

Online Filing of 2006 Business Privilege-EZ (BPT-EZ) and Net Profits (NPT) Tax Returns

Only the 2006 BPT-EZ and 2006 NPT can be filed online.

The 2006 Business Privilege Tax regular return *cannot* be filed online.

Prior year BPT-EZ and NPT returns *cannot* be filed online.

You will receive an e-mail containing a confirmation number that indicates your online return was successfully filed.

If you need to file a Net Profits Tax return after receiving the e-mail indicating that the 2006 BPT-EZ was successfully filed, please select “Net Profit” from the left margin choices.

Payment of tax due for returns filed online can be made with the pre-printed coupons mailed to you or by credit card. A convenience fee of 2.29% is added to credit card payments.

If you are paying by credit card, you will need to pay for each tax return separately.

You are not required to submit copies of federal tax returns for BPT-EZ and NPT returns filed online.
