**Rugged.  
Dependable.  
Trusted.**

**Energizer® Industrial®  
6 LED Headlight  
HDL33AINE**

- 4 light modes:
  - Spot
  - Flood
  - Maximum output
  - Red for night vision
- Light pivots up to 90°
- Head strap includes hard hat grips and pencil holders
- Reflective safety strips in head strap
- Packed with 3 AAA Energizer® MAX® batteries
- Runtime 19 hours

**Energizer® Industrial®  
LED Project Light  
INL2AAE**

- Bright white LED
- Push button switch
- Ribbed grip and non-roll foot
- Built in hanger hook on tail and woven lanyard
- Waterproof
- Packed with 2 AA Energizer® MAX® batteries
- Runtime 13 hours

**Energizer® Industrial®  
LED Project Light  
INL2DE**

- Bright white LED
- Push button switch
- Ribbed grip and non-roll foot
- Built in hanger hook on tail and woven lanyard
- Waterproof
- Packed with 2 D Energizer® MAX® batteries
- Runtime 32 hours
- 35 lumens

ENDURANCE AND TOP PERFORMANCE

# Energizer® INDUSTRIAL®+

#### MSHD31BP:

The built-in safety elements of Energizer® Intrinsically Safe™ lights eliminate risk to workers in potentially hazardous situations.

#### TUFSW21PE:

Energizer Hard Case Professional 2AA Swivel light provides four light modes; high and low white beam, red for night vision and green for inspection work.

#### EN91

Contain the long lasting power found in Energizer® MAX alkaline batteries with a design enhanced for today's heavy current or continuous use applications.

#### L91/L92:

- Performs in extreme temperatures (-40°C to 60°C)
- 33% lighter than alkaline batteries
- Leak resistant construction

#### LA522:

- More\* Power for the devices you rely on
- Up to 2X longer\* shelf life
- 25% lighter than alkaline batteries

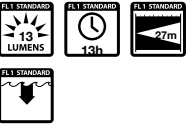

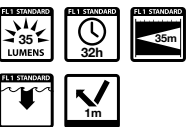

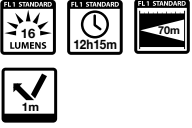

\*vs Energizer MAX

Where performance meets responsibility.

## ANSI ICONS Legend

### Light Output

The light projected from a flashlight will be expressed in units of lumens.

### Waterproof

Performs when submersed in water (1 meter for 30 minutes).

### Runtime

Duration the light will operate continuously until projected light is dim.

### Water-Resistant

Resists water splashed at all directions.

### Beam Distance

Distance the light projects onto a surface.

### Impact Resistance

After six drop tests, the flashlight must maintain all previously established measures.

# INNOVATIVE POWER SOLUTIONS

## ENERGIZER® ULTIMATE LITHIUM

World's Longest Lasting AA and AAA Batteries in High-Tech Devices

- » Lasts up to 9x longer<sup>†</sup> in digital cameras
- » Lasts up to 8 hours longer<sup>††</sup> in handheld GPS devices

## ENERGIZER® ADVANCED LITHIUM

Perfect for music and gaming

- » More<sup>‡</sup> Power for the devices you rely on
- » Lasts up to 20 hours longer<sup>‡‡</sup> in wireless gaming accessories
- » Lasts up to 4x longer<sup>\*\*\*</sup> in digital cameras

## ENERGIZER® RECHARGEABLE

Reuseable Power you can depend on

- » Energizer Rechargeable - the #1 selling rechargeable battery brand in the world
- » Can be charged 100's of times
- » Economical Power Solution for High-Tech Devices

## ENERGIZER® ADVANCED ALKALINE

For improved everyday performance in your low to mid-drain devices

- » Lasts longer<sup>†††</sup> in over 65% of everyday devices
- » Ideal in flashlights, small power tools, TV remotes and more

## ENERGIZER® MAX

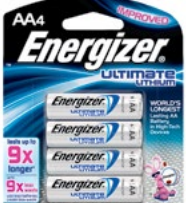

Energizer's latest generation everyday alkaline battery

- » Best Used In: CD players, flashlights, remote controls, toys, and smoke detectors
- » Shelf Life: up to 7 years

Where performance meets responsibility.
