When a prospect comes into your website, they will want to click Apply Here

Once on Apply Here page, they can toggle Price range, lease term, # of beds / baths. They can change their move in date; the units that are displayed as available will change depending on the move in date selected. If they received a quote in the office, they can enter that quote number and lease the unit online.

Once they click Apply for the website, a box will pop up telling them what is required in order to start their application and get Approved.

At this point, they can now begin to fill out their "Application". This will be their "Pre-Qualifying" information; what they need for screening to occur. Any box that is yellow is a required field. They will be required to create a username and password; this will be used if at any point they need to log out and finish later. This username / password is only good for the prospect portal – NOT their resident portal – that will be a different username / password. Password does have to be 8 characters in length.

The screenshot shows a web-based application interface. On the left, a sidebar displays unit details: LONGLEAF - 3 BED / 2 BATH, RENT \$1,529.00, DEPOSIT \$300.00, TERM 13 months, MOVE-IN 08/04/2017, UNIT 1101, SQUARE FEET 1,331, BEDROOMS 3, BATHROOMS 2, and MAX OCCUPANTS 6. A floor plan for "The Longleaf - 3 Bed 2 Bath - 1,331 sq ft - Pine Lake" is shown. The main content area has a "Select Unit" button, an "Apply" button (highlighted in blue), and a "Sign Docs" button. Below these are five numbered steps: 1 Applicants, 2 Personal Info, 3 Agreements, 4 Payment, and 5 Results. The "Residents" section shows a resident named "Pine Lake" with the email "dmurmylo@maxusprop.com" and an "EDIT" link. The "RESIDENT" form includes fields for First Name (Pine), Middle Name (highlighted in yellow), Last Name (Lake), and an unchecked checkbox for "I have no middle name". The "Email Address" field contains "dmurmylo@maxusprop.com". The "CREATE YOUR USERNAME AND PASSWORD" section has three fields: "Username", "Password", and "Confirm Password", with a "Save" button. At the bottom, there is a "How many residents will be living in the unit? (Please include anyone under the age of 18.)" field with a dropdown menu showing "Total Residents" and a "Save & Continue" button.

Once they create their username / password, they can Add Residents (Lease Signing Residents ONLY, not Minors). There are 2 ways you will see Residents being added.

### 1) EACH RESIDENT ENTERS THEIR OWN INFORMATION

The Primary Applicant (in this case, Pine Lake) will have to add the First, Middle, Last Name, Email Address and Resident type (co-head, roommate, spouse...). Once the Primary clicks Save, each resident that was added will receive an email stating that "Primary Applicant" has applied online at "Site Name". The email will contain a link that will take the resident(s) into online leasing, where they can create their portal. The link automatically ties the additional resident(s) to the Primary's account, so they will not have to select a unit number, lease term.

Each resident will have to enter their "Pre-Qualifying" information (Name, DOB, Social, DL#, Income). Once ALL residents have entered their "pre-qualifying" information, they will be required to pay their portion of the fees. Each resident will pay for their own Application Fee, but the Administration Fee and the Security Deposit (if applicable) will be split equally among the number of residents applying. THEN the system will screen all of the residents together.

### 2) THE PRIMARY APPLICANT ENTERS RESIDENTS INFORMATION FOR BOTH RESIDENTS

IF the Primary Applicant knows the resident(s) "Pre-Qualifying" information, he/she can enter it for the other resident(s) by checking the box that says "Check this box if you have authorization to enter their personal information...".

The resident(s) will still receive an email that contains a link to login and create their portal account, but since the Primary has already entered all of their information for screening, they will not need to; they will however have to log in to fill out their application and sign lease documents. If the Primary has checked this box, the Primary will be

responsible for the Application Fee for themselves and each Resident that they entered and the full amount of the Administration Fee and Security Deposit (if applicable).

Once the Primary has added all their residents (if any) they must tell the system the total number of residents that will reside in the unit (this DOES include any minors). Then they can Save & Continue.

They will then be informed that Renters Insurance is required. The applicant can choose YES – I'd like more information on eRenter Plan. If they select this option, they will get a free quote from eRenter, this does not sign them up for the eRenter Plan. Or they can select NO, I already have renter's insurance.
