Custom Connectivity Solutions Delivered **FAST!!**

Custom Design Options

Semtron, Inc. is the leader in manufacturing custom built wall plates and panels. We produce the highest quality products and custom solutions available and deliver them quickly. The information below will help you create the custom wall plate or panel you need. If at any time you need assistance finding the solution you need please feel to contact our customer service representatives via phone, email or fax.

Designing and Ordering Your Semtron Custom Solution is Easy!

1. Draw Your Plate or Panel.

- Hand draw or use a program such as AutoCAD® to create your design.
- Fax or email the sketch or drawing to us.
- Call us and let our expert designers create a drawing for you.

**We turn your ideas
in to solutions!**

Provide as much information as possible such as size, material, finish, type of connectors needed and laser engraving or screen printing required.

2. Get Your Quote.

Using the above options you can Email, Fax or call us. We will promptly send you a quote the same day or within 24 hours that will include pricing and estimated delivery time. All quoted prices are valid for 90 days. Email us at customplates@semtron.com, fax 810-732-9665 or call us at 800-732-9080.

3. Place Your Order.

Email, Fax or call in your purchase order complete with shipping instructions. Please reference your original quote number. Orders are shipped from Flint, MI or Germantown, WI.

**If you can't find it anywhere...
Call Semtron. We make it!

Switches

Custom Connectivity Solutions Delivered **FAST!!**

To Order- Place orders from 9am to 5pm EST Monday - Friday by calling 800-732-9080. Fax orders to 810-732-9665 or email to semtron@semtron.com 24 hours a day.

Warranty- All Semtron Inc.® products have a one year warranty on parts and labor except for normally expendable items which have a limited warranty of ninety days from the date of shipment to the original buyer.

Quotations- For information on quantity discounts and custom built products, please contact sales. A design drawing and quote can be faxed or emailed to you.

Shipping- UPS®, FedEx®, and common surface carrier are available shipping options. Please notify sales of your shipping preference. Service charges may apply.

Terms- All approved Semtron distributors will be given Net 30 terms.

Returns- An RMA (Return Materials Authorization) number must be issued for returns. No returns will be accepted after 90 days. Call our sales department for assistance.

Custom product policy- Any product designed and built to customer specifications is considered custom. Orders for custom products are non-cancellable and non-returnable. The customer is required to approve product design in writing by signing approval on the print(s). Most Semtron® products are considered to be custom.

All the products included in this catalog are carefully designed for the telecommunication/data cabling industry. It is the customer's responsibility to ensure the product will perform in any particular application. Semtron, Inc.® makes no guarantee, expressed or implied, that any product included herein will comply with any particular industry regulation or standard.

Andy is always ready to help you find the connectivity solution you need!

We are the small company that's **BIG on dependability, customer service and quick delivery!**

Company Profile

Over 30 years ago Semtron started with an idea and a desire to succeed. We now have over 70,000 quality connectivity products, an expanding customer base and employees who depend on our success. Every day is a challenge to give customers what they want when they want it, at a fair price, while at the same time providing every employee with a satisfying and rewarding job. We also have a responsibility to support our community and to give a fair return to the stockholders. This is a difficult task, but it is made easier by the positive attitudes of the hard working employees at Semtron. We get the job done and enjoy our work.

Sales

Our sales team helps you to find solutions that will exceed your customers expectations. Wall plates, junction panels and custom designed metal products are our specialty. If you can dream it up...we can build it for you!

This catalog is dedicated to the memory of our mascot Andy. He loyally served us for 11 years.

Design

Our designers know the industry and have developed over 70,000 products in response to customer needs. Use our free design service to design a product that will exceed your expectations.

Production

Our skilled production team builds quality products that stand up over time. Each order is carefully assembled and packaged to ensure you receive your order in perfect condition. Our dedicated stamping plant has the equipment necessary to produce quality products quickly. Laser engraving and screen printing are available labeling solutions.

Shipping

Our shipping department packages your order ensuring that it will arrive in perfect condition. Depend on us to ship the products you need quickly. We help you succeed!
