 (T) Conduit Body, Body Material Gray Iron with Zinc Plating and Baked on Epoxy Powder Coat with BlueKote Internal Coating for Use with Rigid/IMC Conduit

Features

BlueKote Teflon based internal finish provides a slick, easy-glide internal surface which significantly lowers the amount of force necessary to pull wires.

Eliminates rough internal surfaces that can cut into cable jacket, insulation and conductors during pulling and also reduces installation time and risk of installer strain.

Triple-layer protection...including two layers of epoxy coating which stops corrosion in its tracks.

Bodies are designed with a flat back, allowing more cubic inch capacity.

T&B Form 7 bodies and covers are interchangeable with Crouse-Hinds and Appleton's Form 7 bodies and covers.

Application

Conduit bodies are installed in conduit systems to connect sections, act as pull outlets when conductors are being installed and provide easy access for splices in branch conductors.

Conduit bodies make 90 degree bends in conduit runs, act as mounting outlets for wiring devices and lighting fixtures and to provide access to conductors for maintenance and future system changes.

General

Trade Size (inches)	3-1/2
Material	Gray Iron
Finish	Zinc Plated with Epoxy Powder Coat
Internal Finish	BlueKote
Volume (cu.in.)	210
Conduit Body Shape	T

Dimension Information

Dimension A (inches)	14.65
Dimension B (inches)	4.9
Dimension C (inches)	7.05
Dimension D (inches)	4.55
Dimension E (inches)	10.25

Specifications

3dmodel	Available on Website
---------	----------------------

Packaging

Package in Units	1
T&B Sold in UOM	Each
T&B Weight Per UOM	0.1 lbs. per 100
