

Owner's Manual & Safety Instruction

For the better use, please read the manual and safety tips before using.

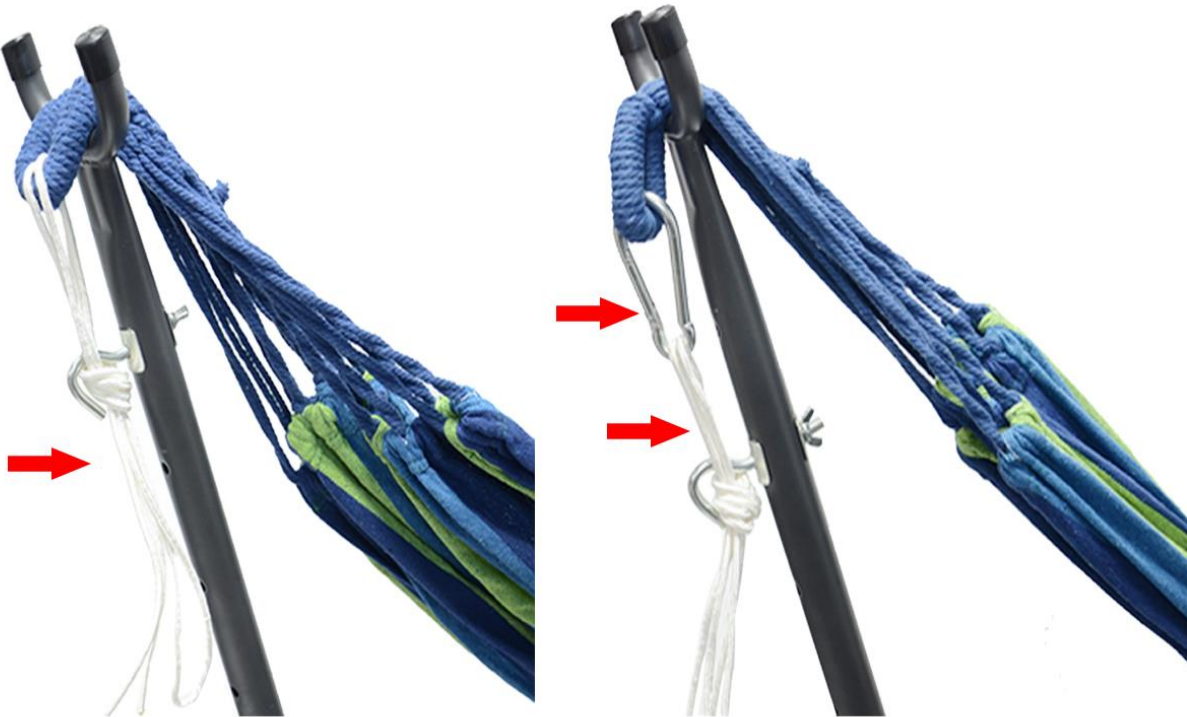

Thank you!

1, The usage of Stand.

It can position your hammock to the perfect height.

2, The usage of Rops and Hooks.

The flexible hammock will be a little tight used for the first time, and will become longer after several uses. The ropes and hooks help to get the perfect length.

3, The usage of Flat Belts and Hooks.

4, Safety Tips.

4.1: The hammock with No knot.

4.2: The hammock keep balance.

4.3: Please add a pad to increase protection for children.

4.4: Do not stand up.

4.5: Safety Height: 20 - 40cm.

4.6: keep body balance to prevent falls.
