- No Minimum Order
- Custom Battery Assembly
- Master Distributor -- Large Inventory
- No additional charge for broken case orders
- Same Day Shipping
- Terms = Net 30
- Freight Paid on orders over \$250.00
- Low Everyday Pricing
- Volume Discount Pricing available
- Expert product knowledge and experience
- Owned and operated by the Egbers Family since 1987

Wholesale Only --We're committed to making sure your customers remain **your** customers!

**PS Series & PSG Series – General Purpose Batteries**

These batteries feature Absorbent Glass Mat (AGM) technology for superior performance. They are valve regulated, spill proof and allow for safe operation in any position. UL recognized under file number MH 20845.

PS-12100

When these batteries need to be replaced, please do not toss the spent ones in the trash. Ship them to us and we will have them recycled.

**PG Series – Long Life Batteries**  
 These batteries also feature Absorbent Glass Mat (AGM) technology but use thicker plates and lead calcium alloy grids that yield a life expectancy of 10 years in standby mode. Rugged, fire retardant case and cover.

**PSH-Series**

STOCK NO.	Voltage	AMP. Hours	Length / Inches	Width / Inches	Height / Inches	Min. Order Qty.	Qty. per Case	Weight Each (lbs)	Terminal	Retail Price Each

**PSH Series – High Rate Discharge**  
 These batteries have the same features as the PS series but are specifically designed for high rate discharge applications and have fire retardant case and cover.

## SLA Battery Chargers

The chargers listed below are "switching" type devices which operate without the use of transformers. They control and regulate current and voltage and automatically switch from the higher fast charge voltage to the lower float voltage when batteries are very close to being fully charged. At the float voltage it is safe to leave the battery connected to the charger indefinitely, making charging pretty much fool proof.

STOCK NO.	Description	Retail Price Each
PSC-6500A-C	6 Volt battery charger for 2-5 AH batteries	\$52.00
PSC-61000A-C	6 Volt battery charger for 4.5 - 12 AH batteries	\$58.10
PSC-64000A-C	6 Volt battery charger for 10-40 AH batteries	\$160.00
PSC-12500A-C	12 Volt battery charger for 2-5 AH batteries	\$52.80
PSC-12800A-C	12 Volt battery charger for 4-12 AH batteries	\$56.00
PSC-122000A-C	12 Volt battery charger for 8-20 AH batteries	\$144.00
PSC-124000A-C	12 Volt battery charger for 20-40 AH batteries	\$169.10

Industrial Flashlights					
STOCK NO.	Description	Minimum Order Qty.	Master Case Quantity	Bulb Used	Retail Price Each
E250Y	Economy 2 cell D Industrial flashlight. Body made of lightweight polymer. Requires (2) D cell batteries. 17 Lumens. Run time: 2.5 hours. Not Carded.	1 Each	12	K2	\$4.72
1151L	2 cell AA LED Industrial flashlight. Body made of Polypropylene. Requires (2) AA cell batteries. 11 Lumens. Run time: 32 hours. Not Carded.	1 Each	12	LED	\$6.20
1251L	2 cell D LED Industrial flashlight. Body made of Polypropylene. Requires (2) D cell batteries. 16 Lumens. Run time: 12 hours. Not Carded.	1 Each	12	LED	\$8.40
MS2AALED	2 cell AA Industrial LED flashlight. Body made of Polypropylene. Meets UL, MSHA Standards. 12 hour run time. Batteries not included. 18 Lumens. Carded.	1 Each	6	LED	\$21.40
MS2DLED	2 cell D Industrial LED flashlight. Body made of Polypropylene. Meets UL, MSHA Standards. 45 hour run time. Batteries not included. 28 Lumens. Carded.	1 Each	6	LED	\$33.96
5109LS	6 volt LED floating lantern. 50 lumens, 84 m. 100 hours run time. Includes heavy duty 6 volt spring top battery. Boxed.	1 Each	6	LED	\$12.52
TUFFPAL31E	Area light with magnetic back. Has three LEDs in wide angle flood pattern. Just push on the unit to turn on/off. Includes 3 alkaline AA batteries and mounting bracket. 50 Lumens. Run time: 31 Hours. Carded.	1 Each	6	LED	\$17.50
CAPR22E	LED Cap Light. Durable metal clip attaches light snugly to the top side brim of cap. 3 light modes: White Hi & Low and red for night vision. Swivel Tilt adjustment - points light where needed. Water resistant. Includes 2 alkaline AAA batteries. 30 lumens. Run time: Carded.	1 Each	6	LED	\$26.88
HD33A1EN	LED <b>Headlight</b> with 3 LEDs. Swivel tilt adjustment points light where needed. Choose between bright white LEDs or Night vision Red. Operates for up to 30 hours on 3 alkaline AAA batteries (included). 30 Lumens. Carded.	1 Each	6	LED	\$23.80
HDL33AINE	LED <b>Headlight</b> with 6 LEDs. Has 4 light modes: spot, flood, spot and flood, and red night vision. Swivel tilt adjustment points light where needed. Operates for 19 hours on 3 AAA batteries (included). 36 Lumens. Carded.	1 Each	6	LED	\$31.32
RCL1NM2WR	Energizer Weather Ready <b>Power Failure Rechargeable</b> LED flashlight. Turns on Automatically during a power outage. 3 lighting modes: High, Low, Night Light. Run time: 3 hours on High. Bright white Nichia LED with focused lens for a uniform spot. 8 lumens. 5" total length. Carded.	1 Each	4	LED	\$19.46

Run Time: up to 8 hours	
Quantity per case: 12 Each	
Minimum Order: 1 Each	

## The Logo<sup>®</sup>

This little keychain light weighs less than half an ounce with batteries. It has three light levels, plus blink mode. To conserve battery life in high, medium or low modes, it automatically turns itself off after 6 minutes; but it flashes a warning first so you can keep it turned on if you want.	<b>Retail Price Each</b>
<b>73100</b> - Logo Keychain light	\$11.88
Replacement battery: (2) CR2016 batteries	
Replacement lamp: None	
Light output: 10 lumens	
Safety Ratings: None	
Run Time: up to 45 hours	
Quantity per case: 12	
Minimum Order: 1 Each	

Katelyn Egbers, 14, turkey hunting with her Dad, Joe, in Boone County Kentucky April 2014.

### PEAK BEAM INTENSITY

The maximum luminous intensity typically along the central axis of a cone of light. This measures the brightest part of the beam. The value is reported in candela (cd).

### LIGHT OUTPUT

A measurement of the total quantity of emitted overall light energy. The value is reported in lumens.

### BEAM DISTANCE

The distance from the device at which the light beam is 0.25 lux. Results are reported in meters.

## KNUCKLEHEAD® Flood or Spot

Lightweight, rechargeable or alkaline battery powered hand held work light with (2) super bright C4® LEDs that provide a in smooth, clear flood pattern. Or choose the model with high powered single LED spot light. Both models have a push button switch that allows user to choose between High, Low or strobe modes. Articulating head rotates 360 degrees and moves up and down 210 degrees. Includes removable 135lb strength magnet.

**Retail Price Each**

**90661** - Knucklehead® Rechargeable Flood Light - Orange body with AC fast charger and spring clip. \$293.67

**90627** - Knucklehead® Rechargeable Flood Light - Yellow body with AC and DC steady charger and integrated stowable hook \$259.00

**90642** - Knucklehead® Alkaline Flood Light - **Non Rechargeable** - Yellow body with integrated stowable hook. \$141.74

**90744** - Knucklehead® Alkaline Spot Light - **Non Rechargeable** - Orange body with spring clip \$141.74

Replacement lamp: None

Replacement Battery:

Safety Ratings: USTC class 1, 2 div 2, NFPA

Light Output: Flood: 200 lumens / 1150 cd / 68 m  
Spot: 180 lumens / 11,000 cd/ 210m

Run Time: 3.5 hours (High) 16 hours (Low)

Minimum Order: 1 Each

## VANTAGE® LED HELMET LIGHT

One of the best LED helmet lights on the market. It's long running, lightweight and ultra bright. It easily attaches above or below the brim and fits snugly against the helmet to prevent snags. Super bright C4® LED. It also features a bright blue safety tail light to help you be seen from the rear. Includes (2) CR123 lithium batteries. Body Length: 3.26" Width: 1.47" Height with clamp: 2.56". Dual Action easy on/off switch. Boxed.

**Retail Price Each**

**69140** - Vantage® LED helmet light \$202.97

Replacement lamp: None

Replacement Battery: CR123 x 2

Safety Ratings: NFPA 1971-8.6

Body colors: Black only

Run Time: 6 hours

Quantity per case: 1 Each

Minimum Order: 1 Each

## The Siege Lantern®

The Siege lantern is bright enough to light up a whole campsite or even a whole room during a power outage; and it runs over 30 hours on high. You can hang it upright or inverted, use it to signal for help. It is waterproof to 1 meter and it will float. It has (4) white C4 LEDs and (1) red C4 LED. Unbreakable polycarbonate lens. Battery life indicator on switch. Two D rings (top & bottom) for easy attachment. Top can be removed for direct illumination. Ergonomic handle makes it easy to carry and is designed to hook on any edge or bar. Operates on (3) alkaline D batteries (not included).  
Size: 3.8" x 7.25" Weight: 1 lb. 15 oz.

**Retail Price Each**

**44931** - Black & Coyote Tan \$60.59

Replacement battery: Alkaline D

Replacement bulb: None

Light Output: 340 lumens (white LED high)

Safety Ratings: None

Run Time: 30 hours (High), 70 hours (Medium), 295 hours (LOW)

Minimum Order: 1 Each

Joey Egbers, and his Dad, Joe, relied on the Siege Lantern on a camping trip in the Daniel Boone National Forest, Stearns Kentucky.

# IT'S GOT SURVIVAL INSTINCTS

INTRODUCING THE **SIEGE** LANTERN

**RUGGED PERFORMANCE:**

- ✕ 340 lumens on high
- ✕ 12+ day run time on low
- ✕ drop tested to 2 meters

**VERSATILE:**

- ✕ 3 white light settings
- ✕ will hang anywhere
- ✕ D-rings clip anywhere
- ✕ remove the top for direct illumination

**SURVIVOR:**

- ✕ waterproof
- ✕ engineered to float
- ✕ resistant to battery corrosion

**RESCUE:**

- ✕ shines in solid red
- ✕ Morse Code S.O.S. Signal lasts 18 days

The **SIEGE** lantern offers **decades of illumination innovation** and is designed to get you out of any desperate situation. No matter what your coordinates the **SIEGE** has what it takes to help you survive.

Minimum Order: 1 Each

### PORTABLE SCENE LIGHT

Rechargeable. Rapidly deployed and easily stowed. It brings 3,600 lumens to your work area. With its narrow footprint and 72" extension pole, this light goes almost anywhere, from wide open places to tight confined spaces. Selectable diffuser settings on the head allow for 2 different beam widths. Head swivels 90 degrees. It weighs 25 lbs., which provides stabilization, yet it is light enough to carry.

**Retail Price Each**

**45670** - with AC & DC charge cords and shoulder strap \$989.00

Replacement lamp: None

Replacement Battery: PS-1280 F1

Safety Ratings: not available at this time

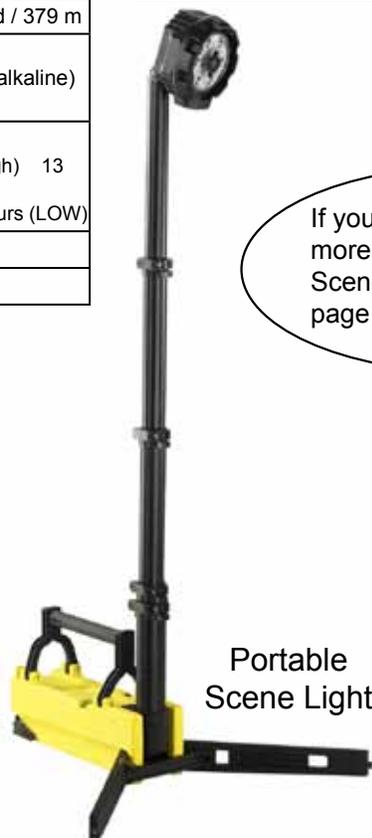

Light Output: 3,600 lumens / 31,000 cd

Run Time: 5 hours (high), 9 hours (medium), 18 hours (low); indefinite run time with 12 volt power cord

Safety Ratings: not available at time of print

Quantity per case: 1 Each

Minimum Order: 1 Each

When I was one year old I fell on a toy and almost tore my eyelid off. Thank God, I'm okay! Please take my advice and wear your safety glasses so this doesn't happen to you.

## Bullhead Safety™ Eyewear

Comfort, Protection and Performance for any environment

Icons below indicate if a feature is available on eyewear:

### Lens Technology

**P Polarized**  
Polarized lenses filter out bent light waves eliminating glare, eye fatigue and decreasing reflection off surfaces such as water, sand, and snow.

Polarized

Without Polarized

**VT Variable Tint**  
Photochromic lenses darken when exposed to ultraviolet (UV) light, when the UV light source is removed (for example by walking indoors), the lenses return to clear.

Indoors the lenses will turn clear.

Exposed to the outdoor (UV) light, the lenses will darken.

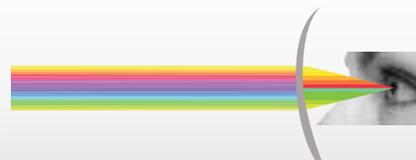

**PL Precision Lens**  
Bullhead Precision lenses manage Blue light ensuring the objects to appear sharper, clearer, and reduce eye strain.

Precision Lens

Without Precision Lens

**AF Anti-Fog**  
Bullhead applies a double dip coat of FSI brand hydrophilic Anti-Fog lens treatment to all Anti-Fog lenses. The anti-fog treatment greatly reduces fog in hot, humid and variable temperature environments.

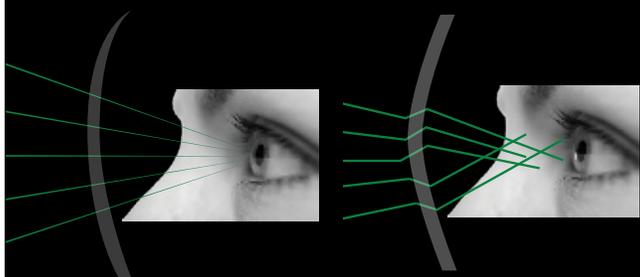

This glass was tested using a steam machine. The right lens was treated with an FSI double dip hydrophilic application. The left lens had no treatment and it fogged immediately.

### Lens Analysis

#### Tapered Lens:

Tapered lenses eliminate distortion by focusing light directly to the eye for full peripheral clarity. This helps reduce eye fatigue, depth perception issues and headaches.

Tapered Lens

Without Tapered Lens

#### Hard Coat:

Bullhead lenses are hard coat treated providing a scratch resistant surface.

Hard Coated

Not Hard Coated

#### High Impact:

Bullhead Safety Eyewear meets ANSI Z87.1 - 2010 high impact standards.

.25 Inch ball bearing fired at a velocity of 150 feet per second - 102 MPH at each lens three times.

#### UV Rated:

All Bullhead lenses (including clear) meet or exceed UV protection standards by filtering out 99.9% of dangerous UV light up to 400 nanometers.

Dangerous UV wavelengths of the light spectrum are eliminated, leaving only good visible light.

## ACCUSHARP<sup>®</sup> Knife and Tool SHARPENER

### ACCUSHARP Knife Sharpeners

## DEPLOYS QUICKLY. SHINES BRIGHTLY. The New Portable Scene Light

See Page 32 for pricing and part number.

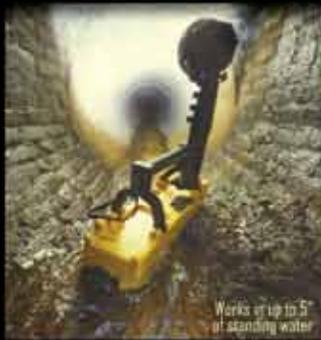

### ANYWHERE DAYLIGHT IS NEEDED,

Streamlight's new rechargeable Portable Scene Light delivers. Its light weight and compact size make it easy to carry into tight, confined spaces. It quickly deploys into a wide variety of configurations that shine the light precisely where you need it. It's stable on steps and other uneven surfaces. And best of all, it's powerful, delivering 3,600 lumens of intense light for five hours, 2,400 lumens for nine hours, or 1,100 lumens for 18 hours. All of which make it an indispensable tool for first responders, construction crews, and utility workers.

Compact and light:  
27" long, 25 lbs

"Spot" mode for specific task lighting; "Flood" mode for wide-open spaces

Works up to 5' of standing water

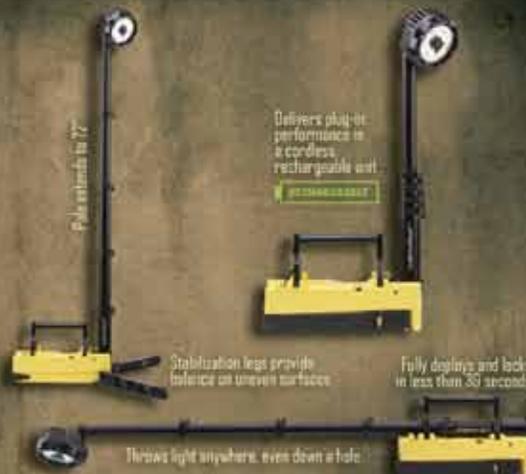

Fits on most first-response and utility vehicles

Carry it like a lantern to light your way to the scene

Swivel neck allows you to work in tight spaces

Pole extends to 72"

Delivers plug-in performance in a cordless rechargeable unit

Stabilization legs provide balance on uneven surfaces

Fully deploys and locks in less than 30 seconds

Throws light anywhere, even down a hole
