# Hygiene

Made from safe and durable non-toxic plastic with an anti-scatter rim to reduce excess mess, our litter trays are easy to clean and sit on non-slip feet to reduce movement. Along with the standard size, a convenient corner shaped tray is available, as well as a hooded version which is designed to reduce odour as well as prevent excess mess. The Cat Litter Scoop has also been made from durable plastic and specially designed to make the task of clearing litter as easy and hygienic as possible.

It is essential to provide birds with an area where they feel warm, safe and secure. Cozzy Huts are snuggly nests which are easily hung from any bird cage, whilst the Bamboo Bird Nest is ideal for encouraging courtship, breeding and nesting behaviour in small birds. For high quality nesting and bedding material, choose from Natural Nesting Hair or Nesting Time. Both are rich in minerals and protein and ideal for use when birds are mating.

## Bird Sand/ Grit

Bird sand and grit help aid digestion and are packed with essential minerals to help keep birds healthy and hygienic. Crushed Oyster Shell is a natural source of calcium and helps prevent calcium deficiency and other common nutritional problems in pet birds, it is also recommended as a dietary supplement to obtain hard eggshells. Crushed Charcoal also provides an excellent aid to digestion, it can be mixed with bird seed daily or scattered in small amounts on the bottom of the cage three times a week.
