Surgeon Education In Hip and Knee Arthroplasty

About the C.A.S.E. Program

The DJO Global Institute C.A.S.E. Program offers surgeons the ability to enhance their surgical skills knowledge within a customized format through a better understanding of the surgeon's preferences. The DJO Global Institute identifies the reference center/ location that best compliments the surgeon's requests, providing for a personalized visitation experience.

- Didactic Sessions
- Surgical Observations
- Cadaveric BioSkills Lab
(not available at all reference centers)
- Advanced Surgical Approaches Demonstrations
- Clinic Observations
