

Accrediting Organization	Accreditation Commission for Health Care (ACHC)	American Academy of Dental Sleep Medicine	American Academy of Sleep Medicine	The Compliance Team Inc
				
Website	www.achc.org	www.aadsm.org	www.aasmnet.org	www.thecomplianceteam.org
First Sleep Medicine Accreditation Awarded in	2009	2011	1977	2007
Sleep Medicine Accreditation Categories	Sleep Lab/Center, Home Sleep Testing, DMEPOS	Dental Sleep Medicine Facility	Sleep Facility, HSAT (formerly OCST), Non-Medicare DME	Sleep Test Centers/Home Sleep Testing, Dental Sleep Medicine, CPAP/RADS/Nebulizers
Costs	Pricing is based on the specific services offered by the provider and includes 3-year accreditation cycle with no additional annual fees or expenses. The price for a single location providing sleep lab services is \$4,600. Please call ACHC to receive a price quote.	Application fee is \$2,500 for AADSM members and \$2,675 for non-members.	Sleep Facility New Accreditation and AASM member Facility Reaccreditation: \$4,500. Sleep Facility Non-member Reaccreditation: \$7,200. Stand-Alone HSAT Accreditation: \$4,500. Non-Medicare DME Accreditation: \$2,000. Discounts are available for facilities that accredit at least 5 facilities with the AASM.	Sleep Test Center, including Home Tests: \$4,200. Additional location: \$3,000. CPAP/RADS/Nebulizers: Additional \$900.
Start to Finish Typical Timeframe	The on-site survey is typically conducted 2 to 4 months after an organization completes the application process, depending on the complexity of the organization, number of locations, and services offered.	There are no limitations on the time allocated to complete AADSM Dental Sleep Medicine Facility Accreditation. While several factors can impact the duration, the accreditation process takes most applicants approximately 6 to 9 months.	Application timeframe can be affected by many factors, including the type of application, but a typical new application takes 4 to 6 months.	3 to 5 months
On-site Visit Required?	Yes	No (virtual visit via web-based conference system required)	Facility/HSAT: Yes; Non-Medicare DME: No	Yes
Number of Sleep Medicine Facilities Accredited to Date	Sleep: 191; DMEPOS: 9,275	Dental Sleep Medicine Facilities: 42	Sleep facilities: 2,552 (of those 1,660 are also accredited for HSAT); Stand-Alone HSAT: 6; Non-Medicare DMEs: 41	Sleep Test Centers: 18; Dental Sleep Medicine: 16; CPAP/RADS/Nebulizer DMEs: 57
Accreditation Valid for (years)	3	3	5	3
How to Renew	1. Submit application and deposit on cc.achc.org; 2. Submit accreditation agreement, payment, and PER checklist; 3. ACHC conducts the on-site survey; 4. ACHC sends the survey results and accreditation decision.	Facilities must submit a new application and supporting documentation at least 6 months prior to the facility's accreditation expiration date. The reapplication fee is \$1,500 for AADSM members and \$1,675 for non-members. Virtual facility visits are not routinely conducted for reaccreditation, but AADSM reserves the right to request one.	An online reaccreditation application must be completed every 5 years.	Score 90% or better during an On-site Validation Visit.
Additional Information	ACHC accreditation offers a collaborative approach designed to help providers increase business efficiencies while enhancing the quality of patient care. The cost-effective compliance solution allows providers to demonstrate a commitment to delivering the highest quality of patient care by complying with the most stringent national standards and industry best practices.	AADSM Dental Sleep Medicine Facility Accreditation solidifies dental sleep medicine professionals as instrumental to the sleep medicine team, assuring patients, sleep physicians, and reimbursement decision-makers of the facilities' dedication to high-quality care. AADSM Dental Sleep Medicine Facility Accreditation positions dental practices to strengthen relationships with sleep physicians, increase patient referrals, maximize office efficiency, and more easily make decisions on how to navigate medical insurance.	The AASM offers high-quality, sleep-specific accreditation. As a result of the continuous AASM Standards for Accreditation advancements, AASM Accreditation is highly regarded as the gold standard by which the medical community and the public evaluate sleep medicine facilities. The AASM recognizes your need for assistance through the entire accreditation process and provides distinct features and tools to guide your facility. AASM features and tools include: dedicated staff, reference manuals with sample policies and procedures, and many additional AASM products and services that will assist your facility with Accreditation Standards compliance.	Central to The Compliance Team's Exemplary Provider accreditation program for Sleep Care Management is a 360-degree review of a participant's everyday business operations covering patient-care procedures, employee training, sleep study protocols, equipment usage and maintenance, as well as universal best practices.

Accrediting Organization	The Joint Commission
	 <b>The Joint Commission</b>
Website	<a href="http://www.jointcommission.org/sleep">www.jointcommission.org/sleep</a>
First Sleep Medicine Accreditation Awarded in	1999
Sleep Medicine Accreditation Categories	Sleep Labs, Sleep Centers, Home Sleep Testing, Out-of-Center Sleep Testing
Costs	Typical cost for a single-site sleep center is approximately \$10,300 for a 3-year accreditation term.
Start to Finish Typical Timeframe	Organizations generally take 4 to 6 months to prepare for the on-site survey. The survey usually lasts 2 to 3 days.
On-site Visit Required?	Yes
Number of Sleep Medicine Facilities Accredited to Date	Sleep Centers: 110; Home Sleep Testing: 6
Accreditation Valid for (years)	3
How to Renew	Organizations need to resubmit their electronic application.
Additional Information	<p>The Joint Commission is the right choice for sleep services providers for three reasons. 1. Comprehensive review. Using nationally recognized standards, the on-site evaluation offers a thorough review of all sleep services and its impact on patient safety. The survey also engages various staff members and patients to accurately assess the organization's processes.</p> <p>2. Collaborative process. Joint Commission Ambulatory Care surveyors share best practices and experiences from other ambulatory care surveys to provide current, relevant tips for improving methods of care. 3. Customer service. Dedicated staff members and access to resources make Joint Commission customer service second-to-none.</p>
